

EVENINGS WITH THE SKEPTICS :

OR, FREE DISCUSSIONS ON FREE THINKERS.

By JOHN OWEN, DD.

I. Pre-Christian Skepticism.

II. Christian Skepticism.

2 large vols. demy 8vo, nearly 500 pages each, cloth. \$9.00.

HEADINGS OF CHAPTERS.

VOL. I. *Introduction; General Causes of Skepticism; Greek Skepticism; The Eleatic School; Parmenides; Empedocles; Anaxagoras; The Sophists; Sokrates and the Sokratic School; Post-Sokratic Skepticism; Hebrew and Hindu Skepticism.*

VOL. II. *Twofold Truth; The Skepticism of St. Augustine; Semi-Skepticism of the Schoolmen; Erigena; Abelard; Aquinas; William of Ockam; Raymond of Sabiende; Cornelius Agrippa.*

"The primary intent of the author of this work was to fill, however imperfectly, what he considered a gap in the history of philosophy. Since the publication of Staudlin's well-known monograph on the subject (Leipzig, 1794), no work has appeared in modern literature having for its object a complete and impartial history of Skepticism. Attempts have been made both in Germany and France to supply what has generally been recognized as a want, but they have either been partial, as in the case of Dr. Tafel's work, or abortive, as in the projected works of M. M. Bartholomew and Emile Saisset."

From the Christian Union.

"This remarkable work has been in preparation for several years, and is evidently the fruit of unusually wide research, and of the mature and patient thought of a mind naturally fitted for abstruse speculation, equipped with generous learning, and resolute in the application of co-ordinating principles over an immense historic scope. We can strongly commend it as, in the fields of Greek and Hindu speculation, a conspectus helpful to the pupil in philosophy, and worthy of the attention of the advanced investigator. It is full of suggestiveness and rich in subtle thought,—revealing occult lines connecting distant thinkers and seemingly antagonistic systems; indicating great drifts and tendencies of nations and periods; illustrating with many curious items the historic attitude of men whose names are the world's heritage."

From the Literary World.

"For breadth and depth of view, for freshness and strength of thought, for animation of style, and for the right kind of 'popularization,' these volumes have no equals in the English language. No student of philosophy and no one desirous, as so many are in these days, to know what philosophy has to say about the great problems of life, will do well to pass them by."

From the N. Y. Times.

"There is a prodigious amount of sound learning here brought into an orderly and serviceable shape, and we can well believe that such a worthy result can only have been attained after many years of the most patient study and research. Mr. John Owen has his reward in having produced a work, which, if peculiar in some respects, stands yet alone in its special branch."

J. W. BOUTON, Publisher,

706 BROADWAY, N. Y.

Origin, Progress, and Destiny of the English Language and Literature.

By JOHN A. WEISSE, M.D.

1 vol., 8vo, 700 pages, cloth, \$5.00.

The object of this work, to which the author has devoted his time and labor for thirty years, is: 1. To lay before the English-speaking populations, in both hemispheres, the real origin and progress of their language. 2. To make the coming generation realize the superiority of their idiom over others, as to the refinement and vigor of its vocabulary, clearness of diction, simplicity in grammar, and directness in construction. 3. To show the inconsistency of so-called English orthography. 4. To suggest a method to write and print English as it is pronounced, and remove the few remaining irregularities from its grammar. 5. Last, To stimulate the English-speaking millions all over the globe, so to simplify the uttering, writing, and printing of their language as to make it a desideratum for universal adoption.

"The author has analyzed the philosophy of language by a new method, so thorough, that the deepest scholar cannot cut a flaw in it; so clear that a school-boy of fifteen can comprehend it."—*Philadelphia Press*.

"We have before us a volume of value, and of real interest to every scholar. Its title describes it well, but an examination is needful to show with what patience, industry and skill the author has spent his strength and time, &c."—*N. Y. Observer*.

"A work of unique and curious interest."—*Boston Journal*.

"We heartily commend the work to the Educational authorities of America, who will find it a useful work of reference, and a text-book of great value for their higher classes."—*N. Y. Herald*.

"A book of more interest than this to the teacher, the philologist and the general student, has not been published in a long time. The great harmony and interesting facts of this book make it a rare historic contribution to philology."—*Cincinnati Commercial*.

"Dr. Weisse's survey of the growth of our language and literature from 1600 to 1878, is a comprehensive and masterly one, and his analysis of the former at different periods is very interesting and valuable."—*Melbourne Argus*.

