Spiritualists' Directory.

MAINE

Compiled and published by

FRED HALL

312 Grove Street, Bangor, Me.

1899.
The chief object of this work is to introduce one Spiritualist to another. A want of acquaintance with people in sympathy with the principles and teachings of the Spiritual Philosophy is felt by very many of its followers. This condition, partly the result of lack of organization, and partly from the natural feeling of isolation of those remote from other Spiritualists may be softened somewhat, if means of communication with others or information relating to the cause at large be provided. It is hoped that this book may be useful in this respect, and that it may assist in fraternalizing our people, and bringing them together in a unity of strength and purpose.
Maine Spiritualists' Directory.

The following Directory shows but a small number of the adherents of the Spiritual doctrine in the State of Maine. Only a limited proportion have yet allied themselves with any society, and nothing short of a house to house canvas could even approximately give a basis for an estimate.

If the entire number of Spiritualists were known and organized, it would be a revelation of power surprising both to believers and skeptics. Spiritualism would at once gain a standing in the community commensurate with its advanced teachings. Danger to its mediums and other exponents from oppressive legislation would also be materially lessened, and much good to the cause would result therefrom.

This Directory for obvious reasons, therefore, deals only with the organized effort existing at the present time. From the information furnished, the individual reader may be enabled to broaden his acquaintance among the fraternity of Spiritualists, to know the whereabouts of many of our workers, mediums and doctors, as well as to know the dates and places of meeting of camps and other societies. A thorough endeavor has been made to mention every society in the State. If any have been omitted much research and correspondence have failed to elicit information regarding them.
CAMPS.

First Maine Spiritualists’ State Camp-meeting Association.
22nd year.

Campground at Buswell’s Grove, Etna.
Annual campmeeting begins on the last Friday in August and continues ten days. A two days’ meeting will also be held on the third Saturday and Sunday in June.

The grounds are easily accessible by county road or by M. C. R. R. Local trains stop at the grounds. Good accommodations for all. Plenty of room for tenters.

This is the oldest camp in the State. The society is strong in numbers and filled with earnest workers for the promotion of spiritual truths.

The meetings are large, harmonious and enthusiastic. The talent employed is of the best, and the effects of the meetings are far reaching in the dissemination of liberal and progressive ideas.

Among the speakers expected at the next campmeeting are Moses Hull; Mrs. Ida P. A. Whitlock and others of national repute.

This camp holds a charter under the N. S. A.
Membership to the Association is free. Admission to the grounds during annual meeting, season tickets 25 cents, day tickets 10 cents.
Officers 1899.

President, A. F. Burnham, Ellsworth.

Vice-President, Fred Hall, Bangor.

Secretary, H. B. Emery, Glenburn.

H. H. Simpson, Etna.

E. F. Clapham, West Sullivan.

Mrs. L. M. McKenney, Levant.

Mrs. Georgia Field, Dexter.

Members of the Association.

While the utmost pains have been given in rendering a correct address of the members of the Association some few errors may exist. If any are discovered we would be glad to be advised of the same. An interrogation (?) after an address indicates some doubt as to its correctness.

We make the price so low that every Spiritualist in the Pine Tree State, or elsewhere for that matter, may own a copy.

This Directory is the first work of the kind ever issued. Its value and usefulness is plainly evident to any one desiring to extend an acquaintance among the Spiritual Fraternity of Maine. We expect, confidently, that every Spiritualist who knows of this work, will assist us in disposing of the edition.

There’s a Home.

To the tune Sweet Bye and Bye.

Dedicated to the Etna, Me., Spiritual Camp Meeting Association.

BY J. F. HALL.

There’s a home that’s beyond this dark vale,
Where the good are forever at rest,
And the wicked, their sins shall bewail
Till the Maker shall say “Thou art blest.”

May we all be prepared
For the time when the summons shall come,
May we all be prepared
For the time when the summons shall come.

And the time soon will come, for us all,
When the spirit must part from the clay,
And though all unprepared for the call,
We can never put over the day
May we all be prepared, etc.

In that home that is waiting for all,
We shall know those that went on before,
And the voice of our friends will us call
As they welcome us in through the door.
May we all be prepared, etc.

There the lame and the halt and the blind
Will rejoice in the light of that home,
All restored in their body and mind
By the power of the Lord that will come.
May we all be prepared, etc.

DR. FRANK S. BIGELOW, of Skowhegan, Maine, is a Spiritualist and a Magnetic Healer of twenty-four years' experience. He makes a specialty of chronic diseases, and has patients in nearly every state and territory in the Union, as well as across the water.

