What's wrong with the world? I can tell you briefly in one sentence: Mankind is trying to get along without the Creator, the Divine Architect who drew up the Blueprint for humanity to follow. For the past 6,000 years humanity has been determined to go its own way with disastrous results, as you can see as you look over the world today.

What must we do to get back on the Path and to follow the Divine Blueprint? God Almighty commissioned the Children of Israel to lead the world in the Path of Righteousness. But we find the preachers and the various religious sects telling the world that the Jews are the Children of Israel—they are not. I recently read an article in a periodical dealing with spiritual and occult things that was telling its readers that Moses was a Jew. Any Bible student knows, or should know, that that is wrong. There were no Jews on earth in Moses day. The name or term was unknown until long after Moses day. The first time the name Jew was named is in the Second Book of Kings.

The Modern Israelite is of Anglo-Saxon blood stream. In modern times you must go back to the time of Jeremiah when he crossed the ocean, landed in Spain and then in Ireland. He brought with him the two daughters of the king. One was left in Spain and the other married the Irish king. Is it any wonder the Irish are so proud? The Anglo-Saxon and Nordic nations are Israelites, and also a part of Germany, especially Saxony.

America had to break away from British rule because she was departing from the Blueprint. Even that was not sufficient for we have been invaded by the Old World and its ideology until we, too, in America are thoroughly corrupted. Today "The Canaanites walk in the House of the Lord." God Almighty is determined that we shall get back on the path, and is going to let us suffer until we come to our senses, like the Prodigal Son.

There must and will be a call for repentance here in America. We must openly acknowledge our dependence upon God and the Leadership of the Lowly Nazarene, Who is coming in the near future to take over the reins of government—but first we must see the error of following Satan's imitation government, the United Nations. The U.N. is Satan's substitute for God's Government, and it has had disastrous results. That is why we were defeated in Korea through the actions of General Marshall who was a weakling and under control of the enemy.

Today America is under the dominion of men who have surrendered to the Russian ideology. Khrushchev openly boasted that he has access to all our secrets—and he has. He works through the Rockefeller empire. Rockefeller plans to win the presidency of the United States. Lucifer and all his servants are doomed to disaster.

Those on the Higher Planes, lead by the Lowly Nazarene, are inspiring men and women in different parts of the world. We are printing some of those messages in this book, which is like a continuation of our previous book **MESSAGES FROM HIGHER PLANES**.

The Lowly Nazarene is going to set up the Golden Age, and nothing that Lucifer and his servants can do will stop it. I want you who read this to realize that God is Omnipotent and all Powerful. God gave humanity 6,000 years to straighten out and sober up. Time is now run out and God Almighty is going to show His invincible power. He, Who we know as Jesus the Christ, is the focusing center of that power.

Many of you are fearful. The Good Book says: "Perfect love casteth out fear." It is no longer a question of "if" only "when." The Divine Blueprint, which you will find in your Bible, is going to work to the letter. Disasters will take place here in America repeatedly until we come to our senses and say with the Prodigal son "I will arise and go to my father." Readers, have you suffered enough that you are willing to do that or do you want more pain inflicted upon you?

The keynote is: Man's rebellion to God is the seat of all our trouble. Each and everyone of us must realize that we are prodigals and say: "I will arise and go to my Father." First, we must acknowledge that we have taken the wrong path—that is repent. After repentance comes obedience and you and I can end all our troubles and suffering right now, if you follow the above formula. When you have set your spiritual house in order, sign up with the Christ Army and be willing to take orders because the Man of Galilee is not a sloppy sentimentalist. He is going to rule with a rod of iron and, if you are a rebel, you won't like that. You must come to it or perish. Millions will be taken out of the body because they refuse to surrender their carnal will.

I ask you who read this book to get into the act and help to spread this message because the foundation will be laid by the descendants of the Children of Israel. Israelites and not Jews are God's Chosen People—not chosen for any special privileges but chosen for service to the King of Israel, Who is now preparing to bring His Army to the Earth Plane, regardless of whether you believe it or not.

It is Christ or Chaos. What shall it be in your life? The Master is looking for men and women who will dedicate their lives to His Service, men and women who are willing to be obedient to His every command. "Seek ye first the Kingdom of God and His righteousness and all other things will be added unto you."

# PREPARING FOR THE FUTURE

From "Messages of Light, Given in His Name"

The time is short for preparation. It is so easy to fall into the error of taking one day at a time and expecting future days to fall into like pattern.

I do not mean ye should look ahead and worry. But if ye live each day in full service and love and praise to the Father and His Son, then indeed do ye prepare for the future. For as ye step today so are ye likely to step tomorrow. And a series of steps make the Path to the Lord, if each is taken in His direction.

There is no time for side steps to be taken, while ye explore a by-path. Ye must all get as close to thy Shepherd in the sheep-fold as is possible, and as soon as possible, if ye would have shelter in the storm ahead.

Have no fear, for fear carries ye away from the Father and the Good Shepherd. A sheep that strayeth from the flock becomes lost and must be searched for by the Good Shepherd. But there is no time for the Good Shepherd to search for strayed sheep. Such only slow down the time of His coming.

If ye would do service to bring His Kingdom to earth, then must ye indeed stay close to thy Shepherd and prepare thyself for the troublesome times ahead, by filling thy being with Love and Praise for thy Father and service in His Name.

I, Dr. Montzelle, have instructed this day in the Name of the Lord Jehovah God. Amen.

## The End of the Gentile Generation

### 1964 - A Year of Destiny

By Norman C. Pierce

All through the Bible, the Lord plans His work and organizations in divine numbers or multiples thereof, such as 3½-7-12-24-40-50-70-120-144, and so forth, with a small plus or minus margin, at times. It appears that He still operates that way in these last days of the Gentile Generation. D&C 45:28, 33.

In the following table, the dates are figured from 1820, which marks the first Vision of Joseph Smith, to his death in 1844, and the last column marks the year of culmination or realization - 1964. First we have 24 years of Divine warnings - then a 120 year generation of Judgments.

## 1. A DIVINE CYCLE

1820 ..... plus 144 years ..... 1964

## 2 A. GENERATION OF JUDGMENT

1820 ..... plus 24 years - 1844 ..... plus 120 years - ..... 1964

## 3. LIGHT AND DARKNESS

1820 ..... plus 70 years light - 1890 ..... plus 70 years darkness,  
1960 plus 3½ yrs - 1964

## 4. THE NEPHITE "DREAM" MINE RECORDS

1820 ..... plus 24 years - 1844 ..... plus 50 years - 1894 ..... plus  
70 years - 1964

## 5. A GENERATION OF WARS

1820 ..... plus 24 years - 1844 ..... plus 70 years - 1914 ..... plus  
50 years - 1964

## 6. THE GREAT PYRAMID GENERATION

1820 ..... plus 24 years - 1844, plus (Great Step) 120 years -  
Junction Complete 1964

## 7. PRESIDENTS DIE IN OFFICE IN NATIONAL GENERATION

1820 ..... plus 24 years - 1844 -

Tyler	Elected 1840	Died in office 1841
Lincoln	1860	1865

Term, 1961 to 1964

## 8. WASHINGTON'S CENTURY PROPHECY

November 1861, plus 100 years, brings us to 1961, plus 3½ years  
brings us to 1964

## 9. " THE SIXTH SEAL" SHORTENED

2001 minus 40 - 1961 .... Opening of 7th Seal, plus 3½ years - 1964

## EXPLANATION

1. We have a full cycle of 144 years from the Coming of Christ in 1820 to the coming of Christ in 1964 - not the final coming.
2. We have a Generation of Judgment like unto Noah's (120 years) (Matt. 24:34, 37; Gen. 6:3) which went into force with the death of the Prophet Joseph in 1844. "For a testament is of force after men are dead; otherwise it is of no strength at all while the testator liveth." (Heb. 9:17) "The testators are now dead (Joseph and Hyrum Smith) and their testament is in force." (D&C 135:5)

3. We had 70 years of light and revelation of "Thus saith the Lord", from 1820 to 1890. Then 70 years darkness to 1960. Now comes  $3\frac{1}{2}$  to 7 years of purging and restitution from 1961 through 1967. This may witness the Final Coming of Christ to His Temple in the New Jerusalem, after the tares are burned.
4. Marks a cycle (1820 to 1844) of 24 years of restoration to the Prophet's death in 1844, in which we received most of our modern scriptures. 1844 to 1894 marks a 50 year cycle of twilight to darkness. 1894 to 1964 marks a 70 year gestation period to a rebirth of the Greater Scriptures, such as the sealed part of the Book of Mormon; the Brass Plates; the writings of the Brother of Jared; of Enoch; of Joseph of Egypt; of John the Revelator; and of the Ten Tribes. In 1894 the Angel Moroni commenced the Nephite or "Dream" Mine. By 1964 we may receive these hidden records, together with the greatest gold supply in the world.
5. Marks 120 years of Judgment upon the Nations. 70 years of lesser wars, to 1914, and 50 years of World Wars to 1964, which is a Jubilee year for a New Age. 1965 may bring Peace and Brotherhood through acceptance of the entire gospel.
6. The 120 year Generation of Judgment is marked on the Great Pyramid, from the "Great Step" (1844) to "Junction Completed" (1964) in the King's Chamber.
7. Shows 7 United States Presidents elected 20 years apart, who die in office during the 120 years of judgment (1844 to 1964) the end of our present government. (Ether 2:9, 12)
8. Marks the prediction of General George Washington to Civil War Commander General George McClellan, that "ERE ANOTHER CENTURY PASSES BY, AMERICA WILL FACE HER 'THIRD AND GREATEST PERIL' ", our FINAL WAR.
9. Matt. 24:22. "Except those days should be shortened there should no flesh be saved; but for the elect's sake those days shall be shortened." "Those days" may be shortened by 40 years, thus 2001, the numerical beginning of the Millennium, minus 40 years, would be 1961, and 1961 plus  $3\frac{1}{2}$  - 1964.  $3\frac{1}{2}$  years if final warfare and tribulation are indicated in Rev. 11, prior to one of the Comings of Christ. D&C 77:13 places this in the 7th SEAL. The 40 years may be added to the end of the Millennium when Satan is released "for a little season" making an even 7000 years of man's existence. Thus, 1965 may bring PEACE ON EARTH AND THE UNIVERSAL BROTHERHOOD OF MAN TO PREPARE THE WAY FOR THE KING OF KINGS ABOUT 1967. "BE ALIVE IN SIXTY-FIVE" — "KEEP ALL THE COMMANDMENTS."

# Heavenly Signs

from "DESTINY", January, 1962

By Howard Rand

The Psalmist exclaimed when he contemplated the majesty of creation as it is revealed in the heavens:

**"The heavens declare the glory of God; and the firmament sheweth his handywork." (Ps. 19:1.)**

Continuing, the Psalmist informs us that the heavens speak in a language which is understood by all peoples, for upon the vault of the heavens pictorial star groupings are depicted that convey a remarkable revelation to those who will study their significance.\*

**\*See The Stars Declare God's Handiwork, 50 cents postpaid. Destiny Publishers, Merrimac, Mass.**

In the account of creation as it is given in the first chapter of Genesis, the statement is made:

**"And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years: And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so. And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also." (Gen. 1:14-16.)**

These were not only to furnish light, marking the days, years and seasons, but they were also to be for signs. The wise men, conversant with the meaning of the stars as signs, understood the significance of what they had witnessed in the heavens and journeyed to Palestine to find the child who was born to be King.

Because of the most thought-provoking implications of the heavenly sign which will consist of a conjunction of seven heavenly bodies that will take place in the constellation of Aquarius the first week of February 1962, we are reprinting an interesting report that appeared in **The Covenant Message**, South Africa, for October 1961, under the title, "Do the Stars Foretell?":

**"The Sunday Dispatch** of January 22, 1961, is reported to have published the undermentioned details concerning a startling planetary conjunction in the near future:

**"An amazing and prodigious happening is about to take place in the heavens. It has not occurred for 25,000 years. For the first time in the recorded history of mankind five major planets — Mercury, Mars, Venus, Jupiter and Saturn— will all enter the same 19 degree arc of the Zodiac — called Aquarius — together with the Sun and the Moon. . . . The astrologers of the world are in a ferment. What, they ask themselves, is going to happen? Some, it seems, are just about to make for the top of the nearest hill and wait for the end of the world in February 1962.**

**"Five planets in conjunction have them gasping. Twice before there have been just three in such a situation. The first time was in 577-574 B.C. Then Buddha was born, transforming the Eastern half of the world. The second time three**

planets entered a new sign was the period 10 B.C. to 80 A.D. Then Christ was born, transforming the life of the Western half of the world.

"It is interesting to note that only twice in the recorded history of mankind have three planets entered the signs of Aries and Pisces, respectively, and on each occasion half of the world was transformed. Now five planets, as well as the sun and moon, are entering the sign of Aquarius, whose sign is a water carrier, and we know that, with our Lord's Second Coming, the whole world will be influenced. . . ."

"Well, there you have it. Do the stars really foretell? Is Astrology such a discredited 'science' as is made out? Some encyclopedias call it a 'pseudo-science.'"

"It is significant of the change of attitude to note that the New English Bible in Matthew 2:1 translates the Greek word 'magoi' (A.V. wise men) 'astrologers,' and in Luke 21:25, the Greek word 'semeia' (A.V. signs) 'portents,' so that the 'semeia megala' etc., are rendered 'in the sky terrors and great portents.'"

"We are near enough to the month of February, 1962, when this astronomical event is heralded to take place, to be able to reserve judgment.

"But the question may be asked right now. Will that conjunction of heavenly bodies have to be considered as one of the 'signs in the heavens' referred to by our Lord in Luke 21:25? Will we from now on see more such culminating in the next dreadful event 'near panic,' i.e., 'on earth distress of nations,' a situation which the new translation of the Bible describes as: 'Portents will appear in sun, moon and stars. On earth nations will stand helpless, not knowing which way to turn from the roar and surge of the sea. . . .'"

"Not for us the panic, oh, no. It is really good news ultimately. For those interested in the meaning of numbers:

"(1) There will be five planets in conjunction. Five generally in Holy Writ means blessing.

"(2) Add to these the Sun and the Moon and you have seven heavenly bodies in conjunction. Seven is the signature of the Lord God Almighty, Creator of the heavens and the earth.

"(3) The conjunction takes place in the 19th degree arc of the Zodiac, and nineteen is the number of the Metonic cycle and means 'restoration.'"

"(4) That degree arc of the Zodiac is called Aquarius — the water carrier. Does it not mean for us Israelites the fulfillment of Isaiah 12:3? 'With joy shall ye draw water out of the wells of salvation.' Water of life provided by the GREAT ONE, the Water Carrier.

"To sum up, if this is a portent, it is a great and good one and ultimately means and foretells the coming of the Son of man in the clouds (clouds carry water) with power and great glory."

## From Mark-Age Bulletin

Beloved ones, dear to my hearts and help-mates in the Cause of Victory and Freedom, I Am your Leader and your Brother, JESUS, who goes before you to clear the way and make the path so much easier.

I will not speak at great length this moment, for you have heard many things from me and from others speaking my desires to you - and the desires of Spirit, above all, to all of us. I have not left this conclave. I have not deserted this Project. I am only leaving you in better hands than mine - the Hands, the Power, of Spirit within you. Enough words have been spoken, through many cycles and many eons, but this short period that you are presently in - that we have named, for your own reference, the Reaction Cycle - is perhaps the most important period of balancing or reaction you have ever consciously gone through. You are balancing not only the events of the past few weeks, the events of the past Action Cycle, the events of your entire spiritual development of this lifetime expression, but you are balancing the spiritual evolvment of Man on the planet Earth.

Now through these dedicated ones is that balance taking place. Hearken carefully to every thought that passs through your mind. Listen to every thought as though it was a being, an individual friend or enemy. If it be a friend, embrace it, clothe it, protect it. If he be an enemy, sweep it out, destroy it without mercy! For now you are to come forth and to demonstrate for all Mankind, in this present Era of Mark-Age, that Consciousness which is to be perfect, without flaw. You cannot tolerate enemies or deceivers in the house or the temple of your own Being. Help ye one another to do this. Above all, do not realse the vigil that you have come to recognize as the most important Light-bearing moment of your present Earth existence.