"Dr. Weisse has made a valuable contribution to English literature, as well as to philology, and has written a book which will interest not only scholars, but all cultivated persons. * * * * We have passed the limits of an ordinary review and have been unable to mention some of the most interesting things in this curious book."—*Chicago Tribune*.

"In conclusion we must express our sympathy with Dr. Weisse, whose learned industry deserves for many reasons a very high commendation. He has treated his subject in an ample and comprehensive manner."—*National Quarterly Review*.

"Dr. John A. Weisse, the eminent German-American Philologist, gives to the world a book that bears witness at once to his German erudition and to his practical American experience. A certain vivacity sparkles in the interesting chapters of literary history, with which he relieves his comparatively dry philological statistics."—*Evening Express*.

"A work which will certainly command attention, has lately been published by Bouton, under the title Origin, Progress and Destiny of the English Language and Literature, by John A. Weisse, M.D. The scope of the author's undertaking is almost encyclopædic, etc., etc."—*N. Y. Sun*.

"The investigations comprise a most comprehensive and exhaustive chronicle of the gradual evolution of our language from the early tongues of western Europe by the process of assimilation and accretion."—*N. Y. Daily Graphic*.

"The work is one of great interest. Its conclusions are extremely interesting, and the processes by which they are reached are very suggestive," etc.—*Evening Post*.

THIRD EDITION.

*Ancient Pagan and Modern Christian
Symbolism.*

By THOMAS INMAN, M.D., author of "Ancient Faiths Embodied in Ancient Names," etc. Revised and enlarged, with an Essay on Baal Worship, on "The Assyrian Sacred Grove," and other allied symbols. By JOHN NEWTON, M.R.C.S.E., etc. Third Edition, with two hundred Illustrations. 1 vol. 8vo, cloth, \$3.00.

This book contains in a nutshell the essence of Dr. Inman's other publications, and for the reader of limited means is just what he requires. The subject of symbolism is as deep as human thought and as broad in its scope as humanity itself. The erudite thinker finds it not only worthy of his best energies, but capable of taxing them to the utmost. Many pens have been employed upon it, and it has never grown old. Dr. Inman's views are somewhat peculiar; he has concentrated his attention to the ideas which he believes to underlie the symbolism of the most ancient periods, and can be traced through the anatomy of the Christian Church. He finds the relation which exists, and the antiquarian likewise, between Asshur and Jehovah, the Baal of Syria and the God whom Christians worship; and the mysteries of the Sacred Grove, of which the Old Testament says so much, are unfolded and made sensible to the common intellect. Scholars will welcome this volume, and the religious reader will peruse its pages with the profoundest interest. The symbols which characterize worship constitute a study which will never lose its interest, so long as learning and art have admirers.

*The Jesus of History and the Jesus of
Tradition identified.*

By GEORGE SOLOMON. 1 vol. 8vo, cloth. \$2.00.

The present age is remarkable for the rise and development of an extraordinary interest in the history of Jesus of Nazareth. The enthusiasm with which the subject is investigated has infected the scientific mind universally, and the questions raised have agitated the thoughts and disturbed the dreams of people of nearly every rank and class in the Christian world.

Hitherto, the traditional accounts have only been explicated in a speculative interest. In these pages the first attempt is made to introduce the Christian world to Jesus, as known to history before his figure was distorted by popular belief. It is in no spirit of arrogance this task is undertaken, but rather of unfeigned surprise that the proof the author has to offer, though within the reach of every one, is only now for the first time submitted to the light. That proof he commends to the candid consideration of the reader, concerned only that the novelty of his premises may not prejudice their reliability, and that his arguments may secure an impartial verdict from an intelligent public.

NEW EDITION.

Vaughan's Hours with the Mystics.

A contribution to the History of Religious Opinion.
New Edition, revised and augmented. 2 thick vols. post
8vo, new cloth, uncut. \$7.50.

. An entirely new edition of this valuable work, which has long been out of print, and very scarce.

CONTENTS: Introduction; Classification of Mystics; Christian Mysticism, &c.; The Bagvat-Gita; Mysticism of the Neo-Platonists, Philo, Plotinus, Porphyry, Proclus; Mysticism of the Greek Church; St. Anthony, &c.; Mysticism of the Latin Church; Clairaux, Bernard, St. Victor, &c.; German Mysticism of the 14th Century; Arnstein, Eckart, Henry of Nordlingen, Tauler, Nicholas of Basle, Heinrich Suso; Persian Mysticism in the Middle Ages; Theosophy and the Age of the Reformation; Spanish Mystics; Quietism; Mysticism in England; Emanuel Swedenborg, &c., &c.