Residence and office, East Front Street.
DR. H. E. FIELD,
Clairvoyant Physician.

For 23 years Dr. Field has practiced in Dexter, but for the reasons set forth in the following extract from the Eastern Gazette is at present located in Lewiston: "He has a commodious office, with all the modern conveniences, at 171, room 8, Lisbon Street. In these new quarters he will be pleased to receive communications by letter or telephone from patients, old or new, who desire his professional services. Dr. Field makes this temporary change in location in order to accomplish a needed change in the character of his practice. It is his plan to devote himself exclusively to office and letter practice, and therefore to refuse all cases which call for driving. While in Dexter it would be impossible for him to avoid long, hard drives throughout the country and from town to town, which made greater demands upon his strength and time than he is justified in meeting, considering the present circumstances of his health and the very large correspondence to which he must attend in his care of the many patients in all parts of the United States and Canada who are constantly needing his treatment."

For examination by mail, state age, sex and leading symptom, enclosing one dollar.

Many common ailments can be cured by use of the following medicines prepared exclusively for the uses indicated.

Dr. H. E. FIELD'S COMPOUND REGULATOR
For all kinds of troubles arising from the Liver, Humor and Indigestion. 75 cents a package.

Dr. H. E. FIELD'S COMPOUND KIDNEY REGULATOR
For Kidney and Liver Troubles. 75 cents a package.

Dr. H. E. FIELD'S PASTILES
(Pond Lily and Yellow Seal Comp.)
Uses—In all relaxed, devitalized, morbid callous conditions of the vagina. 75 cents a box.

Dr. FIELD'S VEGETABLE LIVER PILLS
Free from calomel, mercury or other poisons in any form. Simple, harmless, effectual. Do not gripe, nauseate the stomach or leave the bowels constipated. May be given with safety to a child or the oldest person. Dose.—As a laxitive one to two pills at bedtime; as a cathartic three or four. Dose may be repeated any number of times, if necessary, without danger.

DR. FIELD'S EXTRACT SMARTWEED COMPOUND.
For Coughs, Colds, Pneumonia, First stages of Fever, LaGrippe, Cramps, Colic and Pulmonary Diseases. Price 50 cents.

These medicines may also be obtained at AMOS SPRINGALL'S and D. H. MUDGE'TT'S Drug Stores, Dexter, Maine.

On occasion of friends passing on to the higher life, Spiritualists usually prefer that the funeral services be conducted by some one of their own faith. Among the Maine workers whom we understand respond to calls of this nature are F. W. Smith, Rockland; Mrs. M. J. Wentworth, Knox; Mrs. Ella P. Hewes, Carmel; Mrs. Mary Packard Smith, No. Newburg; Nellie Chase, Hermon Pond. There are others doubtless whom the individual reader may bring to mind, and whose names we should be pleased to know.

Those mentioned above are well known in other phases of public work.

Verona Park.

This camp is beautifully located upon Verona island, and is one mile from Bucksport, which is easily accessible by boat or rail. The Park is then reached by small steamers or carriage, and landings are made directly at the wharf in front of the grounds by some of the river boats.

It is an ideal place for a summer resort. Cottage lots can be purchased at moderate prices.

A new summer hotel was erected in the spring of 1898 and successfully run during the season.

The Association has made substantial gains in numerical strength, purposes, and financial standing during the past few years.

Members are required to pay $1.00 on joining the Association and 50 cents yearly dues, with no assessments.

The campmeeting for 1899 will be the 17th annual session. It will begin Friday August 4th, and close Monday, August 28th.

Meetings will also be held on several Sundays previous to the regular annual meeting. Among the speakers expected for the next camp are Harrison D. Barrett of Boston, editor of the Banner of Light, and President of the N. S. A.; Mrs. Tillie U. Reynolds of Troy, N. Y.; W. C. Whitney, of Springfield, Mass.; Dr. A. A. Kimball, Maiden, Mass.; F. W. Smith, Rockland, Me.; and others.

Free healing circles will be held frequently.

On Sundays, during the campmeeting, admission to the Park is 10 cents.

Latent Mediumship.

Maine is full of latent mediumship. Nearly every family of Spiritualists have become so by reason of personal experiences in mediumship through one or more of its members. Nor is this gift, or the experiences resulting therefrom confined to outspoken Spiritualists. In innumerable instances communication from beyond is known and enjoyed, by those who keep the facts carefully guarded from the world.

More respect would be shown to Spiritualism were this unused power carefully and wisely developed. Maine, in its grounded conservatism needs the progressive teachings of the outer world. We need more speakers, more healers, more spirituality.