Much is not said in this communication. Speak it out among yourselves. Meditate upon it in the privacy of your own thoughts. But leave it not alone. Hold it close - and you will have me, when you do hold these thoughts close. For I Am more present with you that I have ever been - but not more than I shall be soon!

All that has been promised to you is to be fulfilled - and you will see it, and you will know it and you will be filled with satisfaction! Amen. I am JESUS.

MICHAEL, of the Band of Angels which bring about Truth and Manifestation of Truth. Be not impatient! We serve you all,, and know in advance where best to serve, and when to bear fruit that is yours to bring into the world.

I Am in this Program and with this Project and cannot be dis-

suaded from my course, as I have with me the power of many millions to bring forth that which is decreed from the beginning of time!

Lo, your eyes are to be opened! Hark, your ears are to be unstopped! Cheers, for your voice is to be flung across the nations and herald the New Day for Earth! MICHAEL Band of Angels serves this Program.

MA/Y - 10/3/61

\* \* \* \* \*

My own Beloved, I AM JESUS. With a heart filled with Thanksgiving, with joy unbounded in the human bosom, I touch your hearts and speak to the innermost being of Mankind.

Come at once and answer the Call. Come at once and be with me where I Am. Children of God you are, and Sons of Man you will be. When I have spoken to you in the past you have not understood my words many times, and yet I continued to speak. No longer can I speak to deaf ears, to stopped-up hearts! The time is now for action. No longer may I be given permission to teach, as I must now act - and you must fulfill this performance.

## Dedication Ceremony of Mark - Age MetaCenter in Miami

Blessed art thou who have received my Love and my Blessings of Spirit, the Father - Mother Energy and Creator of All. I Am JESUS OF NAZARETH, the leader of this Program and the Prince of this planet. You are here gathered in a private conclave to receive this first of a series of energy transmissions to the Mark-Age Associates around the world.

Of myself I give and have nothing. But of the Father-Mother God I am All, and give All and bless All. You, my co-creators in Christ, shall bring forth new Thought, new Peace, new Dedication to the Race of Man on Earth during this Mark-Age period of time. No more can confusion and chaos reign. In all such as you see in this present house there is confusion, which must be set in order.

Work them in the House of the Soul of Mankind as you work in this house of Earth. Work from room to room, thought to thought, error by error - cleansing, setting right and replacing with Beauty, with Love and with Dedication. This is the principle by which we have demonstrated your present new cycle of healing. Soon you will know of the tremendous scope of your new phase of operation. But first we bring your house in order, your lives in order, your thoughts in order. Then we release this order into the disorder, and bring about harmony and new understanding.

Through the doors of this New Age - this which you call MetaCenter - we bring all who are to be one on the planet. They will come in many ways - not all in the physical, third-dimensional body. They will come in thought. They will come in the astral. They will come with their etheric bodies only - seeking you, contacting you

and being healed by you. For you are the focal point now of our work. Our energies of the Etheric Realm are centered in and around this group of five, six, seven and soon to be eight.

Physically, you are numbered with a few- spiritually, you are beyond counting. When the time comes for you to be consciously aware of what is taking place in your own bodies, within your own group and within your own Center here, you shall be enlightened with a Light that shall shine as a beacon for every man on Earth to know. For here is centralized our physical hope, our physical energies. In and around those with whom you come in contact - on many levels of thought, of physical contact, of spiritual union - you do have, and will have, represented every brother, every facet of Light Workers, in God's Kingdoms. This is as it should be.

Know henceforth that all who are coordinated, cooperating, with the work coming forth have our blessings - have our special energy and creative thought cleansings. None are too small, no problem is too great, that we cannot coordinate and cooperatively change for God. We must begin now to know this, to do this and to be this in action.

None are the same today that they were yesterday, none yesterday as they were before - for each day brings an opportunity for us to raise higher and higher the understanding, the dedication and eventually the demonstration. Go then among your friends and fellow workers. Go then about your affairs, knowing that you represent a focal point, or a pin-head, of activity and action far beyond your physical understanding.

Love ye one another! For as you demonstrate this, you demonstrate the love for God, for Peace and for all - in Unity and Oneness forever. Great is the blessing that you know not of, and greater is the blessing that you now have seen. Amen. Amen. Amen. Sholom. (Jesus then spoke in a language not recognized by us.) Lord, I am yours to command. Let me hear Your Voice, and be Your Instrument of Peace. I am JESUS. MA/Y - 11/11/61

\* \* \* \* \*

I Am JESUS of NAZARETH. Blessings from on high. Peace to all in God's Kingdom. May you know the rewards of everlasting Life - here on Earth, as on every Realm here - after.

We bring you Love. We bring you Strength. We bring you Aid. From millions upon millions who know your mission, more than you presently know of it. Hear then this decree: Father of us all, Creator of the Universes, we join with You for Peace in Your House now. We let nothing disturb our atmosphere, our planet, our life. For in You is only Peace, Order and Harmony. Therefore in us can only be Peace, only Order, and the Harmony which You Are.

Go and bring about this Order and Harmony. It is not a struggle and it is not a problem, for it already exists - and you are to see it, and it will be! Come unto me, those who question and worry on the way. For I have laid down the foundation walk, and you may follow in those steps without stumbling or without fear. There is

no problem that has not been covered, cleansed and set right. But there is already Justice. There is already Love. We have gathered together from all realms at this moment to instill through this work of Mark-Age, Unit No. 7, the path that is before the Earth plane. Not a single orderly progression of steps can be eliminated. But every part and particle must be examined and put into its proper place.

This you are seeing before you, demonstrated in many Realms of existence. You have but to see with an open heart and mind, to know what is being clearly defined for the world today. Not only you, but the Unit itself, must learn from what the Unit is demonstrating. This then is my farewell for this particular phase.

More will come, but not in this way. Grieve not - for you have advanced, and therefore you will be rewarded with a higher expression. Many will receive. Many will speak. Many will see. But you, as a Unit for a particular focal point, progress now toward another demonstration. Give it what you have given in the past: faith, loyalty and unequivocal devotion. This is demanded of all who seek the Christ Light! This is the Christ Light. Be therefore at Peace, and in Oneness with the Christ Light - for in each of you is the Light, the Love and the Knowledge of God. Beloved, bow before the Light, as Yolanda has bowed before the Will. Sholom.

## Mark Age Dedicates Himself

### To Program Jesus for Mark-Age Period

I speak as MARK AGE. I take within my hands the POWER for this Program, and I pass along the road to speak the words of Wisdom, given forth from the One Leader of this Program. This is the moment of Glory for all in this Period, because we know that we can step forth and deliver unto the Father, His children and people. With this vow, and in dedication to all who ever served this planet, this Program, and this dimension, I now fulfill that which I am expected to be.

\* \* \* \* \*

I Am JESUS or NAZARETH. Children of God, speak! Friends of Light, act! Co-workers in Christ, be!

Go forward in Love, and remember the ONE we all serve simultaneously. I Am, therefore you Are. Peace. Love. God is ONE. Gentle is the man who picks up his brother and carries him through the wars and the hell of Eternal Grace. You have not chosen an easy path. But the road is set, and the workers are there to light the way, and to lift the Light.

We now speak in words of vague parables because you have been given your key. Whence forth cometh the Truth, if not in ways hidden and secluded? Unearth the Plan! Unearth the Plan! Reveal the Light! BE.

I bless each one. I know each soul. I rejoice with all. Peace is mine, and Peace can be yours. How can you know the Peace in the

midst of war? By the Light that is! I see all is well. I decree that you shall lead this Era and enter into My Peace. NOW! The POWER sees it! The LOVE brings it forth! SO BE IT! I am JESUS.

\* \* \* \* \*

My Name is MARY. Blessings, Peace and Love. Before you all, I kneel and lift up my eyes to the Lord and see here is the Love, the Strength, the Light to lift us beyond the Plan and the Coordination we consciously seek. I speak, too, in words beyond Words of mortal connections. Look beyond, and look beneath, the words I speak. You will find there the wealth of my heart, of my soul and my Being. I Am MARY.

\* \* \* \* \*

I Am YOLANDA OF THE SUN. When I speak, I am before you a servant of the Light. When I act, I bring forth the movement of the Lord. SO BE IT!

## Feb. Configuration of Planets

I greet you with Blessings and with Love. This is DR. HANNIBAL speaking. We will make this a most short greeting, due to the atmospheric conditions. However, it is necessary for us to use this means to clarify your present state of mind. Too often you are willing to wait for signs that you must act. Many are still doing this - and asking for meanings of the signs they already receive. We have spoken for many eons of time about spiritual signs, spiritual dedications and the love you must have for one another! Yet you still hesitate for more proof that this is what is expected!

We are embarking on the greatest moment in Earth's history - for your recorded time. It is not only an opportunity to be one with all men, and to be one with all Creation, it is an ultimatum? Because this entire Solar System moves forward. You have been waiting for news about the configuration of planets - assuming, in your Earth egotism, that this configuration was a sign for the Earth planet only. What about the planets which are in the configuration? Do they not also become affected by this joint movement in the heavenly body? Are they not affected by the play, one upon the other, in their movements and progression? You know the answer before the question is finished. So I say to you that this configuration and this time that you are all waiting to see is not only a sign for the Earth planet, but it is a sign for this Solar System - to play upon one another, to extract from one another the vibrational frequency, love and purpose that each plays upon in the Symphony of this particular System.

Go not away from this meeting and say: I have gained another interesting speculative thought - for you have gained the Truth! And the Truth can set you free to be what you are destined to be - a full son of God - working not only with one another upon the planet, but with one another in the Universe - for you will have this opportunity to make it a final Event. There is no choice, because the planet must move along in conjunction with all other planets in the Solar System, regardless of what men will do!

But remember this: you are connected with every single human being and part of Creation upon the Earth planet. What one of you does affects all the others. Your destiny -or karma, as you might call it - your future progress in the soul concept of it, is entwined with that destiny of every other man, woman and child upon the planet. So do not feel that you can escape into a higher concept or realm, while others will be pushed off into some distant unknown experience, without your having to have anything to do with that experience. For it is not so!

While you are on the planet you are morally, spiritually obligated to everyone connected with the incarnation of this Race at this time! This is the main reason why great Masters make great sacrifices when they incarnate upon any dimension or plane, at any given time, for they do not come free and clear, as you would put it. They come with the debt of the entire Race upon their souls. They become connected, in every single way, with the destiny of that Race Consciousness.

Therefore, remember that it is not enough to know that your consciousness is cleared and that your understanding will bring you into a higher expression. You must also feel the responsibility for every other one upon the planet incarnate at this time! This is the way of the Solar Logos. This is the way of Spirit. This is the way of your own consciousness. And we deal with your consciousness, the consciousness of the Race, the consciousness of the entire Solar System - and of course we are concerned primarily with the progress of all into Spirit, which are of Spirit. I am deeply and vitally involved in the karmic Race now incarnate on the planet. I know it - and therefore I make every effort to expend every energy to improve all conditions, whether on the visible realm or the invisible realm.

Soon you will have all forms of signs. But the man and the woman who will seek signs now will seek them when they appear again - because it becomes a habit of the mind, a caution of the soul, and there is no freedom for the Spirit. Suffice it now to say I am with you, and will work with you - but I will not excuse those thoughts of negligence to yourself, to your fellowman and to the Father Which we all serve, and from Which we have all originated! So be it. HANNIBAL checking out.

\* \* \* \* \*

I Am MARY. Children of God, I behold you - and speak to you, for comfort and with Love. Yours is the travail of the mother giving birth, and I know this travail. Yours is the responsibility of the father, bringing peace and protection to the mother. But what can be done to bring about a peaceful birth in yourself and in all men? The balance of both in you now! Know in yourselves the pangs of the mother, and be strong in the will and determination of the father!

For it took both man and woman to bring forth the Christ Child in the manger. Were it not for the guidance, the steadiness, the devotion and the tremendous faith of him who you know as

Joseph, Mary could not find a place to bring forth the child. You must be Joseph, and you are Mary. And I Am in the Christ, as you are part of the Christ. The Christ is in you - and wishes you now to come forth! So be it! My Name is MARY. MA/Y - 11/29-61

\* \* \* \* \*

PAUL, Apostle to the Christ Jesus of Nazareth - greeting you, blessing you, seeing you risen into the Light Which you strive to teach and to be. We are here present many from this realm of Christ Consciousness, to see what is to be. Shortly the forces upon the Earth plane striving for this consciousness will be united in one fell swoop, to know who they are and what they have come to do. It is a plan beyond your mortal comprehension and one which is grander than any scheme that has ever been carried out by mortal man - for it is not the plan of man, but that Plan of Spirit prophesied in all texts of Spirit from the beginning.

You have heard recorded this evening some of the history of man upon this planet (Dr. Gordon, through Neva Dell Hunter). Therefore you will be prepared to know that as we have, as men, striven to bring about this Understanding and Consciousness, we have failed until now - when it will be brought about for a whole Race, and all men everywhere in the Third Dimension.

The Third Dimension is no more to be upon the planet Earth - and in the Fourth Realm of Understanding we rise to express a higher Consciousness and expediency. Let me here congratulate all who are preparing, and are ready, for this unity. I speak not so much to the ones who are present as to the ones who can hear from the inner planes with the inner ears. Speaking to this Channel brings the power of this Force, which I Am, into this dimension. Let all know that I, Paul, Apostle to the Christ, shall carry forth my plan from the beginning of time for this planet, and my role. It is so decreed! So I see it, therefore it must be! Prayers and blessings are yours from all who are One in the Christ. SO BE IT!

\* \* \* \* \*

JESUS. Blessings and Peace unto you all - for as we come closer into the vibrational rate of your expression on the Earth plane, you will need the power of our Understanding and our Peace to have you bear the brunt of reaction which must lash back against the bearers of Light in any New Age.

But this does not daunt you, nor has it ever! For you are well prepared - not only from some experience in this life, but from the accumulation of all your experiences of all your lives in this particular way, as a preparation of this Time. I speak now thus to tell you I Am come, as I have promised! I am among you, but not as you would expect!

I walk among this planet - the people, the feeling nature and the thought patterns - as though I walked in a field of wheat, brushing against each grain, feeling what heaviness of its harvest would feel against the bareness of the hand which shall hold the sheath. I have come to harvest my Field! And you shall walk with

me, directed by me - for this Harvest is now! I will not wait - nor can you afford another day's grace! The time is now! I Am with you always - and I Am among you! Seek me out - and you will find me in each other. So it is the way of the Lord and the way of the Christ Consciousness.

Lo, there is a Day when the Reckoning of God must be made! This is the Day! Now is the Hour! I Am here with you! SHOLOM. SHOLOM. SHOLOM.

### THE TIME IS NOW UPON YOU

#### ORLON

Channeling Contact, channeling Contact. All-channel alert, all-channel alert. Transmission now beaming to all channels on wide band of reception. Transmission terminating on night of Oct. 31. Delicate balance of this channel's receptivity tampered with; repairs to receiving apparatus now being conducted.

All-channel alert, all-channel alert. Transmission now being relayed to all channels on wide beam of reception. Transmission terminating on October 31. (This is being repeated over and over; as it finishes, it begins again as if it is being played on a gramophone record going round and round.)

Vectoring commencing. Receptivity poor. Experimental devices now being put into operation to nullify negativity pattern upon Earth planet preparatory to cleansing program now about to commence. Negativity waves of strong magnitude beaming into troubled areas must be cut through by light beam transmission and grounded by all light unit channels in these areas.

Your unit ordered to stand by preparatory to receiving further communications from High Command on Saturn. Avoid damage to personnel while negative forces operating within your frequency (or time band, am uncertain of exact word.)

