Live Forever Folk
AN ASSOCIATION
In Hoc Signo Spes Mea

BE IT MADE KNOWN by this symbolic charter; as in the beginning when the human race began to emerge from savagery, and darkness of ignorance gave way before the bright sun of education, great seers and philosophers prophesied the dawn of a better day, and left the imprint of their experiences indelibly impressed upon the pages of early written history to guide the coming generations of men. These Archaic characters were bequeathed to posterity in the form of scripts in symbols. So we, in this age, employ symbols as the system of mental suggestion to convey to the minds of those who desire Spiritual unfoldment a plan, whereby they can extend their scope of knowledge into a comprehension of the Ultimate.

More Majorum

WITH A DESIRE to advance in the direction of Truth in Spiritual understanding of Cosmic Consciousness, broaden the individual view of unlimited space and bring the Soul into harmony with the Ultimate Principle,—the source and substance of which all things are,
Our Live Forever Folk Association
was called into manifestation, and seeks by the aid of these
signs and characters of sacred symbolism to hold before the eye
of the mind a sublime Spiritual Ideal.

Dacendo discimus
NOW, THEREFORE, by virtue of the power vested in us, we do hereby Commission and authorize all men and women whose names are enrolled upon the Great Charter of humanity, and who, having passed a satisfactory examination before the bars of their own conscience, have been deemed worthy to be entrusted with great secret Truths, to constitute themselves

Cosmic Center Number One
AS MEMBERS of this organization, you will retain all the powers and liberty of conscience and freedom of initiative that you inherently enjoy as individuals. Your guide in matters of Universal Law will be found in the Constitution of Our Live Forever Folk Association. You are required to familiarize yourselves with these rules, and knowing the principle, be obedient thereto.

"Pleno jure"

IT IS YOUR GREAT PRIVILEGE, as teachers, to carry on the work of Spiritual enlightenment and aid struggling souls to perfect unfoldment. In the performance of this service you are cautioned to concentrate and listen for the Voice; to be sensitive and alert to receive the message. When communication is established between your center and the Ultimate Cause of thought, through the Universal vibrant ether, act promptly and freely under the guidance of LOVE and JUSTICE.

"Semper fidelis" semper idem
REMEMBER ALWAYS that in response to the Universal Urge you have been called together and blended into one harmonious body to encourage and instruct struggling humanity and direct them in the ways of peace and plenty.

"Nis a tergo"
THROUGH TRIALS, and disappointments, opposition and misunderstandings, your unerring aim of purpose must never waver; your Spiritual Ideals must never be marred; your faith in God and belief in the Destiny of the Soul must
never be disturbed. Tranquilly seeing with the undimmed eye of perfect understanding the full cycle of life in Infinite manifestations, as it waxes and wanes, without beginning or end, advance with serene majesty and unconquerable resolve to the Life Everlasting, by dissolving the material form.

"Memento Mori"

INVOKING the highest source of Inspiration to guide and protect you; strong in the hope that your character may ever grow firmer; strong in the belief that each will stand peerless and unstained on the pages of human history and UNTAINTED in the realms of Cosmic Consciousness; we prayerfully launch

Cosmic Center Number One

on the ethereal sea of spiritual and material endeavor.

Summary

The Live Forever Folk, an Association organized in the City of Los Angeles, State of California, in the year of our Lord Nineteen Hundred and Twenty-Two, presents to the world an incomparable and unusual service calculated to develop in each individual member those latent God-given faculties heretofore the possession only of the ELECT.

Acting under instructions delivered to the Organizers by a SPECIAL MESSENGER of THE SUPREME LODGE, an Educational Curriculum prepared by a Staff of Esoteric Masters will constitute the tuition offered by the Correspondence University of Occultism conducted by the Association.

One of the most commendable features of The Live Forever Folk Association is that it allows every individual to retain his membership in his respective Church and Lodge, undisturbed in his religious beliefs, and unhampered in the practice of his obligations.

Aside from the detailed scientific training in Spiritual Unfoldment, Psychic Power, Metaphysical Philosophy, Astrology, Numerology, Christian Living, Magic, and certain secret methods of operation never yet revealed, mem-
bers of the Association will enjoy an INDIVIDUAL SERVICE of an invaluable and remarkable nature.

There exist in certain remote regions of India and Mexico assemblages of men and women who have lived far beyond the commonly enjoyed span of life in full youthful vigor of mind and body. They function in the visible and invisible with the indifferent ease of long accomplishment.

Rumors of these Occult Lodges have, from time to time, appeared in the Public Press, and for that matter in the literature of all nations, both Past and Present.

Their methods of thus attaining PHYSICAL and SPIRITUAL IMMORTALITY have been guessed at but never revealed, because the world was hardly ready for such knowledge.

Mankind, as a whole, failed to recognize the SACREDNESS OF LIFE, and, because of this failure, sacrificed its IMMORTAL HERITAGE.

The World War, a horrible cataclysm of Psychic Evil finding its physical expression in those fearful years of cruelty and destruction, wrung the Heart of Mankind and impressed upon the Racial Mind the SUPREME SACREDNESS OF LIFE.

Man, grief-stricken, and appalled,
gave a listening ear to the ever-present whisperings of the SPIRIT.

An earnest seeking for Spiritual Communication with the mis-called Dead sprang into universal activity.

Teachers and Mediums of Communication appeared, as if by magic, in the Cities of the World. An ever-mounting wave of Spiritual longing swept the world of men with the Flame of an intense Desire.

Desire crystalized into Conviction. In the blackness of Universal Night, man called to man, THERE IS NO DEATH.

Materialism fled before the Rising Sun of Spiritual knowledge.

A Cosmical craving characterized by a humble, intense passionate seeking began to register in the great sensitive CRYSTAL of the SUPREME LODGE.

The Patient Watchers in the Secret Chamber of the Observation Tower reported that the long hoped for Day of Revelation was at hand.

The BOOK of WISDOM may be opened to the SEEKERS.

"The Live Forever Folk" is the first established outpost of the Esoteric Order of Secret Wisdom.

To YOU who constitute the Mighty Army of the Seekers,

To YOU who are heavy laden and
overburdened with the crushing weight of unrequited effort,

To YOU who watch the weary hours of the night unwind the grisly terrors of the Grave,

To YOU who suffer the agonies of Tearless Grief,

To YOU who walk in the Valley of Hopeless Men,

To YOU who daily view the approach of Decrepit Age with the Nightmare Horror of Failure, Neglect, and Death the final penalty,—

To this COMPOSITE YOU, The Live Forever Folk, in the following pages, definitely point the Way to EMANCIPATION.

Read this Book from cover to cover with care and attention and then decide to come out of the Darkness into the Light.

There are many PATHWAYS offered. They all lead to the Temple of Light.

Behold! whatsoever things are true, whatsoever things are honest, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue and if there be any praise, think on these things.

The Unseen Universe

We move and live and have our being in the world of the GREAT UNSEEN.

What is the GREAT UNSEEN?

It is the Heaven and Hell and Purgatory of the Religionist. It is the Astral of the Theosophist. It is the Fourth Dimension of the Mathematician. It is the spirit world of the Spiritualist.

Why is it Unseen? Because of the rate of vibration. It is in reality as solid and material as the most solid and material thing in this material world.

The GATEWAY to that INVISIBLE EMPIRE is through the incomparably beautiful ARCHWAY OF DEATH.

