# SONGS OF PROGRESS.

Being a Collection of Songs, Hymns, Anthems, &c., suitable for use at the Public and Private Meetings, Gatherings, and Seances of Spiritualists.

To be Issued in Twelve Monthly Parts,  
Price ONE SHILLING each.

THE Publishers beg to announce that the above will be handsomely printed on a thick quarto paper; special attention being devoted to its literary and musical features.

Subject to 500 copies being taken up, the first part will appear on Jan. 1, 1883, and the other parts on the first of each succeeding month. As this is the first venture of the kind attempted in this country, it is hoped Spiritualists generally will show their appreciation of such efforts by promising to take not only one but two or more copies.

That vocal and instrumental harmony are essential elements of success at the various gatherings held by Spiritualists, in private or in public, at circles or services, is so well known as to need little further argument beyond the iteration of the fact, to bring home to the minds of all concerned the value of a really serviceable compendium of pieces suitable to such gatherings, and having compositions attached to them that, while being high-class in character, shall yet not be of too difficult a nature for ordinary instrumentalists. Such a compendium is offered in the "Songs of Progress." Containing, as it will do, pieces eminently suitable for Sunday services, it will constitute a serviceable adjunct in the conduct of such meetings.

Under the influence of music—that "concord of sweet sounds," when adequately rendered—discord is dislodged, harmony instated, and thus is assisted the inspiration and work of those from whom we so frequently derive a large measure of the benefits received at the public services of Spiritualists. While within the precincts of the spirit-circle, the clear tones of some sweet singer, or the sonorous notes of the entire company in unison, giving utterance to words and melody, meet for the time and circumstance, is not only a means of producing harmony and quiet, but also acts as a spiritual inspiration, that in effect elevates and inspires all present. That such a collection as the "Songs of Progress" is timely, needs no statement in support; that it will prove most useful its publishers are confident.

WORKS BY JOHN S. FARMER.

Just Published, Printed on Superior Paper, Cloth, Bevelled Edges,  
PRICE THREE SHILLINGS.

## A New Basis of Belief in Immortality.

This book was specially mentioned by Canon B. Wilberforce at the Church Congress. He said:—"The exact position claimed at this moment by the warmest advocates of Spiritualism is set forth ably and eloquently in a work by Mr. J. S. Farmer, published by E. W. Allen, and called 'A New Basis of Belief,' which, without necessarily endorsing, I commend to the perusal of my brethren."

### OPINIONS OF THE PRESS.

"Mr. Farmer's calm and temperate style, free from exaggeration, and not without a certain clearness of statement and logical power of definition, is one suited to the handling of such a subject as the religious side of Spiritualism. . . . It is highly desirable . . . to present to the world a higher view of the aims of Spiritualism than they can gain from the columns of the *Daily Telegraph*, or even from the superfine cynicism of the *Saturday Review*. This Mr. Farmer has done with considerable success. His volume contains, moreover, a clearly written account of the rise of the movement, and a very complete reply to some of the stock objections which are perpetually recurrent. The volume deserves all praise for its methodical arrangement, as well as for the excellence of its typography. The type is clear and good, and the whole book very pleasant both to hand and eye."—*Psychological Review*.

"It contains a good deal of vigorous writing against Materialism."—*The Inquirer*.

"A very useful feature in Mr. Farmer's book is a statement of stock objections to Spiritualism, with answers thereto. He has done excellent service in collecting together what can be urged *pro* and *con*."—*Spiritual Notes*.

Mr. S. C. HALL, F.S.A., and Editor of the *Art Journal*, says:—"Your book is both useful and interesting; a very serviceable addition to the literature of Spiritualism."

"One of the calmest and weightiest arguments, from the Spiritualist's side, ever issued. We cannot, however, say that the author has convinced us. Those desirous of knowing what can be said on this present-day question, by one of its ablest advocates, cannot do better than procure this volume."—*Christian World*.

"This is an exceedingly thoughtful book; temperate, earnest, and bright with vivid and intelligent love of truth. Mr. Farmer is no fanatic, if we may judge of him by his book, but a brave seeker after the truth. Incidentally, he conveys a vast amount of information concerning what are called the phenomena of Spiritualism,—what these phenomena are, under what conditions they are obtained, and to what they lead; but his main purpose is to show how Spiritualism explains the Bible, supplies the key to not a little that is mysterious in "historical Christianity," and furnishes, as he says, "a new basis of belief." We commend his book to the attention of all who are prepared to give serious attention to a very serious subject."—*Truthseeker*.

"Mr. Farmer writes clearly and forcibly."—*Literary World*.

"The book is well suited for the instruction of those who know little or nothing of Spiritualism, or who have thought of it only as the foolish pastime of an over-credulous people, who seek in dancing tables evidences of immortality. It is especially adapted to church members and all who may have theological prejudices against a consideration of the subject. Well printed, large type, substantially bound, it is a credit to the cause it advocates, and will be found to be a great help to all who would make its facts and philosophy known."—*Banner of Light*.