We recall your minds to previous transmissions given you in preparation for the time now upon you. Failure to regard with due seriousness instructions previously given you will result only in confusion and distress within your midst. You have been prepared for that which is coming and must at all times adjust your consciousness to the sudden eruption of said conditions within your areas. Failure to do so will only cause confusion and distress within your midst, we repeat again. Your unit is part of a Greater Plan and must operate harmoniously within that Plan in order to facilitate the withdrawal of all personnel from areas which are in imminent danger of disturbances of earth-shaking proportions.

CONCERN YOURSELVES, NOT WITH THOSE WHOM YOU CANNOT REACH. ALL AT THIS TIME HAVE MADE THEIR CHOICE AS TO WHERE THEY STAND AND MUST BE ACCORDED THE FREEWILL OF CHOOSING THEIR OWN DESTINIES. Furthermore, other plans also are in operation for others of your fellows upon this planet, and for their withdrawal either in or out

of physical third dimensional bodies. Concern yourselves with your own unity and with your own souls, or states of consciousness; for only so can you aid others as the time comes upon you to do so.

If the disturbances so augmented by natural events of cataclysmic proportion shake your coastline, you must expect TIDAL WAVES of much magnitude. You will then leave this area at the first hint of faultline upheaval and make your way further back behind your mountain range unless you plan to travel further north. Do not go into your desert areas as there is imminent danger of the reopening of ancient underground lakes and the flooding of certain of these low-lying desert terrains. Your safety is a matter of concern to us, not only because you are dear to us as brothers and sisters in Light; but of your service at this time to your own peoples and your planet. And for this you must reserve yourselves.

Prepare in consciousness that you may not be overtaken with fear thoughts. There is still a degree of chance involved though chance is perhaps not the word which should be used. There is still a degree of possibility as to the avoidance of these conditions; but you would do well, our brothers, our sisters, to be prepared FOR THE POSSIBILITY APPEARS SLIGHT.

We do not transmit longer upon this occasion; but ask that you keep in close contact within the next few of your days to receive further data. We terminate our transmission.

I, ORLON, again am with you and will continue so until we at last meet. May the Light of the All Knowing One be with you.

## OPERATION LANDING IS NOW IMMINENT

TUKARI SPEAKING:

Bless you! bless you! bless you! BLESS YOU, each and every one of you! I am TUKARI. You will see me soon! This is a promise, I shall not fail you. But do not be in ecstasy about this; for this is a part of your function as well as ours.

I would not give you a long message. All I want to do is to verify myself to you and say that I am a physical being. You will see me in the physical. Most of you will be invited to go with me into my craft, or one of the craft with me. I come to you and the other polarity of the axis. Rama has given you the reason this axis must be activated at this particular time. That is the reason it was so suddenly activated.

OPERATION LANDING IS NOW IMMINENT. We must do it immediately as there are things of chaos and confusion coming up in your world. There will be many events coming with great rapidity which we are not permitted to give you. We will notify you when to expect us in your atmosphere and area.

Rama will manifest in this Show Man Operation as an Etheric Being who can now, and has been able to for some time, change

his appearance and condition to suit the occasion as many of those whom you know can do. He is reticent about telling you; but I will tell you that you will see him. Perhaps not in the physical; but you will be able to sense his presence and see his face. I now leave you with blessings, peace, harmony, tranquility and love. I will see you soon.

## QUESTIONS AND ANSWERS CONCERNING WORLD

### CONDITIONS

RAMA

Ah! TUKARI has let the cat out of the bag. But you will be able to pet the cat! We might as well have some fun! Yes, we are the same as you. We appreciate your humility and sense of humor. In this vibration I will for a short period try to answer your questions if they are of a general nature.

Q. Is it possible to tell us whether the resumption of the atomic testing will be the setting off of the cataclysm which shall reach our Earth, as has been told us before?

A. Tukari has just told you there are some things coming into your atmosphere that can not be revealed to you. That is the reason our operation is so necessary and vital at this particular point. This is the resumption, let me tell you, of the Forces of Darkness that are now upon the threshold of destruction. Know ye that they are in great travail. They are activated to a point where they have not been heretofore, and they will be more activated in the very near future. Therefore, we must have an operation which will offset this. That is why we are coming into your atmosphere.

I have been informed that after this operation is over, many of the Dark Forces will be chained to the guillotine, so to speak, and a different attitude, or method of thinking will permeate the leaders of all nations concerned. That is the reason, my beloved, that we are taking the risk we are in this mass landing operation. Do you **REALIZE THE RISK THAT WE ARE TAKING IN THIS OPERATION?** You are ecstatic that you will go with us. Are we ecstatic that we will come to your atmosphere? Yes, we are; but we realize also the dangers involved to us physically, personally, to our craft, and even to some of you who might not be protected by your own affirmations and circle of light which **YOU MUST PLACE AROUND YOU BEFORE YOU CONTACT US.**

You will be given specific instructions concerning this protection before we land. Those who are not protected will not be able to come even close to our craft. I feel it is necessary at this time that you should know this. You have been wondering how we will keep the masses away. It is by the circle of light protection which will be thrown around you; and which you will have to throw around yourself in order to contact us or go up into our craft.

All of this is a counter action to the resumption of not only the atomic tests, but the war hysteria which has entered the minds of a few leaders of your planet. This could erupt into a cataclysm that would not be pleasant for you. Does that answer your question, my dear? Yes, thank you.

Q. Rama, would you like to comment concerning our dear ones who are not interested in this at all. Would the fact that some of us are interested help them at all?

A. This Operation Landing will bring many into the fold of understanding who have not yet even touched the surface. That is one of the purposes of it. But do not invite them, nor do not let them know of this unless you are very sure they will understand what this is all about. This is a very concrete operation and it will be seen by thousands and thousands of people. But it is not for the masses to touch us or even come near us.

Your loved ones and friends, certainly, they will be impressed and you will be able to talk to them. You can even, if you are inclined to, say, "Now I told you so! You see! I told you so. We have PROOF now for you!" They will understand then. But alas, some of them will not. Some are very obtuse!

I am not speaking now of your particular ones, my dear; but I am speaking of the loved ones and relatives and friends of many in this room. They are still very obtuse. They can't even understand what two and two are. Perhaps they think they are five! But soon they will be given a greater understanding. And that, my dear, is the main purpose of this operation — to bring your loved ones and friends into a greater understanding of what this is all about.

Q. We have been promised there will be a special light that would be made manifest. Is this going to be a light that will be visible to all or will it be only to the overcomers?

A. The light which you have reference to will not be manifested at this time in the mass landing operation. The light, referred to in many of your messages as well as those from other channels, is the Christ Light, or light from the Higher Realms, as you understand it. This will not come at this time, for this is a PHYSICAL manifestation. The other will be an ETHEREAL or heavenly manifestation at a later time.

There are many things I cannot reveal to you; but I would have you visualize a great company of space ships landing in your immediate vicinity. Our space ships will come from Venus, from Mars and some from Saturn; but predominantly from Venus. They will be Marsian craft mostly. They emanate light. We can control this light; but if a fleet of ships are together there is always a manifestation of light. It is very difficult to control light where there are many craft together. In fact, we do not want to control it at this particular time except to soften it so that it will not be an alarming sort of thing.

Q. This first landing that will take place; will it be in the outskirts of the city or in the country?

A. I cannot give you a specific answer because that would entail publicity which we cannot have at this particular time. Your channel, and others in your group will be notified of the place of this landing before it is made. There will also be another manifestation which we are not permitted to give you at this time, before this takes place, so that you will be notified in plenty of time. There will be thousands who will only see us from a distance and wonder what is taking place.

This information shall not be publicized until the time is ready for the actual landing. Then the world will know about it. All news media, television, radio, all continents will be buzzing with it. What is the effect of this? We have told you. Their minds will be turned from war; from the dark thoughts they entertain and wonder what this is all about. Why did this happen? Then they will be convinced. Even those in the Pentagon will dance jigs around their desks, wondering what this is all about and exclaim, "What has happened now?"

Q. Define the term "overcomers" please.

A. I am glad you asked that question, and I will answer it as fully as I can. TUKARI used this term in his message because of the fact that there is a misconception of what is meant by the "elect." The churches have thought that the "elect" meant those who bowed at the altar, who went to church every Sunday, who drank of the wine and took of the bread and were baptized correctly. These are not the "elect" even though they have been designated as such.

We used the more descriptive term of "overcomers." If you are trying conscientiously . . . and every one in this room is trying to be overcomers. You cannot overcome EVERYTHING; it does not mean that it is possible for you to overcome all things, or all evil. All evil can be overcome only by the Creator Himself. Even Jesus, did not overcome all evil; for He was tempted of the Devil. However, He did not accede to that temptation. But there are forces in the world which you must overcome, such as your appetites. You must also overcome your propensity to envy and jealousy as well as your propensities to recrimination or even judgment, or any of the other qualities which belong to the darker side of life.

There is no line of strict demarcation between the overcomers and those who will converse with us and be taken with us. If you are striving to overcome the flesh and the Devil as you understand it; then you are an overcomer. That is about as fully as I can give at this time.

Q. Will atomic war be averted?

A. My dear, I am not God, I am not even on the ascendancy of the Masters who know the answer to that question. You have been told hundreds and hundreds of times, war and all darkness can be overcome by the Forces of Light. Now, it would seem at this moment that war of some sort is inevitable, unless, unless, UNLESS, UNLESS — let us use that word so that you will understand it — UNLESS THE LANDING OF THE SPACE CRAFT given

on strict orders from our Commander-in-Chief, is a partial alleviation or counteraction of the war hysteria and scare. It is possible that it may be averted. But in the kaleidoscope of time as we look at it from here, even though we have a grandstand seat of those things that are coming — yet we cannot predict them, or even give you prophecy. Only revelation can be given from day to day and hour to hour of that which is coming.

War may be averted, war may not be averted. Only those who are far beyond our own galaxy, and I say "our own galaxy" can give you the answer to this question for they have all knowledge, all wisdom and all power. But the power which is projected will be projected by this axis which has been established, may be the means of averting an atomic or any other kind of shooting war. That is the answer I give you at this time.

One more question as we must leave the channels; for the vibration is receding somewhat. In order to answer questions the vibration must be very high; for the consciousness of your channel must be in perfect tune with us in order that he may not answer the questions from his own consciousness, but only those words and thoughts which I give him. (There was one more question of a personal nature to the inquirer.)

Now, my beloved ones, I have given you opportunity for greater knowledge and understanding of the function you are to perform in this coming operation. It is not out of this world because you are still in the world. You will be still in it if you go with us, which some of you will. But, you **MUST BE PREPARED TO ACCEPT THOSE THINGS WHICH WILL BE REVEALED TO YOU AT THAT TIME AS A PART OF YOUR RESPONSIBILITY.** You have not, some of you, accepted up to this time even, the great responsibility that has been placed upon you.

I am not chiding you, I am simply stating a fact. That is not in any sense of the word a reprimand. Part of the purpose of this landing is to bring into your consciousness, even those here, to understand this situation. You should be brought into a fuller realization of what the world and the etheric realm is up against in the conquering of the Forces of Darkness. You have not yet fully realized this, even some of the overcomers. And you must realize this more fully.

You must become **ONE** with the Creator. You must receive revelation, not altogether from this channel nor other channels but it must come within the consciousness, within the Christ Self, within the Higher Self. You will be brought into greater consciousness of this through meditation.

One more point, then I must close. That is the preparation of your bodies for this contact which you will make with us. You have been conditioned, and most of you here realize that you have. Do not fail to continue this conditioning. Do not carry it to extremes, simply follow instructions that you are given.

I have given you a great deal more than I had intended. I bless you now. There are many here with me who bless you. They would like to speak to you, but the hour is late. We believe that we have given you a complete picture, as complete as you can comprehend at the present time, of what this is all about and why we are coming, what you shall do, and how you shall behave. We know that you will behave properly. The question is: How will we behave? (Laughter) We want to know that too. TUKARI? Yes Tukari? He says that he is wondering how he will behave!

Now I bless you all and bid you a most joyous and pleasant good night to each and every one of you beloved souls. Good night and God bless you.

There followed many words in a strange language, a moment later translated into English. This was transmitted in a strong and powerful vibration.

I AM the Creator of all that is, all that shall be. I AM the Universal. I AM that I AM. I give unto thee my blessings this night and thou art indeed blessed. I shall take thee to my bosom and thou shalt know that thou art the children of light. I AM that I AM. I come unto thee in blessings and peace. The peace that passeth all understanding shall remain with you forever and ever and thou shalt know that thou hast been with thy Lord upon the Mount of Transfiguration. Amen and amen forevermore. Selah.

## TO OUR READERS:

From these messages there would seem to be contradiction concerning the "Pick Up Plan" and the "Survival Plan." Perhaps it should be brought to our attention that there are many phases to the Master Plan. In these transmissions are represented three different groups who are carrying out three different aspects of the Master Plan in two different localities.

There are those who have a very deep-seated feeling that they will remain to help during the periods of cataclysms; those others who feel they will remain for a limited time perhaps. And still others who feel their work is completed for which they took embodiment, even as has been cited in the August 16th transmission through Marianne Francis. It is even as our Scriptures tell us:

"But every man in his own order: Christ the first-fruits; afterwards they that are Christ's at his coming."

## POLLUTION AND RADIO ACTIVITY IN THE NORTHERN HEMISPHERE

Channel's impression: "Regain your sanity. Regain your sanity!"  
(Think this is meant for our world and present nuclear madness.)

### DIRECT TRANSMISSION:

Channeling commencing. Vectoring in operation now. Still your minds to receive that which we are transmitting to each one of you, according to your ability to receive.

We recognize your concern regarding your world situation and other matters at this time. Your vibrations are somewhat disturbed and must be stilled in order for us to transmit accurately.

Disturbance in your atmosphere due to the pollution from the nuclear tests now in progress and those about to take place, will ultimately result in a rapid rise in radioactivity over your U.S.A., and also other countries in this northern hemispheric band.

You must regard your position now as being dangerous and must take all means known to yourselves to cleanse your bodies from pollution as has previously been suggested to you. If further contamination of your atmosphere takes place it will be impossible for us to bring in craft due to the destructive nature of the radioactive clouds drifting in your atmosphere. (Reference to impossibility of bringing in craft if atmosphere further contaminated by radioactive fallout has previously been mentioned by the Brothers. This enlarged upon means they will not be able to bring in craft UNTIL they mop up the radioactivity. How long this will take, whether days, weeks or months, will depend on how HEAVY the fallout is. M. F.)

We suggest, our brothers, our sisters, that you hold yourself in readiness at all times to remove from this area to one you have chosen as safer from contamination.

You must erase from your minds all thoughts as to the normalcy of life on your planet. Conditions are no longer approaching anything which might be considered normal. The rapid downward trend, both as to your international tensions and the nuclear experimentations, indicates to you that you are most definitely in a period which may be termed, without doubt, a crisis period.

You must, we repeat, our brothers, our sisters, you MUST hold yourselves in readiness (If you wish to continue your lives in these present bodies) to remove to another area if you wish to continue to work with us in any degree of efficiency.

We do not say the hour has struck, but you must realize that UNLESS a halt is called in your present deteriorating world conditions, that the hour WILL SOON STRIKE. We wish we could say to you that we had been able to impress upon your world leaders the danger of further nuclear tests. We thought for a period that this was so but we find once more that this madness has commenced again.

Our transmission to you upon the last occasion was in readiness for this which we saw approaching. It was known to us the situation which was about to take place. This explains our transmission through Yolanda of Miami, Florida, your U.S.A., to yourselves in this unit, and to many others scattered throughout your country. Also to the one known as Hope Troxell and many others. You will find continuing corroboration in our transmissions as the time comes upon you now.

(Ed. Note. We believe this has reference to the nuclear testings in Siberia which are creating disturbances in the inner earth at the point of the Himalayan Mountains. Also this information published in the "Oregonian", Portland, Oregon, September 3, 1961: "Within 600 air miles of where the Soviet Union tested its newest atomic warhead in Siberia, the Chinese Communists are feverishly preparing for their first nuclear explosion on the 'roof of the world.' This sinister atomic test is expected before the end of the year and it may take place 'in a matter of weeks.'"