Through that Gateway we can pass and repass at will. The VEIL has been torn asunder. The MYSTERY of MYSTERIES has been solved.

As in the Chemical laboratory we resolve the solid into an invisible gas and again solidify that gas, so may we become at will active intelligent occupants of the Invisible Empire and return to our own Material realm as one who returns from a pleasant journey.

IMMORTALITY is today not a BELIEF but a FACT.

The MEANS and the METHOD are simple and scientific.
You who read these words can, if you will, become intelligently conscious of the unseen peoples who touch and guide you from hour to hour, from day to day.

In order to accomplish this End there are things PHYSICAL that must be done, there are things MENTAL that must be done, there are things SPIRITUAL that must be done.

It is a TRINITY OF EFFORT.

Should you join the LIVE FOREVER FOLK ASSOCIATION you will receive precise instructions from a special Esoteric Master, so that you may at your will and pleasure render the Invisible visible and utilize the tremendous forces of the Psychic world to your Spiritual, Mental, Physical and Financial profit.

You are the ARBITER of your own DESTINY.

If you are an earnest seeker of the GOLDEN FLEECE we will present you with the MYSTIC KEY that will open for you the DOORWAY to the REALMS of LIGHT.

With you lies the GREAT DECISION. We present the OPPORTUNITY.

The only question is, ARE YOU READY?
Declaration of Faith

I now declare my freedom to practice the principle of truth in all its varied and infinite manifestations to the end that I may enjoy the fullness of life attained through the Law of Love in action.
ETAINING all the Powers and Liberty of Conscience and Freedom of Initiative you inherently enjoy as Individuals, YOU, as a Member of “The Live Forever Folk,” have associated yourself with MEN and WOMEN called together and blended into one harmonious body in response to the Universal Urge for Health, Power, Wealth, Success and Happiness.

It is a scientific fact that every man and woman is the possessor of a MIGHTY DYNAMIC FORCE which may be centralized by Concentration and projected by the WILL, enabling the Operator to accomplish the seemingly impossible.

It is the FORCE that raised Lazarus from the dead.
It is the FORCE that Daniel used to tame the Lions.
It is the FORCE that Moses used when he made a Canyon of the Waters of the Red Sea, that the Children of Israel might cross to the Promised Land.
It is the FORCE that made Rockefeller one of the Money Kings of the World.

As a member of the Live Forever Folk you are taught to use this COSMIC FORCE.

Think what it means to YOU when, as a COLLECTIVE WHOLE, communication has been established between your CENTER and the ULTIMATE CAUSE and your COLLECTIVE WILLS are projecting your COLLECTIVE FORCES on one given objective—your mutual Health, Power, Wealth, Success and Happiness.

THIS IS YOUR GREAT PRIVILEGE as Members of this Organization.

Enter the Realms of Cosmic Consciousness.

Cosmic Center Number One is a terrific, centralized, Centripetal Point of Irresistible Power established and kept in continuous activity by the Combined Wills of our members operating daily at a Special Hour.

We invite you to partake of the Super-joys of Life.
We invite you to become a part of the Hegemony of Super-men and Super-women.

You desire to join the Cosmic Center and reap the immeasurable benefits accruing from its CENTRALIZED POWER. Send in your name and address and there will be mailed to you a complete explanation of the method of joining this Organization which has its local centers in every state of the Union.

Fourteen
The Conquest of Death

HIS is the Age of Conquest. The world is trembling on the verge of a tremendous unfoldment. It is the DAY OF REVELATION. It is the HOUR OF THE GREAT DISCOVERY.

The telephone came and CONQUERED SPACE. Wireless telephony and telegraphy came—and CONQUERED SPACE AND TIME.

The flying machine daily, hourly—CONQUERS THE LAW OF GRAVITATION.

The radiophone today, seizing on the inaudible vibrations of the HUMAN VOICE, brings it forth resonant, sweet and true, to the LISTENER miles away.

Now comes the GREAT DISCOVERY—WE KNOW POSITIVELY—THERE IS NO DEATH. The age-old question, "If a man die shall he live again?" has been answered with ringing certainty in the psychological and chemical laboratories of the world.

In the past, Life has seemed to be but a hurried walk along a narrow path of destiny, beginning and ending in the mystery of the GREAT UNKNOWN.

HOPE only has been our balance wheel. HOPE only has heard the flutter of a wing, the far-away suggestion of a sigh.

But now in the rising sun of KNOWLEDGE, HOPE has been replaced by CERTAINTY and we KNOW THE TRUTH, and the TRUTH has made us FREE.

Of all life's tragedies the most cruel is the Friend's good-bye to a dead Friend, the Sweetheart's good-bye to a dead Sweetheart, the Husband's good-bye to a dead Wife, the Mother's good-bye to a dead Child.

The burden of the GREAT SADNESS has been lifted from the human race.

No longer can it be said that, in reality, DEATH ONLY IS THE ABSOLUTE CERTAINTY.

DEATH HAS BEEN REPLACED BY LIFE.

The body disappears. The solid earth itself will, in time, disappear. So with the stars and planets. All—all will lose their shape and dissolve into apparent nothingness. But the POWER back of the stars and the planets, the POWER back of the THOUGHT in your brain CAN NEVER DIE.

That power is the SPIRIT, and THE SPIRIT IS THE ONY REAL THING IN THE UNIVERSE.
We all die, and numberless have been the answers to the question, "What happens after death?" And the answers have been mere speculations.

The "Live Forever Folk Association" has gathered into their service the purest Mediums, the Greatest of Esoteric Teachers, perfect instruments of communication with those WHO HAVE GONE BEFORE.

Their gifts are at Your Service if you Enroll in the Association.

DO YOU WISH TO BE IN DIRECT DAILY AND HOURLY COMMUNICATION WITH YOUR DEPARTED FRIENDS AND RELATIVES,—YOU YOURSELF,—WITHOUT THE AID OF ANY OTHER MEDIUM, BUT YOURSELF?

To those who Enroll in our Association are given the necessary instructions in the scientific methods that accomplish this wonderful heart-comforting End.
Song of the Mystic

by
Father Ryan

I WALK down the Valley of Silence—
Down the dim, voiceless valley—alone!
And I hear not the fall of a footstep
Around me, save God's and my own;
And the hush of my heart is as holy
As hovers where angels have flown!

LONG ago was I weary of voices
Long ago was I weary of noises
That fretted my soul with their din;
Long ago was I weary of places
Where I met but the Human—and Sin.

I WALKED in the world with the worldly;
I craved what the world never gave;
And I said: "In the world each Ideal,
That shines like a star on life's wave,
Is wrecked on the shores of the Real,
And sleeps like a dream in a grave."

AND still did I pine for the Perfect,
And still found the False with the True;
I sought 'mid the Human for Heaven,
But caught a mere glimpse of its Blue;
And I wept when the clouds of the Mortal
Veiled even that glimpse from my view.

AND I toiled on, heart-tired of the Human,
And I moaned 'mid the mazes of men,
Till I knelt, long ago, at an altar
And I heard a Voice call me. Since then
I walk down the Valley of Silence
That lies far beyond mortal ken.

DO you ask what I found in the Valley?
'Tis my trysting place with the Divine.
And I fell at the feet of the Holy,
And above me a voice said: "Be mine."
And there arose from the depths of my spirit
An echo—"My heart shall be thine."
DO you ask how I live in the Valley?
I weep—and I dream—and I pray.
But my tears are as sweet as the dew-drops
That fall on the roses in May;
And my prayer, like the perfume from Censers,
Ascendeth to God night and day.