Bible of Humanity;

By JULES MICHELET, author of "The History of France," "Priests, Women, and Families," "L'Amour," etc. Translated from the French by V. CALFA. 1 vol. 8vo, cloth, \$3.00.

"His *Bible of Humanity* is a large epic in prose. The artist-historian, in the manner of inspired men and prophets, sings the evolution of mankind. There is no doubt that he throws brilliant glimpses of light on the long course of events and works which he unfolds: but at the same time he carries away the reader with such rapid flight of imagination as almost to make him giddy."—*Larousse's Universal Dictionary*.

A SUPPLEMENTARY VOLUME TO ANCIENT FAITHS.

Ancient Faiths and Modern.

A Dissertation upon Worships, Legends, and Divinities in Central and Western Asia, Europe, and Elsewhere, before the Christian Era. Showing their Relations to Religious Customs as they now exist. By THOMAS INMAN, M. D., author of "Ancient Faiths Embodied in Ancient Names," etc., etc. 1 vol. 8vo, cloth, \$5.00.

This work is most aptly expressed by the title, and the author, who is one of our most learned and accomplished modern writers, has done ample justice to his subject. He pries boldly into Bluebeard's closet, little recking whether he shall find a ghost, skeleton, or a living being; and he tells us very bluntly and explicitly what he has witnessed. Several years since he gave to the learned world his treatise on *Ancient Faiths Embodied in Ancient Names*, in which were disclosed the ideas underlying the old world religions, and the nature of hieroglyphical symbols employed in the East. The present volume complements that work, elaborates more perfectly the ideas there set forth, and traces their relations to the faiths, worship, and religious dogmas of modern time. We are astonished to find resemblances where it would be supposed that none would exist, betraying either a similar origin or analogous modes of thinking and reasoning among nations and peoples widely apart in race, country and period of history. The author is bold and often strong in his expressions, from the intensity of his convictions, but this serves to deepen the interest in his subject. Those who have read his former works with advantage will greet this volume with a cordial welcome; and all who desire to understand the original religions of mankind, the ideas which lie back of the revelations of Holy Scripture, and particularly, those who are not easily shocked when they come in contact with sentiments with which they have not been familiar, will find this book full of entertainment as well as of instruction. Dr. Inman is working up a new mine of thought, and the lover of knowledge will give his labor a welcome which few of our modern authors receive.

The Royal Masonic Cyclopædia

Of History, Rites, Symbolism, and Biography. By KENNETH R. H. MACKENZIE. 1 vol. demy 8vo, cloth (pp. 768). \$7.00.

The most complete and valuable work of reference that has ever been presented to the Craft.

"The task of the Editor has been admirably performed, and there can be no question the work will be a valuable addition to every Masonic library."—*Freemason's Chronicle*.

"The Editor has lavished much reading and labor on his subject."—*Sunday Times*.

"A deeply-learned work for the benefit of Freemasons."—*Publishers' Circular*.

"Your new work is excellent."—Bro. W. R. WOODMAN, M. D., G. S. B.
"Evidences a considerable amount of hard work, alike in research and study, and we can honestly and sincerely say we wish fraternally all success to the Royal Masonic Cyclopædia."—*Freemason*.

Life, Work, and Opinions of Heinrich Heine,

By WILLIAM STIGAND. With Portrait. 2 large vols. demy 8vo, cloth. \$3.75.

Regarding Heine as a wit and humorist alone, his sayings and opinions have a charm unrivalled in the history of literature. We believe it was M. Thiers who said that he was the wittiest Frenchman since Voltaire, and, in his power of the application of wit, and in his readiness with it, he certainly was as universal as that extraordinary spirit; while, as respecting his humor, he could be in turn as tender as Sterne, and as savage and grave as Swift. He was capable, too, of freezing his humor and his poetry together in a manner of which no other writer was capable in the same degree, with the exception of Aristophanes, for which reason, probably, as well as for the political use which he made of his satirical powers, occasion was taken to call him the German Aristophanes. No one certainly ever passed so gracefully, and with such childlike waywardness, as he, from smiles to tears, culling the while as he went the choicest flowers in the domain of beauty.