"Already, a massive army of Chinese Communists workers and Soviet scientists have completed the construction of a network of nuclear test towers and underground control bunkers and shelters in the northwest corner of Chang Tang Province on the great plateau of Tibet.

"These unpublished details of nuclear test preparations by the Chinese Reds arrived at the Defense Department a few days ago from reliable Japanese sources with contacts on the China mainland. They flatly warned that Moscow is turning over a small stockpile of nuclear weapons to Peiping for a series of joint Soviet-Chinese nuclear tests during 1961.

"These Japanese sources also reported that the Soviets plan to use the atomic testing site in Tibet to detonate the 100-megaton monster bomb that Premier Khrushchev keeps talking about. This test is to take place either in October or November.

"If a nuclear bomb of such power is detonated 50 to 100 miles above the earth its explosion flash, like the northern lights, would be visible for thousands of miles and in hundreds of countries throughout the world. . . . also, such an explosion, with the destructive power equivalent to 100 million tons of TNT, might easily knock out all radar, radio, TV and phone communications around the globe.

"In project Argus, the United States disrupted all communications over an area of several thousand square miles by exploding a medium-size atomic bomb at great height. The Soviet's monster bomb would make that test look like child's play.—Editorial by Robert S. Allen)

Our brothers, we beseech you that you do not regard your conditions as longer normal. You must regard them as crisis times and hold yourself calmly, steadfastly, resolutely and **READY TO ACT** upon our instructions to you. We stress once more, you must not panic, you must not become in any way unbalanced or unstable. It is of vital importance that you maintain, at all costs, stability, each individual and each unit. This will be harder at the present time due to the radioactivity in the atmosphere. Guard yourselves at all times against loss of your tempers or your stability.

We extend to you upon this occasion our deepest regrets as to the position which you are placed in, and our love and brotherhood surround you. Be aware of this and draw your strength from it and from the light of our Radiant One which is ever with you, notwithstanding the shadows which your own peoples place around their planet. **The New Age WILL dawn; the greater light WILL come and you will see it.**

Again, hold yourselves in readiness for further transmissions at any and all hours of the night or day. You are all being prepared and must continue being prepared to receive, both as individuals and as a unit. Keep in close touch one with another and work together without personality conflicts. We extend to you the light of our Radiant One.

## **BE AWARE OF HIS MAGNIFICANT CONTROL OF ALL THINGS**

There are only 15 to 20 days left for curricular activity. No more. The way is paved for your protection. Why do you pause to worry? It is beauty in the mind that paves the way. It is proved by One who paves all ways to serenity. Love in emotion, in thought, in truth is the way to God's power, to His protection. Let these things be in you.

Your way is shown, children of light. Be not afraid. Be aware of His magnificent control of all things. Be trusting peacefully and in faith. The answers will come to you as they have always come. The time is short. Be brief in your thoughts and actions. Be prepared for the great trial ahead. His control will suffice.

Mighty power of creation! You who are disturbed by the smell of war must master love and know there is one power alone which can quell the demons working on Earth. The Earth will roll and toss in its travail, but in the wake of these exercises will come a great peace, for those lands who have sought beauty will find beauty.

Man has come away from the quality of divine favour and his behavior is inspired by his brother, Cain. Woe be to them who follow the lower case. Woe be to him who seeks not the higher meditative conditions. He who searches the lower thought shall find it. He who searches the higher light shall find it.

THUS SHALL YOU SEE THE SHIP WHICH CARRIES THE SAVIOR, WHICH CARRIES THE MILLIONS TO BE FREED. We love the channels who carry light. We love you forever.

**BE STRONG IN YOUR THOUGHTS  
FOR THE POWER OF FREEDOM IS IN THE AIR**

Make the best of a barren situation. Do not be afraid. To be safe you must be sure. It is the only safety in the holocaust to come. Make your mind clear to the Father. Thus will you serve in a higher condition. No harm can reach you who are chained to the Father. Your Earth must be cleansed and those who are chained to it must also be cleansed.

The 15th is the date of INSTRUCTION; the time when you will be told where to go, what to do. You will both hear it. Do not be alarmed. Do not anticipate action. We are prepared to withhold definite instructions until this date. All the coast will be alarmed by the megaton fallout. Earth is coming to its final crisis THIS FALL. Do not be alarmed, but save your energy for the time ahead.

The Earth is in a quivering state of intoxication. It is just as pleasant to be intoxicated for those who like it. There will be many powerful occurrences on the Earth in the next few days or weeks: a culmination of events prophesied in history.

Make your action CLEAR, whatever you do. Be strong in your thoughts. It is the weak who must perish. Evil will be removed and good will outlive the day. Nothing subject unto man has endured. The power of FREEDOM is in the air, freedom of an exciting measure, a soaring into the God-planes of thought consciousness which will eclipse the four freedoms your country stands for.

Freedom is a spiritual release, a conscious growth, not deterioration of body or soul. Conscious growth includes manifestation of building material, sensual, or spiritual, as he chooses. That which is not harbored into spirit shall be destroyed. Poverty of spiritual growth in the Earth is the reason for her lessening dimensions.

The poor mind which cannot decide, which vacillates and wavers between the high and the low — thinks high and acts low, — is indeed in a poor state of functioning. Matter will be retarded unless it holds to the high functions of spiritual estate.

Make thee clean, O Children of Light, and the Earth beast must decline. Our fellows of the Earth who think below must be removed. It is the law of the Cosmos and will stand.

WE WILL SOON MANIFEST UPON YOUR PLANET

RAMA

GOOD EVENING TO YOU MY FRIENDS:

This is the best evening you have had. There are many who would come to speak this night. Thank you for your meditations and giving to us here in the etheric the vibrations of love, of harmony, and tranquility which you have placed into your own midst and given to us also.

I will bring those who have a message for you. Some have receded in favor of those who are directly concerned with this Operation which thou hast projected tonight. The transmission is very clear for you as there are those who have cleared your atmosphere and your immediate midst of all evil.

I bring one who has not come to you before; one whose love and understanding is projected to all people everywhere, and especially to you and the one to whom you have given your greatest love tonight.

Come in! Come in!

GO IN PEACE AND WE WILL PROJECT THAT PEACE

JUNE

GOOD EVENING MY DEARLY BELOVED:

This is JUNE of Venus. I am so happy that I could come to thee. Each one of us in this craft where I am stationed thank you for your affirmations and decrees. We are not too far from your earthplane tonight. I want you to know that I came here for the purpose of giving you this message and to stand by for any further manifestations which might take place.

There are 22 from Venus in this craft with me, No. 1208. It will soon manifest itself on your planet. You will receive a message from another of your teachers who will tell you more of the space craft which will land on your planet. That is not my function. I can see there are several who will speak to you to tell you of various things.

But, I, JUNE of Venus, do send you my love and understanding. You, my dear friends, each and every one of you here, have received a confirmation of your mission. You know what it is and you are willing to do it. So go in peace and I and all of those with me will help to project that peace. We will project this through the Creator of the Universe who gives peace to all people upon all planes of understanding, in whatever planet or sector of the universe it may come from. We are all one.

I now bless you and thank you and RAMA for the privilege of talking to you tonight. This is JUNE of Venus bidding you good night. Blessings I leave with you, and bestow them upon you in all grace and glory. Amen.

## THIS IS THE DAY OF PREPARATION

TUKARI

TUKARI SPEAKS:

I must come to you quickly for you are all in a state of expectation. You are wondering what is going to be the verdict of our manifestation on your planet this night, which you have been told.

Now, my dear ones, I will not disappoint you. However, I am going to tell you this . . . You received, did you not, from two different sources that September 15th would be a date of PREPARATION. You have prepared the way of the coming of the space ships and the coming of the Lord. You, my friends, have helped to prepare the way for a triumphant entry into the great spaces of light. For know ye, that the space that you have visualized as "outer-space" is a space of light. Light comes from all directions; light penetrates all of the dark corners and there are none in the places where you designate as outerspace.

Now, tonight, we will not be able to come to your atmosphere to pick up any of your persons. But some of our ships are coming—there will be three of them; and it is possible, if you will look closely about one o'clock tonight you will be able to see those who are picking up the personnel who have completed their mission as you have been told in a message received from another channel. (Ed. note. See message received through Marianne Francis on August 16, 1961. First transmission in this bulletin.)

This may be somewhat of a disappointment to you, but it will not be for long. This can not occur, as your channel was impressed, and told you earlier in the evening, that this pickup cannot take place until ALL are in harmony and rapport with each other. This is being rapidly consummated and brought into manifestation and it will be only a few days now until we can manifest this entire program and do the things which we have promised you we would do.

It was the plan that you would be picked up tonight and be taken altogether. You cannot be taken separately as this would nullify the effect and would not be the thing to do. Know that there will be some who will try to find out what we are, who we are, and try to stop the landing. That is the reason we have projected to you that this is a somewhat dangerous operation. We have wanted to know how we would behave and what our reactions would be. We must know these things because we cannot take chances. You are taking chances and we are taking chances. But glory be to the Father of us all and to our Commander-in-Chief, Jesus the Christ. We can take this chance for He will protect us by the Divine Christ Light which will be thrown around our ships, and you, as you will be manifested to us. You will see us before we come in. Watch and wait and pray!

I am sorry, my beloved, that we cannot accommodate you this night, as you all expected. But you know very well you were brought together for the manifestation and projection of love for the Triumverate. That word "triumverate", my friends, is very important. It is a word which must be used in all manifestations upon the earthplane from now on. It does not mean just a triumverate of channels, nor a triumverate of groups. It means the Father, Son and Holy Spirit, as you have visualized it. It means the triumph and triumverate of all things in the universe: love, wisdom, understanding. There must be THREE of ALL things upon your earthplane and in the etheric before there can be perfection. You know that the figure 3 and the triangle stand for perfection. All three of everything must be linked together. That is the reason this Triumverate was brought together.

I do not know all of the circumstances concerning this Triumverate, for as I have told you before I am not too familiar with all of the spiritual undertakings or manifestations which are taking place. I am only a Commander-in-Chief of space ships. I have a great knowledge of flights in space and what can be accomplished. But I do know that you are blessed and among those who have been selected to receive the greater glory and the greater messages.

All of you who are listening to my voice at this time will be taken up with us. That I promise you, so that you need not wonder if you are going to be taken. You were inspired to come to this place. Be not disappointed about this because it can be done at a future time.

This is a great PREPARATION date. We in the etheric here knew this, those of us who are assembled here. I am now on space ship No. 1265. Dr. Hannibal is here with me. Jesus is not with us at this particular time; but there are many others here in the craft. We are not beaming directly to you as we did on a previous occasion (August 20, 1961) but giving this through our regular relay station upon the planet Mars — not Saturn, as this was an easier transmission. The channels are not as crowded there now as they have been.

You must receive this in the spirit in which it is given and not as a disappointment, or a retention of our promise. We promised you nothing except that you would have a preparation date of September 15, and this is the date of September 15th.

You are being prepared; the Triumverate is being prepared. Know also that at this particular time, which you will have confirmed later, we are also beaming simultaneously as we did on that Sunday afternoon, a message to Yolanda and Ruth in Miami. You will receive confirmation of this in a few days. You must know that your communications must be in great force and harmony with that group. For you are a part of the salt of the Earth, so to speak, at this very particular time. And if the salt has lost its savor where-with shall it be salted again!

You are all indeed, again the holders of the Earth planet on its axis at this particular time. You cannot understand this can you?

When I tell you that a group here, and a group there can hold the Earth on its axis steadily, that it shall not wobble nor go out of its regular path, you cannot understand how this can be. But there are certain things which are greatly to be understood by you as the future windows of heaven shall be opened to you.

The transmission is becoming a little difficult at this particular time so we will pause for a moment. I will not transmit further, but bless you and hope that you have not been too much disappointed this night because we have not been able to take you up. But you will not have long to wait. We will notify you through this channel and the one in Miami, and we will also give you verification by other sources, that you shall have no fear whatsoever that it shall be in error. We will let you know the exact time and place where you shall meet and be taken with us.

You will be invited by me into my private craft and go immediately to the Council of the Planetary Logii who are now in session directing this operation. They are much concerned and are beaming also their power to all channels concerned and all groups concerned that this shall not fail. If this should fail, my friends, you and we are in a "pickle" as you speak. But it will NOT fail! We know that it will not fail. We are depending upon you now and forever. You will not fail us, we will not fail you.

I have talked to you longer than I usually do; but I wanted you to understand thoroughly the situation as it now is in the etheric. I leave you with peace and blessings. I bless especially the channels, the Triumverate and hold them constantly in my thoughts. Although I am not able to hold them in the spiritual realm as your great Master Jesus does, I hold you in thought and power that all may be well and all may be brought together in great glory and power. This is TUKARI bidding you all good night.

## CONTINUE STEADFAST IN THE LIGHT

JESUS

THIS IS JESUS OF NAZARETH COMING TO YOU:

I shall come no more as ESU to you; not because I am not that one, but because all things must be unified both in the Spirit of the Christ Consciousness and God the Father. All must be unified upon the Earth plane. Therefore you must know that I AM JESUS, the One who walked among you, I say "among you" for some of you were with me in that long ago period when I instructed my disciples of old.

It is somewhat difficult for me to talk to you tonight, because I myself have overcome. I have witnessed again the drops of blood which were given to me in the Garden of Gethsemane; and I am looking down upon a planet in the throws of chaos, fastened as it were with chains of darkness. But I pray thee, my beloved ones,

that THOU SHALT CONTINUE STEADFAST IN THE LIGHT AND THOU SHALT ALSO CONTINUE TO PROJECT THE LIGHT AS THOU HAST DONE THIS NIGHT. Not only to thy fellowman but also to all of the Earthbound creatures who are groveling in their filth, in their vituperations and lack of understanding of what they are doing and why they are doing it.

My friends, love them! Love all of them as I love them; and as I have loved them all the years throughout eternity. I beseech thee now that THOU SHALT PROJECT THY POWER AND THY LOVE TO ALL WHO MUST BE BROUGHT INTO THIS GREAT MANIFESTATION OF DELIVERANCE. I have worked very hard with this. Know ye that it is not an easy task. Know that I have spent many hours in meditation and prayer to the Heavenly Father — not that He would let this cup pass, but that it would be filled, and that thy cup would be filled and overflowing. We have prepared a table before thee in the presence of thine enemies. Thy cup indeed has run over. Is it not running over now?

We fill thee with the wine of gladness. We fill thee now and thy cup with the wine of understanding, with the wine of love. Thou shalt drink freely of all we have given to thee; and thou shalt know that thou hast been with us and the shadow of the Almighty has been over thee. The light of understanding has been projected into thy midst. Oh, my beloved disciples, how can I project unto thee an expression of the love that I have for thee! How canst thou project unto me and to the Father above an expression of the love that thou hast for us? Do not try, for I know thy heart. I look into each projected love — not only to us but to all of your fellowmen. and every heart that is here assembled and know that thou hast

Continue in that way, and soon thou shalt be purged of all uncleanness. Soon thy Earth will be purged of all of its dross, and thou shalt be glorified. The Father shall be glorified and I shall be glorified. Glory be unto the Father who giveth all things. Thy love shall be projected unto all men everywhere. Not only upon the earthplane; but all the heavens rejoice this night that thou hast been brought together, that thou hast love us and we have loved thee. All is one, all is whole.

Know that there are certain functions which all of you must perform. Judas performed a function. Think not hard of him although thou hast in the past. It was a function not given to him directly by Spirit, but by his inner consciousness. The functions that some of you have fulfilled in times past have been given to you not directly by the Holy Spirit, but by the spirit of the, let us say, the universal cosmos which is a manifestation of all things in the etheric. All things work together for good to those who love the Christ and the Father.

Evil, as you have understood it, is only the lack of light and understanding. Think not of evil as a force which can overcome anything, for evil can overcome nothing. Only light can overcome. Evil is only a manifestation of negative forces which can be over-

come, and WILL be overcome by light. All the forces of evil on your planet, in a very short time, will be overcome by the light of the Christ which is manifested through me as the Ruler and Commander-in-Chief of all things upon your planet through God the Father who gives all power, not only to me, but to you as well as all peoples upon the earth plane.