IN the hush of the Valley of Silence
I dream all the songs that I sing;
And the music floats down the dim valley,
Till each finds a word for a wing,
That to hearts, like the Dove of the Deluge,
A message of Peace they may bring.

BUT far on the deep there are billows
That never shall break on the beach;
And I have heard songs in the Silence
That never shall float into speech;
And I have had dreams in the Valley
Too lofty for language to reach.

AND I have seen Thoughts in the Valley—
Ah! me, how my spirit was stirred!
And they wear holy veils on their faces,
Their footsteps can scarcely be heard;
They pass through the Valley like Virgins,
Too pure for the touch of a word!

DO you ask me the place of the Valley,
Ye hearts that are harrowed by Care?
It lieth afar between mountains,
And God and His angels are there:
And one is the dark mount of Sorrow
And one the bright mountain of Prayer.
Future Life

From the Standpoint of History and Modern Science

The manifold conceptions of a FUTURE LIFE formed by mankind in past ages, apparently diversified, have, however, asserted the fundamental principle of SURVIVAL.

It has always appeared and reappeared among the most dissimilar races, under the most divergent climes.

A study of ANCIENT TRADITIONS and an examination of LEGENDARY LORE demonstrates that the BELIEF in SURVIVAL has influenced men from the beginning of recorded history.

This BELIEF can be traced throughout the LAWS AND CUSTOMS of ANCIENT peoples.

It is found clearly indicated and impressed on the LEGISLATION of MODERN STATES.

It is of course the heart and soul of MODERN RELIGIONS.

Mankind has been born with an INSTINCT for IMMORTALITY.

Turning aside from HISTORY and examining the discoveries of MODERN SCIENCE, we find the establishment of one great LAW, which in itself, if carried to its logical conclusion, is an assertion of SURVIVAL beyond the physical phenomena called DEATH.

THIS law is THE LAW OF INDESTRUCTIBILITY OF MATTER AND ENERGY.

It governs all the MANIFESTATIONS of LIFE.

CONSCIOUS FORCE CANNOT PERISH.

The Law watches over the PRESERVATION of the minutest material ATOM.

It presides over the TRANSMUTATION OF ENERGY.

It is the RECORDING PRINCIPLE of PAST EVENTS.

Science has found that the MATERIAL MOLECULES are in constant process of circulation. They pass constantly from one living body to another, or to the ambient medium, which returns them later.

Their cycle of transmission is from Man to Plant, from Plant to Animal, from Animal to Man.

WE DO NOT POSSESS the primordial elements of our body,—we possess the "usufruct.' The role of the material ATOM is EPHEMERAL.
There is a PERMANENT ELEMENT maintaining the existence of the body, giving it life and form. That permanent Element is an ETHERIC VORTEX, the ANIMATING PRINCIPLE of which is MIND.

Science has enunciated the positive existence of the ELECTRON.

It is the physical expression of the ETHERIC VORTEX. IT IS THE EXACT POINT OF CONTACT BETWEEN UNIVERSAL MIND AND MATTER.

SCIENCE has not so stated, but SCIENCE has furnished recorded facts which explain the Phenomena known as MATERIALIZATION.

Should you join the LIVE FOREVER FOLK ASSOCIATION, a Special Esoteric Teacher will direct your reading and study of Profane and Sacred History, and also, should you so desire, guide you in your investigations into the discoveries of Modern Science.

It is realized that many prefer to approach a study of the Occult through the Corridors of History and Modern Science.

If such is YOUR DESIRE, we tender you our FULLEST COOPERATION.
The Verdict of Mighty Minds

A Few Quotations

Here are only two reasonable attitudes which we may take toward Spiritualism. Either we must recognize that there has come to us in recent years from divine sources a new revelation which alters the whole aspect of death and the fate of man, or else we must hold that there has been an outbreak of lunacy extending over two generations of mankind and two great continents. Either it is absolute lunacy or a revolution which gives us as by-products an utter fearlessness of death for ourselves and an immense consolation when those who are dear to us pass behind the veil.”—By SIR ARTHUR CONAN DOYLE.

"Communication with the departed can be abused like any other power. It can be exploited in an unworthy way for selfish ends. It can be used reverently and seriously for the legitimate purpose of comforting the sorrowing, helping the bereaved and restoring some part of the broken link between souls united in affection but separated by an apparently impassable barrier. Anyone with a real desire to know the truth need not lack evidence.”—By SIR OLIVER LODGE.

"I must mention the peculiar manner in which Science has analyzed its demonstrations, which may well prove the imperishable part of our own ego. I speak of mediumism, and spiritualism, and the discoveries of Austrian and German scientists, particularly the Austrian Scientists' experiments in Odic Effluvia. This Odic Fluid can set in motion a clock in a sealed glass vessel; it can move a table weighing 200 pounds. It may be attributed to the soul or the nerves. But it is of a purely spiritual nature. It can be photographed. It cannot be destroyed.”—By MAURICE MAETERLINCK.

"The phenomena I am prepared to ATTEST are so extraordinary, so directly opposed to the most firmly rooted articles of scientific belief, amongst others the ubiquity and invariable action of the force of gravitation—that, even now, on recalling the details of the marvelous things I have witnessed, there is an antagonism in my mind between reason, which pronounces them scientifically impossible, and the conscious-lying witnesses when they testify against my perceptions.”—By SIR WILLIAM CROOKS.
"However doubtful the individual manifestation of spirit return may be, in the ensemble they form so compact a web that it cannot be pierced even with the sharp scalpel of doubt."
—By CESARE LOMBROSO.

"Spiritism is not vague in its verdict. It is more direct and confident than any religion which has faith alone to support itself. Spiritism speaks in the name of science, and it intends that its belief shall have the same credentials as Copernican astronomy, Newtonian gravitation and Darwinian evolution. There is nothing uncertain about it."
—By PROF. J. H. HYSLOP, PH. D.

"The first automatic writing I ever saw was forty years ago. Unhesitatingly I pronounced it deceit, although it contained vague elements of supernormal knowledge. Since then I have come to see in automatic writing one example of a department of human activity as vast as it is enigmatic. Every sort of person is liable to it or something equivalent to it. And whoever encourages it in himself finds himself personating someone else, either signing what he writes by fictitious name, or spelling out, by ouija board or table top, messages from the departed. Our subconscious region seems, as a rule, to be dominated either by a crazy ‘will to make-believe’ or by some curious external force impelling us to personation. The first difference between the psychical researcher and the expert person is that the former realizes the commonness and typicality of the phenomena, while the latter, less informed, thinks it so rare as to be unworthy of attention. I wish to go on record for commonness."
—By PROF. WILLIAM JAMES.

"In all times there were methods, more or less rare, of communicating with spirits; only formerly, a great mystery was made of what is today a popular formula. It is thus that God proposes that man should not forget that there are two worlds—the one of the body, the other of the spirit."
—FATHER LACORDAIRE, of Paris.

"I believe there is a supernatural or Spiritual World, in which HUMAN Spirits, both good and bad, live in a state of consciousness. I believe that any of these spirits may, according to the order of God, in the laws of their place of residence, have intercourse with this world, and become visible to mortals."
—DR. ADAM CLARK, Methodist Commentator.
"The perfect vision should see in Spiritualism the essential truth of the continuity of life and the possibility of communion between the two worlds. . . . The fact of a conscious inter-communion between the two worlds has become an established truth."—REV. DR. H. W. THOMAS, Chicago, Ill.