WORK DELIVERED AND SET.
Durability of White Bronze
Attested by Eminent Scientific Authorities.

"Pure cast zinc, in my opinion, will last for ages."
PROF. F. B. CRAIG,
Analytical Chemist for the Government of the United States,
Washington, D. C.

"Will resist the chemical effects of the atmosphere for all time."
Watt's DICTIONARY OF CHEMISTRY.

"For durability and beauty they are all that can be desired."
F. L. BARTLETT,
Assayer of Metals for the State of Maine.

"I can see no good reason why these monuments should not last as long as the pyramids of Egypt."
JOHN W. ARMSTRONG,
Professor of Chemistry and Geology, State Normal School,
Fredonia, New York.

"Every doubt has been dispelled as to the durability of zinc in the open air under the influence of every kind of weather."

"It is much superior for these purposes to either marble or granite, because it cannot disintegrate."
THOMAS R. BAKER, PH. D.
Professor of Natural Sciences, State Normal School, Millersville, Pennsylvania.

"We believe these monuments to be equally enduring as the dark or olive bronze which has withstood exposure and the action of the elements for ages."
MESSRS. FALKENEAU & REESE,
Assayers of Metals for the State of California.

"Zinc, when exposed to the atmosphere will cover itself with a thin film of oxide, which adheres closely to the metal and protects it from further change."

"As to the durability and unchangeable color of these monuments I have not the shadow of a doubt, as the agencies which disintegrate and destroy our finest marble and granite monuments do not thus act upon White Bronze."
L. B. SPEKKY,
Professor Chemistry and Mineralogy, Carleton College Northfield, Minn.

"I can see no reason why they should not remain as perfect in the minutest details of ornamentation for six centuries, as they are now, and so on indefinitely."
L. M. OSBORN, LL. D.,
Professor of Phys. Science, Colgate University, Hamilton, N. Y.

"No other material is so well fitted to withstand the atmospheric changes its oxide being a perfect protection from any change. Judging from a scientific and chemical standpoint, it is my opinion that these monuments will last thousands of years."
S. P. DUFFIELD, PH. D., D. D.,
Emeritus Prof. Detroit Medical College, Dearbornville, Mich.

"I consider the White Bronze Monuments practically Indestructible. They will not blacken or become dingy with age; moss will not adhere or grow upon their surface as upon marble, and the color will remain unchangeable while the monuments endure."
S. P. SHARPLES,
State Assayer of Metals for Massachusetts.

**Rockland.**

There is Spiritual Society in this city, though in a dormant condition. At the last election of officers A. H. Blackington was chosen President; Capt. James Adams, Vice President; Mrs. J. L. Rhodes, Recording Secretary; Mrs. Eliza Whitney, Financial Secretary; Mrs. James Adams, Treasurer.

At one time this was a very active society. It seems a pity that it should fall into its present state, especially as there are many true Spiritualists in and about the city.

**Ellsworth.**

A Spiritual Society exists in this city, and particulars regarding it can doubtless be obtained from A. F. Burnham, Esq.

**Lewiston.**

Mrs. Nettie L. Merrow reports that while there is no regular society in Lewiston, there are quite a number of Spiritualists and mediums, and meetings are held occasionally.

Old methods of dentistry should not be clung to because of their age; neither should new methods be accepted simply because they are new. All should be carefully decided upon by common sense and reason, and the best chosen, whether new or old.

THE FORMULA

OF

Pine Cone Liniment.

Many people think that physicians prescribe differently for each patient. Such, however, is not strictly a fact. Natural law works similarly in all persons, so that similar symptoms in different people may be successfully met by the same course of treatment. Every doctor has his favorite remedies. This shows the inconsistency of the objections urged against proprietary medicines, of curing everybody from the same bottle.

The Formula

of Pine Cone Liniment, a household remedy, price 25 cents, on sale at many places, and one rapidly coming into favor, was first devised and perfected by a physician in his regular practice. He found it good for very many of those every day troubles for which liniments are employed. The present proprietors, The Pine Cone Liniment Co., 117 Haymarket Square, Bangor, are merely extending its sphere of usefulness by placing it within the reach of the public.

White Bronze, particulars regarding which appear on pages 37 and 38, is pure refined zinc. It is steadily coming into use for monumental purposes for which it is especially adapted.

S. R. Johnson, the agent for Penobscot, Piscataquis and Hancock counties, has removed his office from 36 to 56 Park Street, Bangor, since the pages referred to were printed.