I, JESUS the CHRIST, bless you. I give you peace and glory. Thou shalt see the glory of thy works as thou hast given them unto the Father, as thy will has been submitted to Him. We know that thou hast submitted thy will to the Father's Will, else thou couldst not receive unto thyself these messages of light. Know that they are going into all the world; and even as they go on the printed page they perform their function, even as they are performing it here in the spoken word as thou art receiving it.

Now, I bless thee and leave thee in peace. Thy Teacher must come again to give a final word of instruction. I, JESUS OF NAZARETH, formerly unto you, ESU, bless you. May the grace, the glory of the Creator and Father of light abide with you now and evermore. Amen.

## SOON YOU WILL EACH BE CHANNELS UNTO YOURSELVES

### RAMA

This is RAMA, closing this meeting for those who have come. There are others also who have come. They are standing by with great light shining from their eyes; some with tears running down their cheeks as they have witnessed this night one of the greatest manifestations of love and power that has been projected into the etheric realms in many a day.

I thank JESUS, and I thank my Heavenly Father that I have been permitted to act as Teacher and Sponsor of this dedicated group of souls who have submitted their will to the Father. I did not know when I came to you that this would be brought about so rapidly. I thank the Father again that He has permitted me this opportunity to project to you the little amount of knowledge which I have been able to bring you from time to time.

I will give you, through every means that is at my disposal, through this channel, through other channels, instructions of those things you are to understand and know. As you project from the chakras in your bodies you will be able to understand more of the messages that will be beamed to you DIRECTLY. Soon you will not have to depend upon a channel for those things which you will receive.

I have let come those who desired to speak to you and I am happy that I could do this for you. I will go now, but will see you again soon. I am looking forward to this. You are looking forward to it, why shouldn't I! I bless you and hold up your hands and embrace you as JESUS has done. I bid you all good night. God be with you and go in peace, my beloved. Amen.

## FEAR HAS NO REALITY WITHIN THE SUBSTANCE THAT IS LIGHT

Be still and know that I am God within the midst of warring elements

Be serene within thyself and know that Peace is thine.

LORD JESUS overshadowing:

Be joyous within, O little ones of Earth, for the time is dawning when all things shall be made clear unto thee. Be not afraid, for only fear itself remains to be feared; and this also is but a shadow which has no reality within the substance that is Light.

Be not afraid, but walk ever steadfastly onward into the Light—the greater Light which dawns for all men who aspire toward My Father's Kingdom. His Kingdom is a Kingdom of light, of beauty, of joy and shall endure past the ugliness of man's creations which shall fade away as nothing, for indeed they are naught but the shadows and the Sun of reality shall dawn.

Ye, who are my little ones of love, gather close again to me for I have said that I would come again to thee and be with thee; and I say not in vain. Rejoice thou in my Love which surroundeth thee as a mantle of Light and ye shall be upheld against all manner of disasters and sustained in my Light which is from my Father's Kingdom.

All things which are of beauty, of light, of love, of truth, shall endure unto the New Age of Light. And ye who are my children of Light shall walk forth with me into the greater dawn and ye shall rejoice and know me as of old.

O, my Father, bless these who art thy little ones of Love. Surround them with Thy protection; sustain them in Thy Light, for these art Thine own.

## BRIGHT ARE THE TOMORROWS AS POPPY FIELDS

Be about your Father's business before it is too late. Do for your fellowman what is to be done and said, so that you won't regret not having done or said. Be making your bed of tomorrow. Stand in the place of hallowed ground.

TWICE HAVE THE TRAVELERS CAPSIZED THE BOAT! Secure the way! Nothing deters the spirit from mastery. Be in tune to receive instructions of GIANT NATURE. BE WELCOMING YOUR NEW HOST, JESUS. THE WELCOMING COMMITTEE BOARDS THE SHIP BEFORE CHRISTMAS . . . !

You and your children will ascend by a spiral motion of a very special sort. IT MUST BE BEFORE NOVEMBER. There will be calamity of major nature: earthquakes and floods over the West Coast.

Bright are the tomorrows as poppyfields; for the skies will show the seasons of greater days, tomorrow and tomorrow . . . Live to the hour we meet and work well; and think to establish a frontier within thy self.

Listen to the hasty attempts to undo the wrong in nations. Listen to the Lord put down the government of nations and quell the rising fire. Listen to the hate subside as fear becomes master over hate. Uprising of rapid nature are put on the earth in many special places . . . Begin to beat the tattoo . . . Begin to quench the fire. Begin to appear before the Lord, for the Lord's Supper will persist. Many are coming in the name of the Lord of Hosts!

Spread your clean linen before the fire. Be WELCOMING THE LORD OF HOSTS. Think not of self, but of HIM. Strengthen the way of the Lord. Many are coming to understand. Remember the Sabbath to keep it holy.

### TERMS OF THE CONTRACT

Barren fields; heavy losses in foods and cattle; nothing grows; Tomorrow's crop of blessed children tormented by mutation and such. Nursing mothers dry or poisoned milk . . .

(I insert here a reminder of the parallel they are making: for President Kennedy had reminded us of the terms of the contract in Berlin. It seems he has forgotten that God made terms of a contract too . . . which also would be fulfilled if we did not obey HIS LAWS. References to this bigger contract are found in our Bible from Daniel.)

Bereft of God, man has developed a cancer, wholly out of control now, and too big to surrender. Come up the Way of Christ's footsteps! Learn that the Way is always stoney, but clearly an UPWARD and STRAIGHT WAY to the HIGHEST WORK, not lingering at syllables, and so pretending . . . "some day" you will come to the pure and perfect. Behold! the God-Head works perfectly for every fellow plant, animal, or insect. No man can abuse his station in the sight of Christ and forearm himself in defense of himself!

ONLY WHEN MAN POURS OUT UPON THIS CREATION THE LOVE OF THE POWERS FROM ON HIGH WILL HE LEARN TO WORK WITH, and not to the detriment of . . . but for constancy. Love of power shall be heard on the Earth and claim of mankind judged; but lastly shall the ONLY POWER survive . . .

that Power which rules the world of men, and armies, and plants and rocks!

He that survives shall show forth a NEW FORM, impure as yet, but leading toward a brilliant double duty. Let that form suggest manhood! Let it be truly beautiful in power and love, and have as well, the softness of Motherhood and control of the Higher Divine Outlook. Thus Man-Woman live, enduring in comfort, living the Cosmic Laws, steadying the Earth strains with music of higher feeling, and practicing in the Cosmic Theatre, as drafted for you by the Masters who will serve and come to stand upon the Earth!

Such Beacon Light Servers will follow with freedom the new turn of events. Masters of the soil cannot climb upon the new Earth, such as Atlantis or Lemuria! But keeping the High Goal these shall serve still Higher Principles, and teach and serve until such time as Man-Woman can come to produce AGAIN. Agonies shall have ceased and teachings of a still Higher Race shall begin to serve.

BE NOT BOTHERED BY THE ADROIT ONES WHO BLAME AND BLASPHEME, and destroy on the planet Earth. TRUST . . . Night shall and MUST turn into day in so short an hour! PITCH YOUR TENTS AND WAIT! Let no stream of doubt enter in. The capitol of the world are shaken.

Soon new earthquakes set in motion the dreadful planet turmoil . . . Be ever watchful and alert. HIS NAME IS FOREMOST IN THE HEAVENS. The dreadful power will shake the framework of the Earth . . . It rocks, it reels. Helpless are the Servants of the Most High without Him! Be in peace, KNOWING THE SAVIOR COMES, AND IS INDEED AT HAND.

Ever ready are we to strike, if such is called. WONDERFUL IS HIS NAME! We work always as the Elect's Servants to the Most High. Speak to the Father! He will warn you. Establish LOVE within. ONLY SO WILL HATE BE OVERCOME.

The dreadful moment has not yet arrived. Be peaceful. PRAY. No harm is to befall those who serve Him. IN ANOTHER HOUR DO WE CALL FORTH THE ELECT: THE CHILDREN WHO PERSIST IN THE FATHER'S TRUTH, WHO WORK WITH IT. THESE ROCKS shall stand!

JESUS IS CALLING HIS SHEEP FOR THE LAST TIME. The hour passes swiftly, and the sign on the forehead shall demonstrate the love of the Father and the Son. And so SHALL THEY BE BORN SKYWARD IN YET ANOTHER CLEARLY TICKING MOMENT OF HIS HOUR ON THE EARTH . . . BE NOT AFRAID!

LOVE YOUR FELLOW MAN, EVEN THOUGH IN ERROR HE MAY STAND! Your truth is cherished as you declare. His Ancient Laws and LIVE them in your Center of Being. None are so brave as they who follow the CHRIST footsteps. The Master is near. Be unto Him as you expect Him to be unto you. Love is a power of perfection which suffices in PROTECTION. STAND SO YE ARE SHIELDED BY THE LIGHT OF INNER PEACE. NO OTHER SUFFICES.

Meet the LORD in the air before Christmas this year. And may you be brought forth to declare the truth; to do no evil; to adjust to the coming peace. For man will bow down to his Creator!

Bless them who so move with Lord Jesus. Be in tune to receive great wisdom and love, and the needs of mankind. Together we serve, will KEEP serving; for the Father's feet are close, and we who stay ready are trusted by the Savior to KEEP THE PEACE! Do not loiter! Man is steadily advancing to his day . . . why will he not learn?

Earth shocks are strange and mean and cannot emerge . . . So strange, that a shifting of the poles will be shown. Let the expressions of this be leveled at one of two nations which has gathered the harvest of antics for spoils; have surrendered to the devil, which was not counted upon, but so it is! Suppose man went right on with the dreadful chaos? What would ensue? Complete demolition of the planet!

(This transmission came about the time that the U.S. set off underground blasts in Nevada as well as those many set off by the Soviets.)

EARTH SHOCK WAVES TAKE THEIR TOLL BETWEEN OCTOBER AND CHRISTMAS! There will be fewer distress signals from nations, but more and greater calamities of nature's force. Results of fallout are extensive and pollution intolerable by the New Year. But man can count on Jesus to uphold the strong Way!

Pressures inward on the Earth have a rolling effect. Get ready for a hasty return of peoples from all over!

## TELEPORTATION AND ENERGY FIELDS

### Direct Transmission:

Transportation of energy or energy fields having relation to teleportation of mass objects is about to take place. This bears reference to your increased frequency vibrations and the raising of your consciousness to the point whereby these things may take place.

We are attempting to relate to you this evening the mechanics whereby certain energy fields may be raised in frequency and transposed or teleported (as you would term it) to other places upon your planet. This is known to our peoples and will be a feature of your New Age when this dawns in its fulness.

The thought of frequency bands is not a new one to you gathered here tonight; but the mechanics whereby these things are accomplished have remained much of a mystery to your minds. We will endeavor to further elucidate insofar as is possible with your limited knowledge of the electronic frequencies which merge into the fourth dimensional state.

As your bodies become light enfilled, and as the sluggish vibratory rate of your planet becomes raised, due to the cleansing now taking place and the acceleration into space, the transposing of so-called physical third dimensional matter will result. The frequencies of light are high ones compared to those of the dense molecular rate of the atoms of the physical body. As you attune with light frequencies, as you know, the atomic structure of your bodies begins to vibrate at an increased rate and the actual density of the atomic structure becomes altered in frequency.

It is perfectly possible for any one of you, given the correct knowledge and ability, to hold certain thoughts within the mind, to pass through these walls or doors which you think of as physical and impenetrable. Think upon this. Realize in your minds that the reasons for the stepping up of your frequency vibrations have to do with other things than the mere beautifying of your spiritual selves. There are actual results to be achieved by these practices making life on your planet much simpler to conduct.

As these structural changes take place in your third dimensional bodies and these raise their vibratory rate to the fourth dimensional state, you will at times appear to be almost as shadows, or objects may be perceived through your bodies.

We turn now to the thought of the nuclear experimentation which is taking place. This again is altering the atomic structure of your universe though this may not yet have been apparent to your so-called Earth physicists and scientists. There will soon be a rapid change in molecular structures of all kinds of third dimensional objects. You must acustom yourselves to the thought of such changes taking place before your eyes in order that you be not shocked or startled at such manifestations. Therefore we give you this discourse tonight.

We are transmitting from a great distance upon this occasion; and are a band of technicians working with the one known to you as ORLON. We speak to you as a group, not naming any one of ourselves as the spokesman; for we wish our minds to reach you as a group thought. It will not be too much longer, our brothers, who are interested in the scientific concepts, before you will bend your minds to new endeavors of science, the True Science of atomic structures, of frequency vibration and of light itself.

This is a preliminary discourse given to you in order that you may be better prepared when we meet with you in the distant future. We discontinue our discourse and sign ourselves in the spirit of truth and of true science. We bid you goodnight, our brothers, our sisters of Earth.

TUKARI

Ships will land. Yes, exacuation procedures are planned; but at this period only from any widespread disaster area caused as a result of nuclear experimentation.

Tukari transmits to you in order to complete triangle transmission over your United States. Now contacting with other units at other points of the triangle.

Cataclysmic conditions have already commenced. We do not need to tell you where. You will watch your news for further disasters of apparent natural nature taking place. Ships will land, meeting will be arranged in order to further acquaint unit leaders with final preparations for your planetary cleansing.

Tukari in command of Space ship X-712. Neutralizing of negativity patterns being carried out at this time. We sign off and transmit again before too long.

## SECTOR XERXES TRANSMITTING FROM BEYOND THE GALAXY

Conditions environmental and otherwise upon your planet regarding mineral, plant and animal life are rapidly being affected and dessicated in cellular structure from harmful radiation content in your atmosphere:

We of this sector acquaint you with the deterioration structural changes taking place in your midst, not to cause confusion or panic in your minds but that you may take remedive, (we do not know if this word is correct) but we mean remedive measures, meaning measures to counteract or to remedy the deteriorating condition.

We of this sector are, in a sense, planetary Guardians or assuming the duties of planetary Guardians at this time owing to certain Confederation commands issued by the Chronomonitors monitoring your upper atmosphere.

Work must speedily be commenced to inagregate - to inaugurate (we ask your condolence in that our command of your language is not perfected) - inaugurate measures and information necessary to your well-being. Command states, Chronomonitors monitoring report, we of Section Xerxes ACT. Should the Chronomonitors be so impowered to also act upon data received and recorded, you will be aware of phenomena previously unknown in your skies.

Content of radiation still approaching Zero hour — our thought not clear; we express differently - content of radiation rapidly approaching saturation point within cellular and bone structure. Consequent damage apparent now, not negligible. Apparent within one year far from negligible.

We of this sector are communicating through this channel trained by others of our brothers for many purposes of interplanetary significance, soon about to manifest and assume correct importance in your world scene.

We are also your brothers in Light. In asking your indulgences for our imperfections of transmission we acquaint you with further knowledge.

Shortly there will be upon your planet a new outbreak of a particularly virulent form of fever. This is caused by the breaking

down of the cellular structure and the consequent overloading of the body with toxic or dead matter. In attempting to clear the channels of the body, high fever will manifest and your peoples will be, in many cases, emaciated, as the toxic matter accumulating so fast will defy the efforts of the recuperative powers of the body to assist in regeneration.

You, our brothers, our channels of Earth service, must guard yourselves at all times against these epidemics. Your most efficacious means by so doing is to drink compiously of your citric acids, fruits. These epidemics will strike those already most filled with toxins from your unnatural forms of civilized, so-called, living.

We, your brothers of this sector Xerxes, will be communicating upon further occasions, for purposes not yet revealed to you. We, also in the Light of the Radiant One, give you farewell of your present time consciousness.

**MF: IMPRESSION:**

The Light essence is all of creation. (We are waiting for them to make a contact from their side).