"Human personality, like energy, is never lost. I, in my inmost being, am an invisible being, holding communion with invisible personalities, out of their mortal bodies."—REV. DR. LYMAN ABBOTT, a former Pastor of Plymouth Church, Brooklyn, N. Y., and Editor of "The Christian Union."

"My conviction is that if our eyes should be opened, as were those of Elisha's servant at Dothan, we should see the atmosphere all about us filled with spiritual personalities. It is my belief that our beloved, whom we have lost a while, are nearer than we think."—REV. DR. PENTECOST.

"To me the next world is tangible, it is peopled with persons and forms palpable to the appreciation, its multitudes are veritables, its society natural, its language audible, its companionships real, its loves distinct, its activities energetic, its life intelligent, its glory discernible."—REV. W. H. MURRAY.

"I believe that at the moment of bodily death the soul does not experience any very great change. I should not be at all surprised if we find—when the great change comes—that we do not know just at first that we have passed over."—REV. R. A. CAMPBELL, D. D., Pastor of the City Temple, London, England.

"I have no means of determining definitely what portion of our Universalist preachers are Spiritualists. . . . For one, I believe the spirits communicate with mortals."—REV. G. S. GOWDY.

These few quotations could be extended ad infinitum. More than fifty great scientists have investigated the phenomena of Spiritualism and have announced their conviction that the phenomena is produced by the spirits of the so-called dead.

The Scientific answer to the question, 'Can the Dead Speak?' is—

"YES."

Crystal Gazing
A Form of Clairvoyant Mediumship

AZE into the HEART of the CRYSTAL and behold the PAST.

Do you desire to see and read objectively the great reservoir of knowledge resident in your sub-conscious mind?

Do you wish to summon before you PICTURES bringing information of the Past, the Present or of the Future?

IT CAN BE DONE.

But to do this without harm to yourself there is a certain physical and mental preparation necessary.

There is also the preparation of PRAYER.

Before all there is the proper selection of the Crystal or true Beryl.

The Beryl contains Oxide of Iron, a substance presenting the strongest affinity for magnetism. The connecting link between the Crystal and the Spiritual world is Magnetism.

Magnetism is attracted to and accumulated in or around the Crystal by the iron infused throughout its constitution.

Our Occult teachers assert that the Crystal should be used only during the increase of the Moon, because the greater the increase of the Moon the greater is the supply and accumulation of the Lunar Magnetism in the Crystal.

The method by which the operator is placed en rapport with the Crystal globe and thereby into direct contact with the UNSEEN WORLD, may be partly answered as follows:

By CONCENTRATION in the Crystal of the greatest possible influx of Celestial or terrestrial magnetism or both.

By CONCENTRATION in the Body of the operator of unalloyed magnetism, through the PURITY of the AMATORY FUNCTIONS.

By CONCENTRATION of the MIND through the Mental faculty of "Concentrativeness" acting through the Brain "Centre": located in the superior portion of the First Occipital Convolution of the Cerebrum.

But REMEMBER there is the LAW.

IF YOUR PURPOSE BE EVIL—TERRIBLE WILL BE THE REACTIVE EFFECT OF THAT EVIL PURPOSE.

The Aerial Spaces are thronged with countless intelligences—celestial, good, pure, true—and Satanic, evil, impure and untruthful.

The possession of the latter is FORCE.
The possession of the former is POWER.
To reach the GOOD ONES, THE HEART OF THE GAZER MUST CORRESPOND.
We have lifted a corner of the veil for your information.
It is our purpose to give you a glimpse of the wonderful powers you will attain should you join the LIVE FOREVER FOLK ASSOCIATION.
A special ESOTERIC MASTER will take charge of your education and lead you safely past the dangers the NOVICE usually encounters when he attempts, alone and uninstructed, to penetrate into the MARVELOUS OCCULT WORLD in his search for POWER and SUCCESS.
The Crystal, set in pure gold, and stood in the center of the Lamen or Holy Table.

The Magic Wand of Black Ebony. Engraved on the opposite side are the words EGO, ALPHA et OMEGA.
Magnetism

MAGNETISM is the invisible Element of SUPREME SOUL FORCE.

Thoroughly understood and scientifically applied, it is the KEY of SUCCESS in our dealings with the world.

Man is not a Creature of Circumstances. If he will assert his Psychic or Magnetic possibilities he will become MASTER of EVENTS.

This FORCE is latent in every HUMAN SOUL.

It is a SACRED GIFT. It is a PRICELESS JEWEL. It is a SOUL ESSENCE which can be concentrated, controlled, projected, and imparted far away into space.

It is the High and Sacred Power of the Microcosmical Spirit. It produces most potent procreations.

The pregnant woman stamping on her offspring the physical replica of a thing greatly desired during gestation, is but an illustration of the MAGNETIC principle in NATURE operating through the medium of DESIRE.

MAGNETISM is the SYMPATHETIC PRINCIPLE in NATURE.

It is the Occult force, or sympathetic power, which causes the Iron to approach the Magnet,—the Waters to approach the Luminaries—the Planets to revolve around the Sun—that causes the needle to point to the Earth’s Magnetic pole—it is the Occult sympathy affecting the unborn foetus in the womb, producing marks, signs, images, corresponding to the mother’s disposition, desire or fear—it is the Magnetic Affinity between Individuals and Matter inducing rats to desert a sinking ship—ants to quit their nests transporting their young before an inundation—dogs to foretell disaster and death by mournful howlings.

All instinct, intuition and mental impressions are the direct result of this Magnetic or Occult Sympathy.

MAGNETISM is the SECRET of FASCINATION.

Fascination is sometimes called Occult Binding,—The “binding” of a person into Love, Hatred, Sickness or Health. You may become bewitched by looking directly into the eyes of those who bewitch or fascinate. Your eyes beng reciprocally bent magnetically one upon the other, the spirit or magnetism overcomes and fascinates by becoming joined to the other. Then strong ligations are made, and most violent love and passions are aroused.
VITAL MAGNETISM is a subtle intangible force of marvelous potency.

Once understood and you are in possession of that Strange power by which you can exert an irresistible influence over people, who are entirely unconscious of the fact that you are throwing a hypnotic condition of fascination around them.

In every sphere of life the cultivation and development of Magnetic qualities are of the highest importance.

This Magical power is best stirred into action by intense concentration and earnest intention.

It is most potent when linked with the Spoken Word.

Again we have lifted a corner of the VEIL for your information.

Do you wish to possess the power to take possession of the faculties and bind or attract those things you most desire or delight in?

Should you join the LIVE FOREVER FOLK ASSOCIATION a Special Esoteric Teacher, a MASTER of MAGNETIC CONTROL will instruct you in the development of this FORCE latent in every HUMAN SOUL.

But REMEMBER the LAW.

IF YOUR PURPOSE BE EVIL—TERRIBLE WILL BE THE REACTIVE EFFECT OF THAT EVIL PURPOSE.
INCE the beginning of recorded time, mankind has ever striven to express in tangible form the vaguely apprehended FORCES and POWERS, whose full expression remains a functioning of the UNSEEN UNIVERSE.

Hence his use of Talismans—Amulets—and Zodiacal Gems.