The Obelisk and Freemasonry,

ACCORDING TO THE DISCOVERIES OF BELZONI AND COMMANDER GORRINGE. ALSO, A COMPARISON BETWEEN EGYPTIAN SYMBOLS AND THOSE DISCOVERED IN AMERICAN MOUNDS. BY JOHN A. WEISSE, M.D. With colored and plain illustrations, the Hieroglyphs of the American and English Obelisks, and Translations in English by DR. S. BIRCH. 1 vol 8vo, handsomely printed on thick paper, cloth, extra. \$2.00. A cheaper edition in paper cover. \$1.00.

This volume will be found to contain, in a condensed form, a great amount of original and hitherto unknown information concerning not only the obelisk which has just reached our shores, but also regarding all the other twenty-nine obelisks now in existence.

It gives a complete history of their origin, mode of execution and engineering, when, where, and by whom erected, and the reasons therefor.

NEW AND GREATLY ENLARGED EDITION.

The Rosicrucians.

Their Rites and Mysteries, with Chapters on the Ancient Fire and Serpent Worshippers, and Explanations of the Mystic Symbols represented in the Monuments and Talismans of the Primæval Philosophers. By HARGRAVE JENNINGS. Second Edition, revised, corrected and enlarged. Illustrated with upwards of 300 Engravings. 1 vol. Post 8vo, cloth, extra. \$2.50.

. "Will be useful to persons interested in the study of symbolism and comparative religion, to numismatists, and, in a less degree, to students of ancient architecture. Mr. Jennings has devoted twenty-eight years to study of the Rosicrucians, and in deprecating acceptance of the ordinary published accounts of the fraternity, either in English or the foreign languages, which he has found to be ignorant and prejudiced, and generally drawn from a single source, he has the authority doubtless of an expert. His own work is chiefly a history of the alchemists, with a sympathetic and enthusiastic exposition of the Latin writings of the great English Rosicrucian, Robert Flood, who died in 1697, and is incidentally explanatory of Pagan and Christian symbols. The chapters on fire and serpent worship are admirable and elevated, and the defence of the Rosicrucian assumption of power to produce gold and prolong life is curiously ingenious in its air of strictly scientific reasoning."—*Nature*.

NEW EDITION OF HIGGINS' GREAT WORK.

The Anacalypsis ;

An attempt to draw aside the Veil of the Saitic Isis; or, an Inquiry into the Origin of Languages, Nations, and Religions. By GONFREY HIGGINS, Esq. Vol. I., 8vo, cloth, \$4.50. To be completed in four volumes.

The extreme rarity, and consequent high price of the "Anacalypsis" has hitherto placed it beyond the reach of many scholars and students. The new edition is issued in a much more convenient form, and sold at less than one-sixth of the price of the original.

The powerful though rather dogmatic logic, and the profound learning of the author, give the work a singular importance; and in a thinking age, when many things formerly considered truths are passing away into the shadows of tradition, the student of comparative mythology and the origin of religion and languages will look upon Higgins' Anacalypsis as his guide and luminary through the darkness of dawning science.

Ancient Art and Mythology.

The Symbolical Language of Ancient Art and Mythology. An Inquiry. By RICHARD PAYNE KNIGHT, author of "Worship of Priapus." A new edition, with Introduction, Notes translated into English; and a new and complete Index. By ALEXANDER WILDER, M.D. 1 vol. 8vo, cloth, handsomely printed. \$3.00.

"Not only do these explanations afford a key to the religion and mythology of the ancients, but they also enable a more thorough understanding of the canons and principles of art. It is well known that the latter were closely allied to the other; so that the symbolism of which the religious emblems and furniture consisted likewise constituted the essentials of architectural style and decoration, textile embellishments, as well as the arts of sculpture, painting and engraving. Mr. Knight has treated the subject with rare erudition and ingenuity, and with such success that the labor of those who come after him rather add to the results of his investigations than replace them in important particulars. The labors of Champollion, Bunsen, Layard, Bonomi, the Rawlinsons, and others, comprise his deductions so remarkably as to dissipate whatever of his assertions that appeared fanciful. Not only are the writings of Greek and Roman authors now more easy to comprehend, but additional light has been afforded to a correct understanding of the canon of the Holy Scripture."—*Extract from Editor's Preface.*

The Eleusinian and Bacchic Mysteries.

A Dissertation, by THOMAS TAYLOR, Translator of "Plato," "Plotinus," "Porphyry," "Iamblichus," "Proclus," "Aristotle," etc., etc. Third edition. Edited with Introduction, Notes, Emendations, and Glossary, by ALEXANDER WILDER, M.D. 1 vol. 8vo, cloth, \$3.00.