Clydetta Allen: The man that Marianne is waiting to contact is, in the picture I receive, very auburn-haired and full beard, very tall, bright blue eyes, rather fair skin, white robe and sort of a tapestry thrown over the left shoulder. He seems very powerful and is carrying with him a huge ray of Light, mostly white and in the outer edges, a bright blue.

**MF channelling:**

**CLYTRON**

Clytron speaks of Light. Know ye that Light is the essence of all that ye are and all that ye ever shall be. Its inflowing and outflowing is the pulse of the Universes of one Creator. All beings respond to its subtle interweaving and upon the degree of its intensity present is the consciousness, the intelligence, the wisdom, the beauty and the love of sentient life. Light flows like the ever-changing hues of the rainbow with many facets of expression penetrating the denser bodies of matter and infilling them with the vital forces of immortality. Know ye that as ye become so attuned with that essence, ye also become immortal. Ye also become as the gods and the goddesses of older legends and shall ascend to the

places of the gods and goddesses, not only in consciousness but in being, taking with you the ascended atoms of these, your physical bodies of flesh. Know ye who are mortal that ye put upon yourselves immortality that ye don it as a robe, a mantle of Light, made manifest to the eyes of all men.

Know these things for they are truth and upon them and your acceptance of them depend your lives in the fullest and truest sense of that word: For what is life if it be not immortal. What is life if it be not a thing of beauty, of wisdom, of love and of truth?

Children of Earth, know ye that I have come both in consciousness and in being that I might speak with ye upon this night. From far realms have I come travelling in a mantle of Light for the Universe is my home and the far off leagues of Space are my vaulting places of travel. Into the shadowed world which is the Earth planet have I brought my consciousness, seeking to perceive that which is Light through its many shadows. And Light I have found in the hearts and the minds of many who awaken now to their divine heritage of immortality.

Beyond Earth lie many worlds in Space and those which lie beyond the planes of the physical are many heavens of grace, of beauty, of wonder. Onward, ever onward beckons the ever-ascending spiral of Light thrilling each soul with new endeavor to conquer the worlds beyond the known until all ascend to the throne of the Creator and the splendor and majesty of His inner worlds.

For a purpose came I here tonight to be with us as it was designed that I speak so in this manner to ye. Not all of his days may Man be troubled with thoughts of practical concern, of happenings of dire nature but that he must take a little time wherewith to ponder the beauties and the wonders and mysteries of his own creation and the worlds which lie beyond his scan. These worlds that beckon, these atoms spinning in the midnight blue of Space, beckoning ever onward, out to the furthest reaches of the Universe, out to the Galaxies and beyond into the nebulae, into the star studded night of Space. Consciousness must reach outward, ever outward, beyond, ever beyond that which it knows that ye may grow, children of the Earth planet.

I, who come from another system, come that ye may perceive a vision of beauty, a mystery of Space. I come to weave words that might intoxicate your hearts and your souls with that Divine curiosity which raises Man from that which he is to that which he may be and will be and SHALL be.

If I have a name say that my name was Clytron, for it has a meaning. If I would have a name in your pattern, then let this be my name. I am not unknown upon your planet nor am I unknown to this one who is my channel, for our minds have met before for a purpose and shall do so again in the interweavings of the threads of life.

Fill your minds with the perfume of far-off places and dream a little while and muse, that ye might be refreshed of the many con-

cerns of practical nature that bear heavily upon your consciences: For too soon will press upon you the harsh realities of this heaviness of a planet due soon to be lightened and, in your sleep, perchance ye too, shall wander with me into the avenues of stars.

Fare thee well, then, my gallant souls. We meet again upon another night of starlit splendors.

**MF: Direct:**

Transportation of energy or energy fields having relation to teleportation of mass objects is about to take place. This bears reference to your increased frequency vibrations and the raising of your consciousness to the point whereby these things may take place.

We are attempting to relate to you this evening the mechanics whereby certain energy fields may be raised in frequency and transposed or teleported (as you would term it) to other places upon your planet. This is known to our peoples and will be a feature of your New Age when this dawns in its fullness.

The thought of frequency bands is not a new one to you gathered here tonight but the mechanics whereby these things are accomplished have remained much of a mystery to your minds. We will endeavor to further elucidate in-so-far as is possible with your limited knowledge of the electronic frequencies which merge into the fourth-dimensional state.

As your bodies become more Light-enfilled and as the sluggish vibratory rate of your planet becomes raised, due to a cleansing now taking place and accelerating in pace, the transposing of so-called physical third-dimensional matter will take place as a result. The frequencies of Light are high frequencies compared to those of the dense molecular rate of the atoms of the physical body. But as you attune with Light frequencies, the atomic structure of your bodies begins to vibrate at an increased rate and the actual density of the atomic structure becomes altered in frequency.

It is perfectly possible for any one of you, given the correct knowledge and the ability to hold certain thought within the mind, to pass through these walls or doors which you think of as physical and impenetrable. Think upon this, those of you who are here tonight. Realise in your minds that the reasons for the stepping up of your frequency vibrations have to do with other things than the mere beautifying of your spiritual selves. There are actual (you would term them) practical results to be achieved by these practices making life upon your planet much simpler to conduct.

Structural changes are taking place in the atomic structure of your third-dimensional bodies, or vehicles of expression, and as these raise their vibratory rate to the 4th-dimensional state, you will at times appear to be almost as shadows or for objects to be perceived through your bodies.

We turn now to the thought of the nuclear experimentation which is taking place. This again is altering the atomic structure of your Universe though this may not yet have been apparent to your so-called Earth-physicists and scientists. There will soon be a rapid change in molecular structures of all kinds of 3rd-dimensional objects and you must accustom yourselves to the thought of such changes taking place before your eyes in order that you do not be shocked or startled at such manifestations. So we give you this discourse tonight.

We are transmitting from a great distance upon this occasion and are a band of technicians working with the one known to you as Orlon. We speak to you this night as a group not naming any one of ourselves as the spokesman for we wish our minds to reach you as a group thought. It will not be too much longer, our brothers who are interested in the scientific concepts, before you will bend your minds to new endeavors of Science, the true Science of atomic structures, of frequency vibration and of Light itself.

This is a preliminary discourse given to you in order that you may be better prepared when we meet with you in the not distant future.

We discontinue our discourse and sign ourselves in the spirit of Truth and of true Science.

We bid you goodnight, our brothers, our sisters, of Earth.

### Tukari channelling

Ships will land. Yes, evacuation procedures are planned but at this period only from any wide-spread disaster area caused as a result of nuclear experimentation.

Tukari transmits to you in order to complete triangle transmission over your United States. Now contacting with other units at other points of the triangle.

Cataclysmic conditions have already commenced. We do not need to tell you where. You will watch your news for further such disasters of apparent natural nature taking place. Ships will land, meeting will be arranged in order to further acquaint unit leaders with final preparations for your planetary cleansing.

Tukari in command of Spaceship X-712.

Neutralising of negativity patterns being carried out at this time.

We sign off and transmit again before too long.

Discontinue.

## MF IN ALEUTI CONSCIOUSNESS:

Time is naught, for, lo, the long ages of time pass by like a fading picture before the eyes of men.

Time is naught, for all things pass and fade away into nothingness upon the planet called Earth. Yet those things which are of Light essence endure in a dimension which is not of Earth; endure forever in a reality which is crystalline perfection. Purity of soul, truth, wisdom, beauty and the love which endures from Age to Age—these things are timeless, these things endure and are the rocks upon which Man may step. For a molten river of fiery torments flows between those rocks and the Earth planet has been a place of torture and of agony for the children of Light who have walked through many ages, through many lives seeking to serve the Lords of Light.

I, Aleuti, priestess of Light, who am myself timeless, return in consciousness and am one with my present embodiment, am one again upon the Earth-planet for the ushering in of the Age of Light into the new dimension and the new consciousness which is the Christ consciousness, or the Light essence from which all beings are created.

Wherefore shall Man walk if he walketh not in Light?

Wherefore shall Man talk if he speak not words of Love?

Wherefore shall Man's actions lead if they lead him not to Joy?

Ye who are the children of the coming Age may not bicker among themselves, for if thou perceivest not the Light, then who will—the children of darkness? Have they not already destroyed? Have they not already aligned themselves with the forces of destruction? Only the children of Light may walk in Light, may talk of Love and may live in Joy. If the shadowed ones o'er shadow thee, then truly the planet is lost.

I, Aleuti, speak of an Age of Light, of worlds of Light, of lives beyond lives, of time beyond all eternity where Time is not and endureth only those things which are reality. Know ye, O children who aspire to the Light, that if ye live not in that which is reality, then ye also shall perish in that which is of shadow, having no substance, bearing no fruit.

Consider well, children of the Earth-planet, the choice ye make, whether it be Light or shadow, reality or death; for thine alone is the choice and no man maketh thy choice for thee. Thou alone decide.

(Chant with ancient language then given).

I speak in symbols. Ye that have understanding, hear my words and know their meaning.

There cometh in the skies a great flock of white birds that fill all the sky as if with snow. These come from the land and the islands of the blest rise again in all their glory and the children of

these isles return in Joy and in Love. There cometh upon the West pestilence and famine and perish those who are the children of the shadow-world, for they have not substance and cannot sustain themselves against the coming of the white birds.

There cometh also to the West a man both wise and strong who will be as a leader for many who take sanctuary against the time of the upheavals. This man is fair, he walks the Earth as a god of old. Grace is in his stature and Light upon his countenance. This man cometh soon.

There cometh upon the East a dark-maned one who rideth the air like Pegasus. When he stands astride the city of the two towers, then shall the end be nigh and the sun darken and again the temple be split in twain.

Between and betwixt the East and the West lie great plains and these plains have desolation upon their face, yet within, also, are many places of protection for the children of Light.

Rivers flow in new courses, hills become valleys and valleys become inland seas. The mighty thunder of the oceans shall be heard by people who live far from the shore.

Yet shall the children of Light endure past all these things unto the coming of the Age called The Golden.

Green palms wave where now the ocean flows, the sands are golden and the flowers bloom in profusion where now swim the fish of the deep.

Things change places: so also do men and women until their rightful appointing is reached and each is returned unto his own and all is made whole, new and cleansed and in the sight of the God of all beings, will this world be made good and called the blessed, planet of Light.

I, Aleuti, have spoken and am silent. May the gods bear me witness that I speak truth.

"We are waiting" they say. "We are waiting for an event which shall shatter the world scene as it now is. We are waiting."

Did we not say (for you) to attempt contact at a later hour? This statement still is valid. Our transmissions must be geared to

the most receptive time upon your hemisphere. Do not disregard that which we say. It is not said in vain or spoken lightly as are words among your own peoples.

The one who is our channel will understand when we say that there is little left of reliability, consistency or truth among the vast majority of your peoples. This is not true of ourselves. Therefore, we request that that which we say be taken with all due seriousness. We do not speak in vain nor lightly. All things which we say have a meaning and a purpose. Words as they are used by your peoples are tossed as lightly as a child's ball, wantonly, without meaning, often intended to wound or deceive.

Your peoples must learn of the value of integrity, of truth and of eternal values put forth in sound whether this be the sound of the spoken word or the sound of notes of music expressed in tonal harmonies.

The science of sound is in its infancy upon your planet, but soon must become realised in its full meaning and purpose in order that your peoples may, by the use of sound, invoke the creative energies and not those of destruction. Those of our own who walk this planet are highly sensitized to sound and can be momentarily rendered distraught and off balance by the wrong use of tonal qualities, by the use of the voice in anger, in impatience, in hatred. not so sensitized or would they be entirely shattered by the ele-

Perhaps it is fortunate for many of your peoples that they are ment of sound with which they surround themselves, by the destructive nature of that which you term jazz or negroid-type music, by the screeching cacophonies which pour forth ceaselessly from your boxes which you term radio communication and television.

Your planet is incased with sounds which are ugly, with sounds which are destructive to the most spiritual and sensitized portions of the human soul.

We wait and when the event which we await has taken place, then will we again communicate upon many things of vital importance to your well-being.

In the Light of Our Radiant One, we bid you farewell of your present time-consciousness.

7 Dec. 1961  
Montecito, Calif.

It has been said, "Love suffers much and is kind", also, "Except that ye have not charity, all these become as sounding brass or tinkling symbols" if ye have not LOVE: For LOVE & CHARITY are interchangeable in this, and the ancient usage was LOVE.

"Love suffers much and is kind." How many of your peoples have a true understanding of the meaning of LOVE? Not Love in its much-maligned usage, applied to the war between the sexes where each seeks to attain the dominant part, but LOVE as

known throughout the Universes; LOVE as a POWER and a POTENTIAL undreamt of by many millions of your peoples.

LOVE has within itself the power to accomplish all things. It is the KEY to the hidden mysteries both of Man's relationship with his God and his inter-relationship with his brotherhood with himself. Thus, it has been truly said that "Love suffers much and is kind." For, so greatly is this force of Love misunderstood in your world, that it causes great suffering, not by virtue of its own being, but by virtue of its existence on a planet where it is so greatly misunderstood by the masses of people. The individual who seeks to express the force of Love in their relationships on any level of intimacy, whether this be friendship, blood relationship, or the relationship of man and woman, draws to himself the misunderstanding of a blinded and hate-filled world. It is far easier for your peoples to attribute motives of selfish aggrandishment to the individual who seeks freely and selflessly to give that force called LOVE. For only so can they understand at their own level of consciousness.

Yet, we still state: The force of LOVE holds within itself the secret of the Universes, the answer to the Ages. Thus, LOVE suffers much yet is kind. For only in being KIND (this word would imply forgiveness, continuance of love, understanding, sympathy, empathy) only so can LOVE prevail upon the blind and break through the barrier of their blindness.

There will come a time when LOVE will not suffer and yet will be kind. There will come a time, not far distant, when the secret and the mystery of the POWER called LOVE will be more fully understood upon your planet.

Until such time, those of you who are our emissaries of Light must continue to suffer and to be kind, to LOVE and to be misunderstood in so doing. Yet, among yourselves this misunderstanding should not exist, this suffering should not exist. For the emissaries of Light must give witness and become that which THEY teach; give witness to that which they most truly are in soul essence. For the foolishness of Man passeth all understanding, but to this give no heed, for it has no reality within the Light and should not leave its mark upon your souls.

Where Love suffers much and is King, then LOVE must triumph; for no force that we know of throughout the Universes of God, has a greater potential nor contains within itself the KEY to its own renewal in such manner.

LOVE may recharge and renew all the vehicles of Man in such way that they become filled with the Light-substance which is immortality.

Man may have the wisdom of the ages within his intellect, yet if he hath not LOVE, he is NOTHING. When the true meaning and potential of this power is known upon your planet, then will your peoples be enabled to renew their physical-etheric vehicles and to

interchange them with the Light-substance and raise their vibratory rate. When this force is carried into effect in the relationship between MAN and WOMAN, then your ridiculous, unnecessary and destructive war of the sexes will vanish with the age of darkness which gave birth to it.

Man and woman are two parts of one whole, are complementary in essence and divided are not only incomplete but are - - - (there is a word in our language but we do not find one in yours which expresses our thought; our meaning is that there is something lacking where the two are divided). Even though the individual may be unaware of this, none-the-less, this is a FACT.

On your physical level of matter this may be called a chemical blending.

On your ehtric level of expression, it may be termed an interchange of etheric energies.

On your astral or emotional level of expression, it may be called an interchange of color.

On your etheric level of expression, it may be etermed an interchange of creativity through creative mind.

And on the spiritual level of expression, it would be termed the god-force or the One Spirit joining in completion: the flame known from the beginning from alpha to omega.

If Man is foolish enough to think he is self-sufficient unto himself, or Woman self-sufficient unto herself, they merely express their ignorance of this basic principle of Oneness and of the polarity balance contained within this principle.

Suffice it to say that we of other spheres, of other planets of Light, have a much greater understanding of this power, of this FORCE called LOVE and a much greater respect for its interworking in our lives and the necessity of understanding the Laws which govern this force: Electro-magnetic upon certain levels, Spiritual upon others.