Naturally in his effort to express something of the intangible FORCES of which he was dimly conscious he took as his Symbol the SUN, his IMAGINATION qualifying it as an embodiment of the loftiest aspirations of his SEEKING SOUL.

The first talisman used by primitive man took the form of the SOLAR DISK, crudely scratched on bone or metal, or painted on the body to attract the benefits and good fortune it represented.

The oldest symbol of the SUN is the SWASTIKA. The Sanskrit derivation of the word, SU, good, ASTI, being, is in full accord with its use by every known civilization to attract GOOD or WELL BEING.

The next oldest SUN-SYMBOL is the coveted talisman known as the SCARAB, the sacred beetle of Egypt. The peculiar maternal functioning of the insect caused it to be regarded as a perfect SYMBOL of CREATION.

Another SUN-SYMBOL of great antiquity is the "POINT WITHIN THE CIRCLE" used by warriors as protection against enemies and as a magnetic centralization of SUCCESS.

Our OCCULT TEACHERS assert that the planets of our SOLAR SYSTEM absorb and dispense the Sun’s rays, adding a subtle FORCE of their own which they reflect to the Earth, and that Talismans made under beneficient planetary aspects of the METAL or GEM corresponding to the planet most favorably placed in the Natal Chart, form a channel through which these vibrations are transmitted to the WEARER.

The suitability of GEMS as a medium for the transmission of ASTRAL FORCES has been recognized by ADEPTS for thousands of years. They carry with them spiritual and material powers, medicinal and curative qualities.

Our OCCULT TEACHERS warn us in selecting gems to avoid stones known to have been associated with crime and persons of vicious dispositions.
PRECIOUS STONES are very sensitive to the mental and physical influences of the wearers. Jewels which have been the cause of crime absorb the effect of all the passions which prompted the crime and retain and radiate an evil influence for centuries.

The PRINCIPLE of VIBRATION is the Key to the magical powers inherent in Amulets and Talismans.

Among all the gems the Diamond is pre-eminent for its Occult Power. It should never be worn on the right side. Its governing planet is Mars.

The Ruby has terrific abysses of meaning.

The Bloodstone has great curative properties.

Should you join the LIVE FOREVER FOLK ASSOCIATION you will be trained by a SPECIAL ESOTERIC TEACHER to conscious functioning on super-physical levels, and you will then be able to appreciate and use to your own protection the magnetic influences inherent in precious stones, astrologically selected, as well as making use of the effect they have in the production of certain phases of PSYCHIC PHENOMENA.
A Clairvoyant Visualization of the Ever Rising Thought Screen of Humanity's Seething Mentalism.
HE Art or Science of Magic and Sorcery has been practically lost in the maelstrom of Modern Civilization.

As mankind has degenerated into the unspiritual and material, the ability to comprehend the transcendent power of the Spirit has become atrophied by disuse.

The great majority today practically deny the existence of anything that transcends the perception of the physical senses.

The common meaning attached to the word "Magic" is that of sleight of hand performances.

A certain class, still wallowing in the superstitions of the Dark Ages, regard it as a process of "Conjuring With the Devil" or, on the other hand, utilizing for evil purposes, the malign energies of Earth-bound spirits of the Dead.

As a matter of fact, true Magic is the greatest of Natural Sciences.

It includes an exact Knowledge of Nature both VISIBLE and INVISIBLE.

It is a SCIENCE because it comprehends an assemblage of Established FACTS and proven PROCESSES.

It is an ART for the reason that facility of performance must be acquired by practical experience.

The Science of Magic is the knowledge of the true nature of the visible and invisible elements that compose the Macro-cosm and the Microcosm.

The Art of MAGIC is the process of directing and employing the INVISIBLE POWERS of NATURE.

The acquirement of Magical Experience is the acquirement of Wisdom.

Since, therefore, the Science and Art of Magic is a knowledge and employment of the Invisible Powers in Nature, it is obvious that its Essence is essentially Spiritual.

Hence our enunciation of the First Fundamental Principle for the information and guidance of the Student.

Since Magic is the practical employment of Spiritual powers directed to an End, it is evidently impossible to utilize and employ those powers unless the Operator has awakened to and developed his own Spirituality.

To the Magus all things Hidden are Revealed.

The developed Master of Magic working in conjunction with the "Great Three"—FAITH, IMAGINATION, WILL—exercises the POWERS of the MOST HIGH.
Behold! God Created Man in His Image and Likeness. 
The **Magus** is the **Omega** of that **Creation**.
Should you join **THE LIVE FOREVER FOLK ASSOCIATION** you will be privileged, should you so desire, to apply for and receive a special course in Magic and Sorcery providing the Magus is satisfied that this knowledge **WILL NOT BE MISUSED**.
THE understanding of Dreams necessitates an understanding of the Dreamer and the mechanism of Consciousness through which he functions.

Between SLEEP and DEATH there is a distinction but very little difference.

SLEEP represents a TEMPORARY separation of the Spiritual Body from the Physical.

DEATH represents a PERMANENT separation of the Spiritual Body from the Physical.

During sleep the EGO functions in its SPIRITUAL vehicle and operates on super-physical planes.

When the Sleeper returns to the Physical Body the awakening on the Physical Plane takes place.

Sometimes we have memories, and these memories we call DREAMS.

Dreams are divided into two classes.

The CHAOTIC and FANTASTIC, representing the automatic activity of the physical brain and its etheric counterpart re-enacting illogically the scenes representing the recent operation of its waking consciousness.

The LOGICAL and SEQUENTIAL, representing the activities of the EGO functioning through the Spiritual body on super-physical planes.

The first are comparatively unimportant except from a psycho-analytical standpoint.

The second are of supreme importance and may be subdivided into three classes:

1st—Memories of actual experiences, of things said and done, in the spiritual body while the physical body is asleep. Memories of renewal of intercourse with the mis-called DEAD.

2nd—Subject matter the HIGHER SELF, the SUPREME EGO, is endeavoring to impress upon the lower consciousness, so firmly as to be remembered on awakening.

3rd—Premonition. Efforts of the EGO to impress on the brain consciousness of some coming event either of trivial or vital importance.

Should you join THE LIVE FOREVER FOLK ASSOCIATION a SPECIAL ESOTERIC MASTER will, if you so desire, interpret your Dreams and teach you to make use of them to your comfort and happiness. Dream Memories may be cultivated, but it is important to know the DANGER of the SNAP-PING of the SILVER CORD.
"I am, That I am"

"God"

Oh, Thou Eternal One: Whose presence bright
All space doth occupy, all motion guide;
Unchanged through Time's all devastating flight,
Thou only God, there is no God beside,
Being above all beings: Mighty One,
Whom none can comprehend and none explore;
Who fill'st existence with Thyself alone;
Embracing all, supporting, ruling o'er,
Being we call God, Life, Truth, Love and more.

In its sublime research, Philosophy
May measure out the ocean deep, may count
The sands or the sun's rays, but God, for Thee,
There is no weight nor measure; none can mount
Up to Thy mysteries. Reason's brightest spark,
Though kindled by Thy light, in vain would try
To place Thy counsels, groping in the dark;
And thought is lost ere thought can soar so high.
Even like past moments in eternity.

