Foreword

This, the first issue of an American Psychic Directory is the foundation upon which we will build with a view of being able to indicate individual workers and societies engaged in psychic or spiritualistic activities throughout the entire country in future editions.

It was our desire and intention to embellish the first edition with a greater number of listings, but as an insistence developed in various quarters for an immediate publication, we decided to go to press with the material we had in hand.

Questionnaires for inclusion in future editions will be furnished upon request.

All Societies and Active Workers are cordially invited to apply.

A lifetime student of Astrology, Miss Jameson has taught and practised it for fifteen years. Thinking people have awakened to the fact that in Miss Jameson they have one of the outstanding figures of the Astrological World.

Miss Jameson specializes in Character Analysis and Vocational Advice. Complete Readings considered. Write to her for further information and terms.