When our peoples desire to reunite in wholeness, they ask the One God, Creator of all beings, to send to them the other part of themselves. Such is the balance and the lack of Karmic debt (as you term it on your planet) on ours, that very little time elapses before this prayer is answered and completion and harmony are found.

That your peoples struggle with such agony to retrieve the lost part of themselves is, to us, one of the saddest things about your planet.

We suggest that this tape be studied. Certain KEYS which are necessary to your further ongoing in Light are to be given concerning this subject at a very early date. If you stumble upon them in the meantime, we will be only too delighted. Without these KEYS the door which you wish to open remains steadfastly closed. Perhaps something in that which we have said will reveal to you the hidden meaning.

We withdraw our consciousness, joyous in the knowledge that we were able to come to you in thought upon this evening.

We who speak with you are beings, male and female, from the planet, known to you as Venus.

Concerning the nature of Love, look within and bring forth that which lies within the heart center. Be not afraid of this force but steadfastly let the flame burn away the dross, and the Light will be revealed.

The beings known to you as the Lords of Flame from Venus were our mentors.

Our Love and our Light we leave with you.

## COSMIC CHANGE

Alignment with Cosmic events is the order of the day. This alignment entails the necessary breaking away from all accepted and conventionalised thought patterns preconceived or partially misoriented by the masses of Earth's peoples.

Cosmic alignment is taking place at the time of the aligning of several other planets with planet Earth, thereby bringing in a vast new field of Cosmic energies and a greater aligning of Cosmic hierarchies with those of planet Earth. This thereby brings into focus the correct Light energies transmitted from the more advanced planets in your Solar system to your own planet and the life-wave incarnate upon it.

Visualise, if you will, this aligning or alignment as a vast focusing of god-like creative energy to bring into correct balance planet Earth, the erring one of this Solar system. If the energies period of time, the results can be of inestimable value to those so so focused are utilised correctly and fully by Light Servers at this using (them) and to the planet as a whole.

All things in Nature change according to season and to Cosmic calendar. Thus it is that the great change long prophesied upon your planet will be initiated and inaugurated in its fullness upon the time of the coming conjunction of planets, (Feb. 4 & 5) called by many of your peoples an 'eclipse stellium'. That there has not been such an overall pouring out of energies or the great change upon it to this date is due to the fact that the planetary configurations were not so ordered until the ending of a 25,000 year cycle.

All things in the Universe are orderly and move according to their predestined seasons. No one event can occur, either in your own personalised lives or in the life of a planet outside of Cosmic calendar. It is unfortunate that your peoples do not recognise this and dattune their consciousness and their activities to receive the

greatest benefit from the outpouring of various fields of energy. By this, do not misunderstand us to mean that we are in complete accord with many of your fatalistic astrologers. This is not the case. You do have individual free-will as individual free souls. But the greater events, both in your own individualised lives and the life of your nations and your planet, move according to seasons of waxing and waning, of budding forth and of withdrawal from activity. If you were further advanced as a peoples, you would have this knowledge as do we of other planets, and would attune to receive the greatest creative energy to manifest the carrying out of your individualised freewill and those desires which you have within that freewill to manifest.

Cosmic events do not move according to the will of Men upon any planet but move according to the Creator of all Men and to the Divine hierarchies which carry out this WILL which is harmonious, beauteous and loving in all aspects.

You see approaching, the ending of a 25,000 year cycle and the begining of a new cycle of increased Light energies outpouring, not only upon your planet, but upon this Solar system itself. These Light energies will focus to the greatest degree at the time of the coming conjunction. They will manifest in two different ways, many facets but two apparent and opposing (it would seem) ways:

(1). One, the greater upliftment and increasing spiritual awareness of those who have been striving to attune with the Light.

(2). Two, the increased degree of cleansing and bringing to the surface and dispersal of all dross and weighty matter of negative manifestation upon your planet.

Thus, it is good that all Light servers gather together in groups that their Light may shine in various places of the Earth. For where darkness also is concentrated, there will the Light and the Light energies cleanse and commence to greatly agitate the hidden dross in order that it may be dispersed in the time which lies ahead.

The Light in its many aspects is at all times beneficent. That its outworkings may appear to the minds of men to be disastrous and cataclysmic is only due to their incorrect understanding of Light energies. If attunement with Light has been sought, the individual concerned may be filled only with joy at the coming of the One who is known as the Lord of Light and Love, Jesus the Christ. If attunement with darkened forces has been sought or the mind clouded with the unrealities of shadowed forms of the Earth planet, then these things must fall away. All cleansing necessitates a degree of bringing to the surface of past negative conditions and of the sweeping away and purification of these. Light cannot build upon darkness nor can a world of purity be built upon the filth and death and despair that lies buried in the etheric vibratory field

lying close to the physical Earth. Only as the etheric currents are stirred into action by the increasing Light energies coming in, will these great vortices of force swirl away and disperse that which is not of Light.

Cosmic energies of tremendous magnitude are being directed at this time upon planet Earth. You, who are the servants of the Light, must needs intensify your spiritual awareness and practice of Light attunement that you may more fully play your parts at this time and in the times which lie ahead, times of tremendous challenge, of tremendous opportunity for soul growth and soul enlightenment and soul joy.

Children of the Light, awake to the Dawn, for the Light cometh and darkness shall be no more!

We, your brothers, your sisters in Light from many planets, band together our thoughts and send to you this message of hope and encouragement. We know of that which many of you have endured. We KNOW of those times when you have nearly fallen by the wayside and have cried in despair and darkness and grief and we say to you that the Light comes and grief and darkness and despair shall vanish as a mist and shall have no reality. But the Light which is eternal is the Light of the coming Golden Age, the Age of enlightenment, the Age of Joy for the children of Light upon the Earth planet who, through many lives, have sought to serve for this hour which approaches.

We rejoice and bid you rejoice with us. We send our greetings and our Light to many.

We now take our leave of you.

## THE JOY OF EASTER

An Invisible Teacher Speaks through Channel LOUISE MORSE  
of Maryland, U.S.A.

Children of the Light, again do we come together in oneness. We are with you, drawn by the power of that love which comes from the very being of you, that eternal self of you - the self of which you know very little. Would that I could introduce you to yourself. How little do you know of your eternal identity, that spirit, the divine image of God, that is you, that which has been so hidden, so covered with layers of materiality. It has been a virtual prisoner taken over by that ego, that astral self of you, the one which must be put down that the other might live eternally. If you chose the astral self as your identity there would have to come death, but you have been given that life forever; so you must move into that one, live in it, be aware of it, express through it. Everything that you think and do and believe must come through that spirit

self of you to be true fruits — the fruits of the spirit. You do not have to seek for an outside God somewhere or for that you could call an intangible holy spirit to come and do your bidding. You carry all there is within the core of you. That seed of divinity has all the potentials, all the wisdom and love and compassion and goodness. I know we have told you these things, but which ear was listening when we told you? You see, that is the point. You mean well but you do not always live in the spirit of you, and so, when you are listening or thinking in the conscious mind and the humanness of you, it does not stay within you, it does not enter that soul body that you are building.

Listen with the spiritual ear. See with the spiritual eye. That is discernment; that is true understanding. It is not listening to and accepting a creed or doctrine or any man-made belief, but it is opening your soul to the light of God. And you have had that light provided from the beginning; it is not outside, somewhere in another realm. Your future home may be in another realm, but you have all that God has for you deep within that holy temple which you call your "self". But you have been living in the wrong self. If there are three of you, you must begin to separate, to discern, to recognize in which one you are moving and having your being. You may move completely in the physical and human consciousness or you may move in the astral self of you or in the emotional suspension, or in the passions of mankind.

All the things that are in the beginning good but have become runaway, like jealousy, greed, resentment, hatred, come from the immature soul. The soul is in the process of growing and developing and learning the things of wisdom, and God the Father in His mercy has provided all these things for you. You do not have to go even, as the saying goes, to your own back yard, for it is right deep within the heart of you. In your consciousness you have the understanding, the wisdom and the God-Consciousness.

So which part of your mind are you using? For truly your life depends upon the conscious state in which you are living. You may carry yourself to any state, to any suspension. You may live in misery, in illness, in depression, addicted to things of earth. You may live in suspended states and yet upon earth. Or you may go into other consciousness areas. Even those that live upon earth and pass into the next realm not understanding, go into suspension. That is part of your purgatory state, it is not punishment, but waiting for understanding. That should be counted a blessing, for if you did not have it you might lose your identity, or you might go into lower vibrations without having the mercy of God holding you at that level until you had greater understanding. So you should give thanks for the state of purgatory and not have fear of it or think that it is something evil. It is not. It is a waiting, an "in-between"; if you get to the very gates of the high consciousness,

and you have not opened yourself to understand and to enter into that consciousness, then are you held at that level till those ministering angels may reach you and help to enlighten you farther. God always provides in his plan that which will lead you into the state of consciousness for you at that time. It is evolutionary. None are forgotten. But you must learn to climb the ladder of the frequencies. Lift your consciousness, decide what room of it you will enter, and the vast, great one that has not been opened.

That is a parallel to that which you know in your symbolism of the great pyramid, of which many of you have been studying, the great chamber that has not been opened yet in the pyramid representing the higher consciousness. Well, Beloveds, you have that great chamber within you in your consciousness and the door has never been opened. You are coming to that. If you ponder upon it you will begin to see that as you enter into the next octave of frequencies you will be expanding your consciousness. You speak of expanding universes; but the consciousness of you expands from the tiny dot of light that was begotten of the Father - that minute particle of light that was you. That consciousness is your life and has been expanding ever since and ever will be.

You cannot comprehend and do not know the possibilities of that which you call mind. You know only that which you use, the very small part of your human brain. And that is as nothing compared to the greatness of the sea of consciousness. It is not so much a great sea that you enter into, but you yourself contain the sea. Your consciousness is expanding at a rapid rate. Your vibrations, your frequencies - all that which puts you upon a certain wave length - these things are you expanding, even as the orbits of the planets around the sun would alter the course, would be an expansion of the whole universe. As the universe would expand and spread out farther and farther, so does your consciousness. You are just becoming aware of a tiny bit more of the consciousness that you had all the time. And it is really, if I might say without offending you, a real laziness that man has not entered into the greater consciousness long before. He is content to take that small bit of light and consciousness and sit back and say, "See what I have done! This is the work of man!" Not only does he forget to give the Creator the praise and credit, but thinks that he is seeing all, and that that is all. As the flower opens to the sun does it ask, "What do I do next? How do I grow in the sunlight? What must I think at this moment? Which way and which direction shall I grow? It opens to the sun and IT IS. In like manner does your soul open to God's light.

It is not a matter of beautiful words; it is a true state of being, Beloveds. That eternal self of you, that spark of life and light which is the God-image within you, that is the light that the soul is opening to. And there is where the "daily bread" should come from, not from the material things and not from that which would satisfy the

ego or the desires of the astral, but that which is life-giving. Call it daily bread, call it the waters of righteousness — any words that you would use, for there are many. But that soul of you opens to the divine light which has been with you from the beginning. We must repeat, for you forget this. Then does your soul have a chance to grow. You see, your consciousness is there, your life is there. But you are building an eternal body.

You are a speck of consciousness which has life, individuality and will. You may dart back and forth as a speck of light if you so choose. But if you would have the glorious life then must you, as co-creator, with the will of the Father working through that divine image within you, build the eternal body to cover that consciousness and light of you. That is what you speak of as the "glorified body". You now have a pattern; you have a physical body but it does not last, you have an astral body that does not last, but take the foundation of what you have and, with this eternal light within you, let it grow, let it form, and through your mind create that which will be a covering, a body beautiful. Now do you have a temporary body. Do you not see? The Master, Jesus said: "This body, this temple will be destroyed, but in three days will I bring it up". He believed; he knew that he could, with his divine will, being one with the Father, that he could reconstruct what you might call the atomic structure and could change, could build and resurrect that body and make it a solid, real eternal body. Not something human that would pass away.

Now for the scripture that was given to you tonight. That was for a purpose, to emphasize the fact that it is the life and the example that was the important thing. Too many churches and dear ones the world over have concentrated upon that which feeds their astral desire for sensation, for emotion and for identifying themselves with someone in self-pity. Now this may seem harsh to you. Forgive me, dear ones. I want you to understand that the Master, Jesus, was giving an example of what he wanted you to do. He did not want you to spend a lifetime grieving over the fact that he died. That was not the point. He went through many things in sacrifice. But he had to give up the life of the physical to show you what it was that he came to show you. And he gave up the life of the astral. He gave up his human and astral desires and will that the divine would work through him. And you can be one with the Father just as much as he was one with the Father. He was trying to tell you that you could live eternally.

He did not want to be worshipped as God. He was the son of God, as he came so humbly to express. He gave you the pattern of walking as one with the Father. He had to die to show you that he could still live! Not only that he could live, but that you could live. That was the proof positive. But never was there proof that man would accept. He merely showed the example that all things that he did could you do. And he emphasized the life. Take him down from

the cross! Let him live! That is the important lesson of the cross. Do not picture him on the cross all the time and feel sad. It is the joy that was on the other side. Turn the cross over. See him as he did overcome the cross and death and the lower regions in which he went to bring light even into the lowest vibrations. He did promise to give of himself and that light which he had. And so he did, Beloveds. So do understand that the important part of that lesson was the joy and the life that came from it, and for ages has mankind dwelled upon the sadness. You have misunderstood. The only sad part was the fact that you did not understand the mission and the example that he was giving. But that will ever be before you.

Your holy communion was to serve as an example to you. And you have misused that. The Master did not say, "When you partake of the bread and wine be sad, go into a state of depression because my physical body was crucified and died." He did not want that. That is a satisfaction of the astral. Man loves to dwell upon morbid things, gruesome things. There is something innate in the astral body of man that literally enjoys going over and over and over the terrible things. Now that is a human pattern. That is not the life of the spirit. The gospel he did give us was that you be joyful, and that you might remember each time that you partake of the Holy Communion that he showed you the way to eternal life. Jesus did come to bring joy and to give that eternal life; that is a joyful thing. And as you recognize the fact that he said: "Eat of my body, drink of my blood", all right, understand the symbols! Partake of this life and higher consciousness that is the anointed one. Live with Him in it. Take of his life, of the body that he now is, of that which was transformed, resurrected, the great consciousness, the great love. That which He found and showed you, he said ever to keep before you . . . the memory of this. When you do partake of the communion remember that He did risk all to come and show you the way that you could gain eternal life.

Beloveds, you have life and you could live for a long time if you never had this faith. But somewhere does another understanding come in to give you eternal life of the spirit. That is a different thing. That is where the deception does lie, for you can go into the astral area. You can move into that realm after physical death. You can live for a long time. You can say to those left upon earth: "See, I died, yet do I live." And it is so for a long time. But, Beloveds, the earth and the heavens around the earth will pass away. The astral plane will pass away. It still would not be the life of the eternal spirit. For this you must have different food. You must reach out for greater consciousness. You must move into the spirit body and the life of the spirit if you would live eternally. It is not a matter of judgment or punishment; it is a fact of being. You may live as a human, as a physical in the third dimension. And you may live in the astral realm as an astral being for a long time — longer than the physical. But there it ends, unless you have something to bridge that gap to enter into that which is etherial, beyond the

astral, that which will feed that spark of divinity within you that it might live eternally and not fade out. Through your free will and your choice may you progress eternally. And that is part of the mission at the time.

**YOU ARE BUILDING LITERALLY AN ETERNAL BODY FOR YOURSELF.** But this must be with wisdom and it must be with direction. You can at any given moment step into any one of the three rooms of consciousness that are you. You may say they are all one. Yes, in a sense they are. But for the point at hand we must say that they are separate. For you do not know the things of the infinite at this time. And as you grow and grasp these you are with the finite mind at the moment and you must take them bit by bit and see them in a way that may seem elementary to you, and may truly be that, but will help you to grasp a small picture of that which is to give you life.