Thou from primeval nothingness, didst not call
First chaos, then existence, Lord: on Thee
Eternity had its foundation all
Spring forth from Thee, of Light, Joy and
Harmony.
Sole origin, all life, all beauty Thine.
Thy word created all, and doth create;
Thy splendor fills all space with rays divine,
Thou art, and wert, and shall be: Glorious Great:
Life giving, life sustaining potentate.

Thy chains the unmeasured universe surround,
Upheld by Thee, by Thee inspired with
breath;
Thou the beginning with the end has bound,
And with life divine hath conquered death;
As sparks mount upward from the fiery blaze,
So suns are born, so worlds spring forth from
Thee;
And as the spangles in the sunny rays
Shine round the silver snow, the pageantry
Of Heaven's bright army glitters in Thy praise.
A MILLION torches lighted by Thy hand
Wander unwearied through the blue abyss;
They own Thy power, accomplish Thy command,
All gay with life, all eloquent with bliss.
What shall we call them? Piles of crystal light,
A glorious company of golden streams,
Lamps of Celestial ether, burning bright,
Suns lighting systems with their joyful beams,
But thou to these art as the noon to night.

YES: as a drop of water in the sea
    All this magnificence in Thee is lost;
What are ten thousand worlds compared with
    Thee?
And what am I then? Heaven's unnumbered
host,
Though multiplied by myriads, and arrayed
In all the glory of sublimest thought,
Is but an atom in the balance; weighed
Against Thy greatness is a cipher brought
Against Infinity: Oh, what am I then? Naught.

NO: for the effluence of Thy light divine
    Pervading worlds, hath reached my bosom
Yes: in my spirit doth Thy Spirit shine,
    As shines the sunbeam in a drop of dew.
Naught? I live, and on Hope's pinions fly
    Eager toward Thy presence: for in Thee
I live and breathe and dwell; aspiring high,
    Even to the throne of Thy divinity.
I am, O God: And surely Thou must be!

THOU art; directing guiding all, Thou art!
    Direct my understanding, then, to Thee;
Control my spirit, guide my wandering heart;
    Though but an atom 'midst immensity,
Still I am something, fashioned by Thy hand!
    I hold a middle rank 'twixt Heaven and Earth,
On the vast verge of mortal being stand,
    Close to the realms where angels have their
birth;
Just on the boundaries of the spirit land.
THE chain of being is complete in me;
In me is matter's last gradation lost.
And the next step in spirit-Deity!
I command the lightning, I am more than dust!
A monarch and a slave; a worm, a god!
Whence came I here? And how so marvelously
Constructed and conceived? Unknown this clod
Lives surely through some higher energy;
For from itself alone it could not be.

CREATOR, yes! Thy wisdom and Thy word
Created me! Thou source of life and good!
Thou spirit of my spirit, and my Lord!
Thy Light, Thy Love, in their bright plentitude
Filled me with an immortal soul, to spring
Over the abyss of death, and bade it wear
The garments of eternal day, and wing
Its Heavenly flight beyond this little sphere,
Even to its Source, to Thee, its author there.

O THOUGHTS ineffable! O vision blest!
Though worthless our conceptions all of Thee,
Yet shall Thy shadowed image fill our breast,
And waft its homage to Thy Deity.
God! thus alone my lonely thoughts can soar;
Thus seek Thy presence, being wise and good!
'Midst Thy vast works admire, obey, adore;
And when the tongue is eloquent no more,
The soul shall speak in tears of gratitude.

The Science of Numerology

The Science of defining the Destiny of the individual by mathematics applied Astrologically, Psychologically and Physiologically, was discovered by Pythagoras and his student and co-worker, Critolus.

This knowledge has come down the years by word of mouth since 600 B.C.

There has always been one picked member of the ANCIENT COLLEGE who has been designated to give it to the world.

The one so designated as the SERVICE MEMBER to this GENERATION is on the staff of "The Live Forever Folk."

"The Live Forever Folk Association" will provide every member with a CHART OF DESTINY.

This Chart encompasses the entire field of Physics and Metaphysics and shows the "DESCENT OF SPIRIT INTO MATTER."

Accompanying the "Chart of Destiny" will be a complete ASTROLOGICAL HOROSCOPE verified by the principle of NUMERICAL PSYCHOLOGY.

The Chart is elaborately printed in Seven Colors and will be especially prepared to apply to your INDIVIDUAL DESTINY.

We Know
from
The Science of Living Forever

That the Universe is a Unit overflowing with the Essence of Health, Beauty, Power, Opulence, Wisdom and Love.

That the ever seeming contradictions are but the Shadow Shapes of Negative Thinking.

That Sin is Ignorance. Error is Misunderstanding. Vice is Shortsightedness. Failure is Faithlessness. Misfortune is Misfitness. Envy is thwarted Ambition. Malice is Misplaced Charity. Hate is inverted Love. Fear is repressed Hope. Gloom is undawned Light. Disease is Unclaimed Health. Death is unsensed Life. Hell is undeveloped Heaven.

That Humanity must live close to Nature. Eat the Simplest Foods. Drink the purest Water. Breathe the clearest Air. Seek the brightest Sunlight. Cherish the truest Comradeship. Think the happiest Thoughts.

We must, as Divine Beings, GROW OR DIE.

From the foothold of this tiny planet, winged by Hope, Longing and Love, we rise into Conscious Oneness with the Infinite.

Verily I say unto YOU, Seek ye therefore this knowledge of Nature, Self and God, and Behold! there will be given unto you,—

HE Science of Numerology is the Key to the Principle of the Universe.

The proper definition of the word “Numerology” is:

“The Science of numbers applied to the interpretation of any name, word or combination of words that convey a knowledge of anything, person, place or experience.”

By a thorough understanding of the Science of Numerology in the Four Basic Principles one is enabled to correctly define and understand the character, temperament, disposition and ambition of any human being shown by the date of their birth, place of Residence and Name they use. This also enables one to know the Business or Occupation which engaged in will bring unlimited Success. Every experience relating to one’s past and the tendencies toward the future are shown in the number of the individual’s name.

It would require a lengthy description to embody all the angles of this wonderful newly discovered Ancient Secret, which is only hinted at in the encyclopedias, and which always have held out hope that it would be rediscovered.

Our Esoteric Master of Numerology proves every statement by the Science of Numerology and uses the names and birthdays of those members of the Live Forever Folk for his examples. There is no charge made should he select your name and define your fortune. You may have a wonderful name, but be living in the wrong locality to get success. These questions are all settled by this science—if you are a member of the Live Forever Folk.

In beginning this treatise on the Science of Numerology and endeavoring to set forth rules for its application to all problems of life, we will give our reason for interpreting the value of certain digits from one to nine and words that are represented by a single digit, which will hereafter be referred to as the vibration of the word. We mean that each word has, when properly

Sixty-nine
reduced to a single digit, a weight or power or vibratory force or expression that results in sound and is preceded or followed by a mental vision of the thing named or numbered.

Now, take the alphabet and divide it in the following manner to get the numerical value of each letter:

"KABALA TABLE"

The following rules must be observed very carefully:

FOUR BASIC PRINCIPLES OF NUMERICAL PSYCHOLOGY

1. **Gross Volume of a Word:** The total number of symbols or digits of which it is composed. The single digit is placed over the word.

   Example: "Word"

2. **Atomic Weight of a Word:** Is the total or final digit after the figures under each letter have been added together until one digit remains, thus:

   Example: "Word"
   
   5694 equal 24 equal 6—
   
   the atomic weight of "Word" is six.

