HIGHER LIFE
October 11th, 1913
I have known of the great humanitarian labors of Mrs. J. H. R. Matteson and Nellie Whitcomb for the past 20 years and for the past ten years I have been personally cognizant of their wonderful psychic powers, as manifested in their diagnosis of disease, and prescriptions for the cure of a great variety of maladies, many of them of a character so complex and obstinate, as to baffle the best medical authorities, and their searching clairvoyance, or that of their Spirit Guide, has astonished and convinced thousands who have sought their aid, and brought health and happiness to thousands of homes, after the regular physician had exhausted his resources and abandoned the cases as incurable. So far as I have known of their work, diagnoses have been remarkably accurate and satisfactory to patient, inspiring confidence and hope, and when followed by a faithful use of their remedies, rarely, if ever, disappoint the hopes thus created. I have had personal experience with their remedies, and know they are wonderfully effective, and their analysis of causes, suited to each case they examine, without asking a question, or knowing a symptom, is proof positive of an insight not possessed by the most learned and experienced of medical experts. Moderate and reasonable in their charges, and their numerous blessings freely bestowed upon the poor, have filled thousands of hearts with gratitude and abiding love for their beneficent Spirit Guide. I think it safe to say that their success as clairvoyant physicians, has not been surpassed by any in the past thirty years. They are inspired by humanitarian impulses and high ideals of living for the good
they can do; and the sweet spirit of secret charity animates all their efforts, in whatever their time and talents are employed.

"They live for those who love them,
For the heavens that smile above them,
And await their spirit too.
For the cause that lacks assistance,
For the wrongs that need resistance.
For the dawning in the distance,
And the good that they can do."

May their years be many on the earth, and their noble deeds be registered to their credit in the book of life that all the angels read.

MRS. WHITCOMB is a life member of the New York State Spiritualists' Association, and holds a certificate from that Association as a Clairvoyant Healer.

Made by private formula of MRS. J. H. R. MATTESON, who cured tens of thousands who stand ready to testify to the virtue of her old original remedy which MRS. NELLIE WHITCOMB manufactured during the first fifteen years of her mother's practice.

MRS. J. H. R. MATTESON practiced as a Clairvoyant Healer in the City of Buffalo, N. Y., forty years prior to her death October 11th, 1913.
‘IT IS NOT RIGHT TO SAY OR BELIEVE—
that there is ‘an endless variety of diseases,’ but it is right to regard EVERY type or form of complaint as a particular EVIDENCE that the inward harmony has been, and is, disturbed. We should remember that nature unfolds and animates different forms of matter just as she is acted upon by different circumstances. The circumstances and influences which attend the growth and development of plants are vastly unlike those which develop animals. Now let us apply these truths to what you term ‘an endless variety of diseases’ in the human constitution. In the first place, all complaints commence with a constitutional disturbance of the circulation mediums. I have shown that these mediums are motion, life sensation, electricity and vital magnetism. The first deviation from the healthy condition is invariably accompanied with a change of

TEMPERATURE AND MOTION
in and among the various atoms of the body. And action and reaction are natural and inevitable; they are outward manifestation of the immutable law of justice and reciprocation.’—The Physician (pp. 124 and 125), by Andrew Jackson Davis.

My system of treating disease is unlike that of other practitioners in that, by

PSYCHOMETRIC EXAMINATION
of the patient’s invisible spiritual aura

BY THE FACULTY OF CLAIRVOYANCE
I am enabled unerringly to determine the CAUSE of the particular manifestation we term disease. This examination is a rational exercise
of understanding—TODAY FAR ADVANCED BEYOND THE KNOWLEDGE OF ORTHODOX MEDICINE and it infallibly leads to the cause itself, with which I concern myself,

IN PRESCRIBING THE REMEDIES OF NATURE
—herbs and vegetables—in proportionate and quantitative form.

I seldom fail in my effort to restore harmony to the system. I treat thousands upon thousands of people every year—attending to them either personally or through the mails; and the waiting rooms in my residence in Buffalo (where I have been located for the past 33 years) receive on an average of 100 patients daily. Physicians send their "incurables" to me. MY MISSION IS TO HEAL THE SICK.

CAN I HELP YOU, OR YOURS!

LET ME HELP YOU—I HAVE HEALED SO MANY! I have treated and healed the sick for twenty-three years. Sen to me your name and the names of your sick friends, and I will mail—FREE—my booklet descriptive of what I am actually doing for the "incurables," who come to me from the regular doctors. "Truth is stranger than fictions."—DO IT NOW!

All my medicines are compounded from herbs. Their efficacy and sufficiency have been tested for thirty years and more. The results have been eminently satisfactory to all who have come or sent to me or written me for relief. The mails bring me hundreds of letters from people in different parts of the world. This work has grown up without any solicitation on
my part; but is the result of the benefit derived from my remedies by people who have been cured of their diseases and have reported such cure to their friends. I realize that many people who are not partakers of the view of the power which I have may question the claims I make. To such I desire to say that it is comparatively inexpensive to test the truth of my statement. If you are ill and suffer from any cause for which my remedies are prepared, try them. Write me and I will see the remedy you need will be forwarded at once. My work for over thirty years is well known to thousands. You are cordially invited to make inquiries. All communications to me will receive prompt attention. If you desire, I will give you references to people whom I have never seen and who are only known to me through correspondence and my remedies which they have taken.

The most of my remedies are put up in pint bottles, a full pint in each bottle. The medicine contained in each bottle is sufficient for two (2) week's treatment. All my remedies are prepared under my immediate supervision and direction, 1-10-11-12, are sold at $1.00 per bottle.

My black ointment, white ointment, cedar ointment, blood root ointment, my catarrh snuff, electric plaster, are put in boxes. Price, 25c. per box for any of these remedies.

Express or freight charges must be paid by any person ordering less than one (1) dozen of my remedies. The postage on my package that can be sent through the mails will be paid by me. When ordering any of my preparations designate the number desired.