In the Mysteries, the dramas acted at Eleusis and other sacred places, were embodied the deeper thoughts and religious sentiment of the archaic world. The men and women initiated into them were believed to be thenceforth under special care of God, for this life and the future. So holy and interior were the doctrines considered which had been learned in the Sanctuary from the two tablets of stone, that it was not lawful to utter them to another. What was seen and learned elsewhere might be admirable; but the exercises of Eleusis and Olympia had in them the something divine, and those who observed them were "the children of God," and imaging Him in wisdom, intuitive discernment, and love.

The reader desirous of getting the kernel of the doctrines of Plato, Orpheus, Enmolpas, and their fellow-laborers, as well as of the Alexandrian Eclectics, will obtain invaluable aid from this treatise.

Serpent and Siva Worship,

And Mythology in Central America, Africa, and Asia; and The Origin of Serpent Worship. Two Treatises. By HYDE CLARKE and C. STANILAND WAKE, M.A.I. Edited by Alexander Wilder, M.D. 8vo, paper cover, 50 cents.

"Serpent lore is the literature of the earliest times, and every discovery in ethnical science is adding to our knowledge of this feature of the race. These two eminent anthropologists suggest some very interesting speculations, which seem confirmed by modern research, and will be examined with avidity by scholars."

The Story of the Stick

In all Ages and all Lands. A Philosophical History and Lively Chronicle of the Stick as the Friend and Foe of Man. Its Uses and Abuses. As Sceptre and as Crook. As the Warrior's Weapon, and the Wizard's Wand. As Stay, as Stimulus, and as Scourge. Translated and adapted from the French of ANTONY RÉAL (Fernand Michel). 1 vol., 12mo, extra cloth, red edges. \$1.50.

"Wrought for a Staff, wrought for a Rod."

SWINBURNE.—*Atalanta in Calydon.*

The Philosophy of Existence.

The Reality and Romance of Histories. In Four Books. I. History of Deities, or Theism and Mythism. II. History of Heaven, or the Celestial Regions. III. History of Demons, or Demonism. IV. History of Hades, or the Infernal Regions. Including a History of Angels and Purgatory. By E. O. KELLEY, M.D. 1 vol., 8vo. \$5.00.

The work, as a whole, is particularly adapted to the general reader, not only because of the special interest that the subject has, but from the variety of its characters and incidents, its visions and revelations, its narratives and its marvels. The sentimental charm of the most admired poets, the highly-wrought romance of the novelist, find at least their counterpart here. The objects embraced have inspired the greatest of ancient poets—Homer and Virgil; and Milton and Dante have not been less devoted to the themes of the histories.

Scientific and Religious Mysteries of Antiquity:

The Gnosis and Secret School of the Middle Ages, Modern Rosicrucianism, and Free and Accepted Masonry. By John Yarker. 12mo, new cloth. \$2.00.

* * * "The sublime depths of the mysteries of antiquity have been sounded but by few minds in the lapse of ages, and those who have leisure to follow upon their tracks will meet with an ample reward."

Legge's Chinese Classics.

Translated into English, with Preliminary Essays and Explanatory Notes. Vol. I., THE LIFE AND TEACHINGS OF CONFUCIUS. Vol. II., THE LIFE AND WORKS OF MENCIUS. Vol. III., THE SHE KING; OR, THE BOOK OF POETRY. Together 3 vols. 8vo, cloth. \$10.00.

OFFERED AT A GREAT REDUCTION IN PRICE.

An Analysis of Religious Belief.

By VISCOUNT AMBERLEY. "Ye shall know the truth, and the truth shall make you free." 2 large, handsomely printed vols. demy 8vo, new cloth, uncut. \$8.00 (usual price \$15.00).

"Let them (the readers) remember that while he assails much which they reckon unassailable, he does so in what to him is the cause of goodness, nobleness, love, truth, and of the mental progress of mankind."—*Extract from Lady Russell's Preface.*

"He has bequeathed to the world a collection of interesting facts for others to make use of. It is a museum of antiquities, relics, and curiosities. All of the religions of the world are here jostling one another in picturesque confusion, like the figures in a masquerade."—*Times.*

"This work has more than one claim on the reader's attention. Its intrinsic interest is considerable."—*Spectator.*

"No one will fall during its perusal to be deeply interested, and, what is more, powerfully stimulated to independent thought."—*Examiner.*

Herculanum et Pompei,

RECUEIL GÉNÉRAL des PEINTURES, BRONZES, MOSAIQUES, &c., DÉCOUVERTS JUSQU'À CE JOUR et reproduits d'après tous les ouvrages publiés jusqu'à présent avec un texte explicatif de M. BARRÉ, with upwards of 700 fine engravings in outline. 8 vols. Impl. 8vo, French boards, uncut. \$40.00.