3. **Combined Power of a Word:** The combined power of a word is found by adding the Gross Volume Digit and the Atomic Weight Digit together, thus:

   Example: "Word"
   
   5694
   
   24
   
   6—plus 4 equals 10 or—
   
   the combined power of the word is therefore 1.

4. **Origin and Destiny:** Is the total number of figures or digits of which the whole word is composed and is found by

   Seventy
counting the number of figures you have used in the deduction, thus:

4

Example: "Word"
5694
24
6
10

Now start and count them, 4 5 6 9 4 2 4 6 1 0

Thus you have used 10 digits and that, when added, make 1, which is the Origin and Destiny of "Word."

There is but one "Principle."
Principle is the foundation of all laws.
Principle always was and always will be.
Principle is primarily divided into five great heads. They are: Mineral, Vegetable, Animal, Human, Spirit.

Principle manifests individuality in each of these kingdoms but expresses itself literally in many absolute Laws.

Principle itself is singular, having no sub-expressions or manifestations, it never changes or fluctuates, it is always the same. All laws spring from the one principle and change with the changing evolution of Nature, but the Principle never changes, even with the ravages of time. Principle is Infinite: Laws are Absolute.

Principle is the basic Truth of all things, times, and Universal Manifestations of action or re-action.

Knowledge is a clear understanding of Truth in all its infinite gradations, acquired through the medium of Experience through the nerve force.

Memory of Experience is Knowledge.
Knowledge wisely applied is Power.
Power is Controlled Vibration.
Vibration is Omnipotent.
All signs and symbols are Vibratory.
Colors are the Vibrations of the Elements.
Elements are Materialized Thoughts.
Thought is Destiny.
Destiny is Atonement with God.

Man made in God’s image is Spiritual—expressing the will of God in material form—in touch with God through the Nervous System.

The Nerves of the system receive the vibration. The Brain records it in Memory, and the Spiritual Comprehension of man classifies it and it is then Wisdom. “Ne plus Ultra.”

We reach the Spiritual Comprehension, seat of Wisdom, through the fourteen sensitory nerves:

It has been said of Numerology: It holds the secret of “That something”—What are we? Where did we come from? What are we here for? Where do we go from here?

Anyone knows the answer to the first question—“What are we?”—and will readily tell you we are human beings. That is correct. But what is a human being? “A man made in God’s image.” Yes, that is right. Formed of “dust of the earth” that we might have physical power. A body of substance enclosing the Spiritual Ego, whose intelligence directs the actions of the body, both consciously and unconsciously. There are two sets of muscles in the body. One is called voluntary muscles, those we consciously bring into action, and the involuntary muscles, those over which the human mind has no control.

The Creator of this wonderful human machine called our body is the Spirit, the Soul replenishes the structure and Ego mind is master of the tabernacle, which came from God and will return unto God.

Seventy-two
This chapter has to do with Human Temperament, as defined by the Science of Numerology.

The word temperament comes from the Latin and signifies a mixture or arrangement of qualities or parts. The Apostle Paul speaks of the body being "tempered together." In mechanics the expression is common. A mason speaks of tempering mortar, the machinist speaks of tempering steel; a good or proper temper meaning a mixture or blending of properties in proper proportion, so that the effect desired shall be good. Temperament as applied to the human race is a proper mixture development and harmonizing of the physical elements that constitute his being or body.

In ancient times there were four primary components of the body. First those who had a great abundance of blood, round face and smiling countenance were said to be "Sanguine." If on the other hand they were thin and solemn faced they were called "Phlegmatic." If one had a moderately round face and could smile and weep equally by turn, were emotional and easily excited, they were called "Choleric," and if they never smiled and were thin and despondent they were called "Melancholic."

Now, as our likes and dislikes are dependent upon our temperament, so our abilities and lack of mechanical skill are likewise traceable to the temperament of the individual. The great aim of Nature seems to be to so blend the elements of the physical organism and bring them to a perfect functioning at the will of the soul that possesses them. When this condition is reached it is called Poise, and then there is not found a trace of temperaments of any one of those here designated, but one possessed of poise is rather looked upon as a super-being. Perfection in temperament is the great aim of the stock breeder, but is almost overlooked by the human race progenitors. When a few years ago the world was startled by the craze for Human Eugenics it looked very much as though something big would develop, but the sensation of a season has died down until now one seldom hears the word Eugenics mentioned.

Go where we will we find the most successful business men and the shrewdest salesmen are students of human temperaments, and they can tell at a glance the immediate chances of being able to sell to their prospect. If they are advanced in the science of Physiognomy they know just how to approach their subject. They know the leads that may be advanced with safety, they know when to tell a story and what kind of a yarn it must be to please their prospective customer.

Seventy-three
So we make the statement without fear of contradiction that there is not a more important science in the world than that here set forth: "How to Read the Human Name" by the number of the soul.

In using the word Temper, soft or hard, sharp or dull, we wish our readers to understand that in this Science of Numerology we deal with each of the words we use in their final analysis. So this word temper leads us to the knowledge that temper gives power. Now observe the word:

\[
\begin{array}{cccccc}
T & E & M & P & E & R \\
2 & 5 & 4 & 7 & 5 & 9 \\
32 & 13 & OD \\
5 & AW & Note \\
11 & 2 & CP \\
\end{array}
\]

Now refer to the abbreviated foregoing statement: "The soul replenishes," or we might say builds, the body. In other words, it mixes the elements that compose our flesh body. So temper then is the result of the Ego intelligence blending these various vibratory etheric substances called foods into what we call Spiritual, Mental or Physical Dispositions. Temper and Disposition are identical words in Atomic Weight, per se.

\[
\begin{array}{cccccc}
D & I & S & P & O & S & I & T & I & O & N \\
4 & 9 & 1 & 7 & 6 & 1 & 9 & 2 & 9 & 6 & 5 \\
59 & 20 & OD \\
14 & \\
5 & AW & Note \\
7 & CP \\
4 & \\
W & I & L & L \\
5 & 9 & 3 & 3 \\
20 & 8 & OD \\
6 & \\
\end{array}
\]

Will in gross volume is four, denoting that it is in the mind; atomic weight of Will is two, showing that it is Ion Vibration; the Combined Power is Six.

There are nine Dispositions or Temperaments. Temperaments are of the Ego, but Dispositions are of the Spirit. As the Spirit wills the Ego orders and the Mind directs and the Body acts. And all action is by word.
As there are only four perfect numbers between 1 and 10,000, so there are only four perfect dispositions or temperaments in ten thousand people. The proportion holds good throughout all nature.

Now the perfect number between one and ten is 6. The other one between ten and one hundred is 28; the one between 100 and 1,000 is 496, and the one between 1,000 and 10,000 is 8128.

A perfect number is a number that the sum of its divisors other than itself equals the number.

For instance: 6 is a perfect number because the sum of its divisors other than itself equals 6—6 equals 1 plus 2 plus 3 equals 6; 28 in like manner—28 equals 1 plus 2 plus 3 plus 7 plus 14 equals 28.

The three divisions of numbers and names of people are called Abundant, Deficient and Perfect. Perfect number is 6 and 28; Abundant number is 12 and 24; Deficient number is 8 and 14. The Perfect are between Excess and Deficiency as consonant sound between acuter and graver sounds. These are the names of persons, and such persons’ dispositions are interpreted from the sound of their name, which sound is produced by the number of the name, and the number of the name holds the secret of the character and power of the individual bearing that name. The four perfect numbers, you will notice, have the property of ending alternately in 6 and 8.