"A serviceable armoury for the young Spiritualist."—*Light*.

"Hafed" is a book that will excite severe criticism and receive great praise. It furnishes intensely interesting reading, and at the same time requires patient and cultured study for its complete understanding. The sceptic will find it a weird and strange story; the Spiritualist will be charmed with its facts and philosophy.—HUDSON TURTLE in *Religio-Philosophical Journal*.

We know something of the subjects treated of in this volume, and we know personally David Duguid; and of this fact we are certain, that, unaided by any power outside his own mind, he could no more have answered the questions put to him in the form in which they are answered in this volume than he could have written Bacon's *Organon*, Newton's *Principia*, or Shakespeare's Plays. . . . Every Spiritualist who can afford it ought certainly to purchase a copy.—*Spiritual Magazine*.

## Higher Aspects of Spiritualism:

A Statement of the Moral and Religious Teachings of Spiritualism ;  
and a Comparison of the Present Epoch with its Spiritual Inter-  
ventions with the Age immediately preceding the Birth of  
Christ. Price 2s. 6d.

"It is quite impossible to over-estimate the good that is done to Spiritualism by such books as this. It represents the most advanced stage of thought, and from the first page to the last it is made evident that a most cultured mind is addressing readers who are like-minded. This is especially evident in the portions of the work which deal with the religious and scientific aspects of the subject."—*Spiritual Notes*, London.

"The work bears throughout those indications of careful investigation, a cordial admission of newly discovered truths, and an appeal to the loftiest sentiments of humanity, that have characterised the previous writings of its distinguished author."—*Banner of Light*, Boston, United States of America.

"A valuable little work from the pen of the well-known and highly-esteemed writer whose many contributions in defence of Spiritualism have been put forth under the *nom de plume* of "M.A. (Oxon.)" It contains much interesting matter that every Spiritualist ought to be in possession of . . . full of interest to thoughtful Spiritualists; evidently the result of much liberal reflection, as well as of a clear intuitive judgment."—*R. P. Journal*, Chicago, U.S.A.

"The *Chicago Times* of June 19, 1880, which highly commends the tone and style of the book in a long review of nearly two closely-printed columns, says:—"The author does not weary the reader with spiritual communications conveyed to himself alone; he writes with exceptional clearness, candour, and cogency; he is a master of strong and graphic English; his logic is unassailable, and his spirit extremely suave, manly, and straightforward. He is a high authority among Spiritualists."

Crown 8vo., Paper Covers, PRICE ONE SHILLING, Postage  
Three Half-Pence.

*Christ and Buddha Contrasted.* The new Leek Bijou reprint (Buddhistic Spiritualism). By an Oriental who visited Europe. 150 pages; Price 8d., post free, 4d.

"It will do an immense deal of good. I am no Buddhist, but some of their philosophy is very fine. Any way it is of great service to have Buddhism and Christianity compared in this popular and intelligible way. Some of the Author's pithy definitions of the Christian belief are unsurpassed and terribly true."—*A Spiritualist.*

*Mechanism of Man: Life, Mind, Soul.* A popular introduction to Mental Physiology and Psychology. By the late Serjeant Cox, S.L., Pres. Psychological Society of Great Britain. Vols. I. and II.

— *Between the Lights.* By Lisette Earle. Price 3s. 6d. This is a charming book which every Spiritualist should read. We have a strong suspicion that it is not altogether the *conscious* work of the lady whose name it bears, but that it has been given "inspirationally" by a Spirit of high and noble character. The stories have nothing in common with the ordinary novels of the day, but are full of sweet and elevating thoughts, at the same time that they abound in incidents which sustain the reader's interest to the end.

*The Arcana of Spiritualism.* A Manual of Spiritual Science and Philosophy. By Hudson Tuttle. 450 pp., handsome cloth. 5s.

"In taking leave of the author, I desire to express my conviction that his book is one which all Spiritualists may read with advantage, and from which even the most advanced may learn much. It would be an excellent text-book for societies to read at meetings gathered for mutual instruction. I have always regretted that such meetings are not more widely held, that there is not an attempt to study the philosophy of the subject, more mutual counsel and interchange of thought among us. A suggestive work of this kind read aloud, and criticised by those who are capable of so doing, or commented on by those who can confirm and elucidate its statements from personal experience, would be extremely useful."—*Opinion of "M. "'Spiritualism,' as Mr. F. F. Cook points out in his very able paper, 'is Revolution, not simply Reform.' There is very little conservative about it; little that is orderly, any more than there was in the Great Revolution that left us Christianity. It is an upheaval, and is attended with all the apparent disorder and chaotic confusion of an earthquake."—"M. A. (Oxon.)" in *"Higher Aspects of Spiritualism."*