. This is the MOST COMPLETE WORK on the discoveries at Herculanum and Pompeii, exhibiting all the Paintings, Bronzes, Miniatures, &c., hitherto published in rare or expensive works, with the addition of many others which have not previously appeared. Vol. VIII. consists of the MUSÉE SORBET, and is inclosed in a case.

The Epicurean;

A Tale, and ALCIPHON; a Poem. By THOMAS MOORE. With vignette illustrations on steel, by J. M. W. TURNER, R. A. 1 vol. 12mo. Handsomely printed on toned paper. Cloth, extra, gilt top, \$2.00. Tree calf, extra, gilt edges. \$4.50.

"Our sense of the beauties of this tale may be appreciated by the acknowledgment that for insight into human nature, for poetical thought, for grace, refinement, intellect, pathos, and sublimity, we prize the Epicurean even above any other of the author's works. Indeed, although written in prose, this is a masterly poem, and will forever rank as one of the most exquisite productions in English literature."—*Literary Gazette.*

Wheeler's India.

History of India. By J. TALBOYS WHEELER, Assistant Secretary to the Government of India, in the Foreign Department, Secretary of the Record Commission, Author of the "Geography of Herodotus."

Hindu, Buddhist, Brahmanical Revival. 8vo, cloth, pp. 484. with two maps, cloth, \$5.00.

Under Mussulman Rule. 8vo. \$4.50.

Payne Knight's Worship of Priapus.

A Discourse on the Worship of Priapus, and its connection with the Mystic Theology of the Ancients. By RICHARD PAYNE KNIGHT, Esq. A new edition. To which is added an essay on the worship of the generative powers during the middle Ages of Western Europe. Illustrated with 188 engravings (many of which are full-page), from Ancient Gems, Coins, Medals, Bronzes, Sculpture, Egyptian Figures, Ornaments, Monuments, etc. Printed on heavy toned paper, at the Chiswick Press, 1 vol. 4to, half Roxburghe morocco, gilt top. \$35.00.

"R. P. Knight, the writer of the first 'Essay,' was a Fellow of the Royal Society, a member of the British Parliament, and one of the most learned antiquaries of his time. His museum of Phallic objects is now most carefully preserved in the London British Museum. The second 'Essay,' bringing our knowledge of the worship of Priapus down to the present time, so as to include the more recent discoveries throwing any light upon the matter, is said to be by one of the most distinguished English antiquaries—the author of numerous works which are held in high esteem. He was assisted, it is understood, by two prominent Fellows of the Royal Society, one of whom has recently presented a wonderful collection of Phallic objects to the British Museum authorities."

Dr. Inman's Ancient Faiths

Embodied in Ancient Names; or, an Attempt to trace the Religious Belief, Sacred Rites, and Holy Emblems of certain Nations, by an Interpretation of the Names given to Children by Priestly Authority, or assumed by Prophets, Kings, and Hierarchs. By THOMAS INMAN, M.D. Profusely illustrated with Engravings on Wood. 2 vols., 8vo, cloth. \$20.00.

"Dr. Inman's present attempt to trace the religious belief, sacred rites, and holy emblems of certain nations, has opened up to him many hitherto unexplored fields of research, or, at least, fields that have not been over-cultivated, and the result is a most curious and miscellaneous harvest of facts. The ideas on phallicism developed in a former volume receive further extension in this. Dr. Inman, as will be seen, does not fear to touch subjects usually considered sacred in an independent manner, and some of the results at which he has arrived are such as will undoubtedly startle, if not shock, the orthodox. But this is what the author expects, and for this he has thoroughly prepared himself. In illustration of his peculiar views he has ransacked a vast variety of historical storehouses, and with great trouble and at a considerable cost he places the conclusions at which he has arrived before the world. With the arguments employed, the majority of readers will, we expect, disagree; even when the facts adduced will remain undisputed, their application is frequently inconsequent. In showing the absurdity of a narrative or an event in which he disbelieves, the Doctor is powerful. No expense has been spared on the work, which is well and fully illustrated, and contains a good index."—*Bookseller.*

OCT 29 1919