Gross Volume of a name is what the person is as a whole; it is the Temperamental number.

Atomic Weight of a person’s name is an index to their Desires and Ambitions.

Combined Power of a person’s name foretells whether the Ambitions and Desires will be realized.

Origin and Destiny of the name tells what the Desires and Ambitions of the person should be if they would be perfect—Health, Happiness, Finances.

Note—To attain the highest Ideal the final number must be 9.

Financial and Commercial Success, the final number is 8.
Your number of Destiny may be good for success though
made up of a different combination of figures that total 8 or 9.

Explanation

Everyone should know the number to which his occupa-
tion must vibrate and the number of his true mate.

Once you get the Soul, or Key number you may learn other things of vital importance. Since all things manifest
according to the law of numbers, or vibration, everything can
be made to respond to these laws. For numbers are not arbi-
trary symbols, but constitute a sacred science, its symbols being
generated by the manifestation of all nature and the cosmos
itself. Know the keynote of that which you desire, harmonize
yourself with it, and Health and Success are yours.

Mathematics is the only exact science.

Each number from 1 to 9, inclusive, has certain moral
values and certain characteristics under this system of Truth.

No. 9 Is Highest

The alphabet as shown on another page of this article is
divided in a manner so as to bring forth the numerical value of
each letter.

Each word must be reduced to its lowest numeral. For
instance: If your first name is James, its numbers are 11451,
or, added together, 12; or, again, added together, 3. This is
the method of obtaining your Personality number, and the full
christened name must be used.

President Harding's name, for instance:

War ren G a m a l i e l H a r d i n g

5 1 9 9 5 5 7 1 4 1 3 9 5 3 8 1 9 4 9 5 7

34
- 33
- 43
- 7
6
7

His Personality number is 2.

The Soul number is obtained by adding the entire number
of digits comprising the month, day of month and year born in.
For instance: President Harding was born 11/2/1856, and

Seventy-six
when added together results in 24, or 6. Therefore, 6 is his Soul number.

The Residence number is obtained by adding the numbers representing the letters in the name of the town and state where one may reside. For instance:

Washington
5 1 1 8 9 5 7 2 6 5

Added, 13; reduced, 4.

The Occupation number is obtained by the same method. Thus:

President of the United States
7 9 5 1 9 4 5 5 2 6 6 2 8 5 3 5 9 2 5 4 1 2 1 2 5 1

Added, 114; reduced, 6.

It is thus arranged under a four-fold proposition, and the total of the four results in 18, or, adding the 1 and 8, gives 9. Therefore, the vibration brings forth world-wide satisfaction. See Destiny numbers previously given.

When you find the numbers given by your birth date, your name and the town and state you live in, you can test the suitability of your occupation. If its number brings the total that can be reduced to 9, it is the work for you. If not, you are engaged in the wrong occupation or the wrong place, and can find a better position or place of residence.

To find the number of your soul mate, find your key number from the date of your birth, and then search for an affinity whose key number added to yours will make 10, or, reduced, the numeral 1.

This is the perfect human life.

The numbers 3—6, or 9, occurring in the Personality number and Soul number bring forth the vibrations favorable to music, the arts and oratory.

1—4—8 Pioneering, Building and Mechanics.
2—5—7 Diplomacy, Chemistry and Theory.

In a comparison with any other name, the atomic weight of which is in value the same as the Origin and Destiny of the name that is compared, there is always a close relationship to each other.

If the atomic weights are of similar value, it of course indicates the names are of necessity under the same vibrations. The Gross Volume and the Origin and Destiny being similar in value brings forth a close relationship. This discloses the law of creation and is of vital interest to humanity.
Meditation on God

by

An Occult Seer

SUPREME GOD, unknown yet sensed, Thou art indeed the One permanent, ever present, unchanging Power in an ever changing Universe.

Heat and Light, Electricity and Magnetism, appear and disappear, plodding, vacillating agents, compared with Thy steady Existence.

Thou art the Beginning and the End. All things Earthly and Unearthly kneel before Thine Omnipotence.

Thou art an Unimaginable Potency! Thou createst Motion and yet mainustainest the Equilibrium of all things terrestrial and celestial.

Thou art a Voice out of the Beyond! Distance disappears before Thy ever-reaching Spirit.

Thou holdest the Universe together and for Thee there is no word expressing Time.

Thou art a Voice from the Space Caverns of the Universe, and all created things are but the Echoes of Thy whispered Thought.

Thou art a Voice that carriest the history of the Past into the Present.

For Thee there is no Past, no Future.

Thou art the Timeless One, connecting and covering the Past, Present and Future.

Past, Present, Future! Father, Son and Holy Ghost. GOD.

And yet is there not SOMETHING farther out in those fathomless Caverns, beyond the suns and vortices of suns, beyond the infinitely distant star mists, beyond the silent, unresolved nebulae, beyond Mind Imaginings, from which even Thou comest! FOR HOW COULD NOTHINGNESS HAVE FORMULATED ITSELF INTO A VOICE?

The Suns and Universe of Suns are perhaps only vacant points in the depths of an ALL PERVADING ENTITY in which EVEN THYSELF dost exist as a momentary Echo, destined eventually to fade away in the interstellar expanse outside and beyond the Celestial Sphere, where disturbances disappear, matter and gravitation die;—where all is pure, quiescent, peaceful, dark—The Womb of Creation.

Meditation on Eternity

by
An Occult Seer

There is a Timeless Point in Time.
There is a critical point of INSTANTANEOUSNESS that partakes not of the First Second, nor a fraction of a fraction of the First Second.
That Timeless Point in Time is—Eternity.
We die.
The Soul separates from the Body.
The Process of separation represents a duration of Time.
The Point of Liberation is Instantaneous.
Death therefore at the Point of Liberation ushers the separating Spirit into—Eternity.
At that critical point there is neither Beginning nor End.
There occurs an annihilation of Space and Time.
Crushed into this limitless Conception of the Critical Point is the Eternity of Happiness that represents Heaven and the Eternity of Anguish that represents Hell.
At that spaceless, timeless point where motion ceases, the Soul of man emits a Cry.
IT IS THE SNAPPING SCREAM OF THE WHIP-LASH OF DEATH.
It is the Electric, Spaceless, Timeless, Instantaneous Severance of the Silver Cord.
Beware of the Eternity that follows on the heels of Evil Living.
It is a Vortex of Inconceivable Anguish.
IT IS—HELL!
THERE IS NO ONE IN THE WORLD WHO CAN BENEFIT YOU BUT YOURSELF.

IT IS THROUGH YOUR ACTION OR INACTION THAT YOU EXPERIENCE SUCCESS OR FAILURE.

THIS IS THE CRITICAL MOMENT.

ON YOUR DECISION AND YOURS ALONE DEPENDS YOUR FUTURE WELFARE.

DECIDE IN THE AFFIRMATIVE AND DO IT NOW.

"Truth Within"

"Truth is within ourselves; it takes no rise
From outward things, whate'er you may believe,
There is an inmost center within us all,
Where Truth abides in fullness; and around,
Wall upon wall, the gross flesh hems it in,
This perfect, clear perception. And to know,
Rather consists in opening out a way
Whence the imprisoned splendor may escape
Than in effecting entry for a light
Supposed to be without."