So in going back to this great understanding of Easter, do not be so weighted down in sadness during a part of the time. As you do that you not only misunderstand the meaning that Jesus did give, but literally are you identifying yourself with him in a way that would cause him to feel that weight. You see, as you have been told before, his complete mission will not be fulfilled until each of you have seen the light and have come into oneness in that great body of the Christ-consciousness. You are all a part of that, the cells in the body of the Christ-consciousness. You may speak of Jesus as the Anointed One and say that he was christed — all right, in your concept that may be the way that you see it at the moment. But there was this great body that was begotten of the Father, and Jesus was the first of that which was begotten to attain to that which was his destiny. As many of you know, there were many confederations that were colonies upon many planets, all that were named man, all of that one body of the begotten. There have been various stages of the evolutionary progress, and Jesus did attain, long before you, for many reasons; but now your concern is to take that hand of the Elder Brother that is held out to you and let him guide you and show you the way.

He does not want you to be weighted down in sorrow. He does not want you to see nothing but the picture of him upon the cross. He did do away with that body, that self. He gave it up that he might have the glorified body. And that he is the one for you to concentrate upon. And that life which he did have he is teaching you to have. He is teaching you that you may be quickened, whether it be in the days of translation as the harvest comes due for its reaping or whether you do it at another time. But he is training you and showing you; from the moment that he was upon earth he has been showing you. And how many of you did have eyes to see? True it is that you would come in humility, and that you would seek forgiveness for that which you did not understand, and which had not been revealed to you, your memory having been cut off

from your past lives of many ages. And you would go in repentance for this reason. But at the moment you could not bear to have revealed all the past lives that you have had, all of the errors of your ways, the mistaken judgments. That memory was cut off, mercifully, for the time being, but later you will see it in panorama form, you will have it march before you. But with that cut off, knowing that you have made many errors of which you are not aware, you do ask forgiveness and you do go in humility. But you let that mind which was in Jesus operate through your body and through your consciousness that you might be identified with his new life.

Did he not tell you that you were new creatures, that you would be born again, not only in the wheel of life upon earth, birth and rebirth, but that you would become a new creature in him because he had found and had attained that which was eternal life? It is as simple as that. Humanity so little understood that they did make a god out of the Master, Jesus, when he came in all humility. It is blasphemous to make something of him that he did not profess to be. Understand the oneness that he had with the Father, the attainment and the crowning, and that he was given the rule of the earth, of this planet; and he did have many flocks to tend. He is working on many other planets and caring for his own. Many are the avatars working with their flocks, but he is your avatar, he taught you — for you were living in those days, as we have told you; when he was upon the earth you were there. That is why at this time you can respond to the things that are taught to the spirit.

Jesus was truly the light of the world. So are you if you let yourself be. But when it is covered beneath layers of selfishness or desires or things of the physical and astral, then all is darkness; the light has disappeared. Great is your light when you let it shine. But we have to bring you into moments of quiet in the darkness for you to let it shine. Not that it is the only time, Beloveds, but it is a time that we do help you to draw apart. You do try it in your many ways and, of course, you are serving greatly in other parts of your daily life. But it is not often that you let your light so shine that all may see. And that is truly you. It is not another's light. It is your own, as we speak of the spirit of you. Put down the selfishness and greed of the physical and the astral. Let that spirit live and shine. But it is your will power that will let it be, for you were given that gift of free will from the beginning and no one but yourself can direct that into the channels that it will go. For that was the covenant that the Father did make with that Light which he did beget. He said, "Let there be light", and there was light. And you were part of that light, and he sent it into all directions that it would extend and manifest through all frequencies and dimensions. That is part of the law, and that which he sent out will return back unto Him. But you have the control of it.

So there's the importance of your choice and your direction and your will. You are co-creators; you are mighty in power. But

do not use your power lightly, and do not use it for wrong purposes. Place yourself in alignment with the divine will that you might be one with the Father. The Father worketh in you and through you and His light does shine through you. This was the big thing that Jesus was trying to say to you. For God so loved the world that He gave His begotten son to show you, to demonstrate to you, to lift you out of that into which you had mistakenly chosen to go. You must with will change your direction. You can be advised but you cannot be forced. It must be your own will, but you must have understanding before you can see the reason for changing your direction. That cannot be forced. It cannot be caused by telling you how wicked you have been, cannot come from getting you to feel guilt, or to feel sad that your Master did go through something to show you. That will not do it. You must understand the reason for life itself, for eternity, and desire it. See that joy and hope and that glorious side to it that will make you desire to change your direction that you may go forward into it.

Have you not had enough? Have the life experiences that have shown you, taught you many things? Yet, but you have stayed in illness, you have stayed in the sorrows of the world. Jesus did say, "Come out of the sorrows; follow me into happiness." Constructive work, yes. Never do you seek something that you might find it easy or that you might find joy for the sake of joy, but that in serving your God joy will come. Then will you experience love in its true sense, even as you look now to that mission of Jesus and that which he did show you, in his example. He did not want you to dwell upon all the sadness and the part that was unhappy. He would have you forget the picture of him upon the cross. He would have you see him as he was ascending in his resurrection, saying, "Come, follow me; I am showing you the way". This is the Jesus that you are to follow. You have already gone through the travail and the earth is in the midst of the final travail for this age. And as the time for the reaping does come, as every harvest, he is saying, "Look unto me, I will show you. I will guide you this far; I will guide you the rest of the way. Believe me, and I will show you eternal life." He is not saying, "Do not belong to this group or that out my hand and show you the way. For I have found the light; I church." He is saying, "If you would desire eternal life, let me hold would share it with you. I would lead you on into the higher dimensions, that you may experience that which is glory and is love and is eternal life." You do not know the joys for you have not had it — it is given as a gift, but it is your will. That is the picture to see; the joy of the overcoming of death. That it does not mean much to lose the body; you go into the next life.

And in that do you learn an experience, and then do you move into the state of incorruptibility where nothing can touch you. Then can you serve him well, for you will return. Yes, it is true, that you are going through the evolutionary stages of growth and development of the soul. But remember, the potentials were given

you from the begining. You did not have to go into the lower vibrations as you did. That was your will, your choice. And you may choose to go or stay. You have been choosing for a long time to cling to the earth, to keep to those patterns, to keep to the things of the flesh because you did not like it. You have been looking through a glass darkly. Dim was your vision. Now, as you see into the light, you can see reason for moving forward. The time of suspension upon the earth is past. Greater work are you to do as you go up the ladder of consciousness. Why stay in that small consciousness when you can live eternally in the expanded one?

So understand the joys and the message of the good news of Easter. It has troubled us in other realms that we have not enabled more to see and understand the gladness of Easter, the relief, the thanksgiving that some one else has done that for you. Yes, of course, it is that you are building your own eternal body. You are laying your own foundation. You are taking your responsibilities. But you did have a way-shower. You did not have to find your way out of the jungle alone. You did not have to descend into the lowest of vibrations in order that you might test yourself to see if you were strong enough to come back up the ladder. For you could not have. Thus it is that he did this step for you. Now may you return to the paradise state which you did will to leave. Then may you go forward in your journey. Then may you reach out into the great cosmic unknown to you.

You think that you know life. You know life about as much as you would as a babe in its small playroom with the toys around it - at that moment in its awareness does it think it knows life. The wonders and the glories of life in other realms, in other galaxies of which you know nothing, real and solid, yet in a much greater consciousness and higher dimension of which you are not aware - all these are what you would speak of as the "mysteries of heaven." They will not be mysteries if you will but open and listen and learn. For you are entering into those gates. Now do they come into use. They have not been of much value in the form in which you have look at them. But open wide these gates (as you would think of it). Go into the next dimension of consciousness, and you are already travelling there in spite of yourself, for you have been seeking and you have asked. That is your free will. You are on your way; so understand it as you go. Try to grasp a part of it and do not struggle so, but open to the light that in giving you life. Meditate. Be still and know that God is within you and that you are one with Him. Recognize this; claim it and believe it. Then does it become power and He does work through you. Accept it as the gift that He did give.

And know that the joys of Easter are the good news for you, that death has been overcome, the grave has been overcome, the earth has been overcome by one who went before you. Give thanks that this is so. Be grateful for that life which is yours to have if you

do choose. It is not that you would have punishments if you did not choose. No, Beloveds, the point is that with your will you may take that spark of life anywhere that you will in any direction. So if you would have eternal life then you must choose or it will not be so. For you had bestowed upon you free will, and you would not lose that identity of the divine self, for that identity will at some great day create and rule its own world if you do not allow it to disintegrate. Your will is all that will keep the motivating force there because it was so destined under the laws of creation. God did not want something that he had to force. It is to be direction of your will. He sustains while you are willing, but you do have the choice of putting yourself into alignment with that great divine will which does bring harmony and good to all things.

So keep the joy of Easter in your hearts and never again look upon the sadness of the cross, for that is behind you. Be grateful, be humble; but the purpose of going through that was to show you the other side. He could not have shown you had he just appeared from the outer realms — as you would say, space — had he appeared in the clouds to you. It would not have meant the same. He could have said, "Yes, I promise you eternal life." But the reason of man would argue, "How can you know?" You are in a different sphere from us. You have not gone through what we have." But in entering into that dimension in which you were living he did show every step of the way that he did understand, that he did experience, he did go through and risk all. But that faith within him made him know that he could show you, and could come through it; so step by step he had to die in front of you that you might accept the risen Lord and see. In every stage he did appear, even in the astral body, as what you would term, ghost, at first. He appeared in the physical, he did appear in the ghostly body and said, "Do not touch me, I have not yet ascended to the Father." He had been in consciousness in the lower regions releasing those that would follow him from the prisons and suspension. Then did he again appear. He showed you every form that he took upon himself. He showed you every experience, teaching you step by step. Then did he return in the glorified body only bearing the marks of the cross while he could show and let one recognize that he was the same. Then did he even ascend with man observing. What greater proof could anyone have? And yet did they not believe. But he showed that going through each step still could he live, and most of all still would you live. He said, "Tarry a while. Watch and the spirit will reveal all things." The spirit of truth did come at the pentecost. In every step of the way did he show, did he give example, telling them, "This is your path—this is what you are to be." He did not say, "I am great; I can do more than you." He said, "I am humbly demonstrating everything that you can do." But man had another idea: he thought he could do it better. He could not see that which was put before him. Then came divisions, the many sects the many churches . . . so few of the Christ-consciousness. Pity it is for they do mean well. But they have lost it; they have lost the spirit.

Turn away from the morbid. Look to the joy, even in these days of great change when the cataclysms do come. You are given ahead of time that spirit of joy. Even did the Christian martyrs exemplify this long ago. They learned it and no matter what did happen they went forth in song and joy, for they knew the key to it. But man has forgotten. Have no fear. Hold that joy within you; know the direction that you are going; know what you have chosen, what you have willed. Know whom you follow and go forth in courage. Not in the sentimentality, not in the emotional not in the misunderstandings of the Church, not in the intellectual crutch of those that turned away from the church. But walk in confidence and courage, knowing that one went before you to show you the way. And have faith that he did find the way and that he did instill in you that joy with his proof that he did overcome the grave, and that you are to follow in the same. Realize the love that was in him. Would you do as much? Once you finally made the grade, what a sigh of relief you would have. Then would you say, "I go back again that I might help my fellow man." You would be so glad to be out that you would never want to return . . . that is natural. But as you grow and as you go forward then does that great love and compassion overwhelm you. Then do you reach a place where you say, "Gladly I would go back, for man does not know what he is missing."

So give thanks that one did return. Be not sentimental about it, be not overly emotional, but have gratitude that the Father did provide the Elder Brother to show you the way, and courageously and confidently follow that way. That was the teaching that came through all great teachers of earth. All great religions did have the same teaching. But finally did one do better than just the teaching. He did demonstrate every step of the way that you might see how you could follow. Be filled with his love. Be filled with his joy. Do not let it be a word only. Experience that joy. Great are the wonders awaiting you. You are flinging wide the gates. You are in this harvest of the age. Give thanks and be joyous for great is your triumph, great is your blessing. And you have willed it so or you would not be at this point.

So open your eyes that you might see. Open your heart that you might love all that you pass by; let that love and that light shine through you, that all will see the Father in you. If you would have them know God do not hammer, do not force, do not argue. Be that Godly being, and they will follow, they know not why, for the spirit does bear witness to the truth. Bless you, Beloveds, peace be unto you and joy of Easter fill your souls. Ever be joyful, for you see beyond that which looks for the moment unhappy, for great joy awaits you. Even as you go through the holy days know in your heart that you do know something that others may not realize and that there is great joy in your soul, for you finally understand what he did try to accomplish, what he did try so patiently to show you. Bless you. Easter joy be yours forever. Selah.

## Part 2

### ANOTHER INVISIBLE TEACHER SPEAKS:

As the Master does stand in your midst, send, direct this great power to those with heavy hearts, with needs; for it is theirs, but it is yours to direct. Send it out that you might receive more. Send it out that you may give to the world that which comes and passes through you as channels out into the world. The Father does so manifest. Picture it as a great ray of light going directly into their being, their consciousness, their body and soul. Do not talk about it but send it, visualize it. Think it and send it with power. Be it so. Let the world be healed. Peace is yours. Receive it and give thanks.

Now dear ones, would there be some question that you would like to bring into the light? For this does help you to expand your consciousness, to exercise that which is your thinking ability that you might bring your thoughts and your questions into the light of the spirit, that you might see them for what they are. So does your soul grow.

Question: Were there sons of God who did not choose to come into the earth plane? Is so, where are they?

Answer: Yes, indeed, there are many sons of God, many of that begotten which is called "man". On other systems of that great galaxy even as part of which you call your "Milky Way" there is a great confederation of these entities that did not choose to go into third dimensional life. They have been living all the time that life which you will experience before too long. For all of you are moving upward in this transition period as the end of this great age does come to be. There again is something more than meets the eye. Even as in the sadness of the cross (as it seemed to be) still was there greater joy, so in the closing of an age, and that which would seem to be tribulation and difficult periods, joy should be in your heart, for you are moving on into greater realms. This is good; it is your life.

Question: In the light of this new teaching there is something that I would like to hear about - that is why Jesus went through such intense agony in Gethsemane. We can understand why he would weep over Jerusalem, but before his crucifixion he certainly was not fearful of the physical experience involved, because many human beings have borne pain with great fortitude, among them the American Indians who took pride in bearing physical pains. He couldn't have been afraid of that. He certainly was one with the Father and understood the importance and the glory of his mission and knew that he was at the point of demonstrating its full glory. Then why did he have such intense suffering at that time?

Answer: It is, of course, a repeating of man that has brought much of that. But there was a moment - we would not call it agony; that was some of man's idea creeping into that - but there was an important time that he did pray at Gethsemane and he did also ask that the disciples pray with him and give him strength. The angels ministered unto him, and in like manner do you seek

aid many times and sustaining. You see, in this it was not the death that he did fear. In fact, he did not fear anything, but he realized what he was entering for the next step of his mission. And for that he did ask if the cup could pass from him, could he not show them that he could at that moment have been quickened and been translated. He did not have to die. He could have gotten away from the earth; he could have shown the ascension, even as celestial beings could come into the earth plane and manifest in their dimension—you would speak of it as being invisible coming into visibility, or emerging into this your third dimension. He could have been translated. But you would have been left with something that you could not have. So it was not for himself that he had to die, but for you that he could show you all.

You see, the dying was simple, but it was where his consciousness was going when he did die. You see, there were the lower realms, and Lucifer did hold prisoner all those souls from the beginning of Adam until that time, all those that had died the physical death. In consciousness they did descend to the lower vibrations and they could not release themselves. And, you see, Lucifer did have great power. He did use force where God does not. The ones from the paradise state that had chosen to enter the third dimension had to come into being subject to the physical laws, having so chosen. They were warned about it, but having chosen that they were subject to physical laws. So when they did die, as the animal life, and as that which was an earth creature which was not the son of God, they did pass through the physical death and did descend into lower vibrations and Lucifer did hold them prisoners.

Then, to accomplish the full mission, Jesus knew that he not only came into the heavens around the earth and to the astral realms, and into the physical and to the third dimensional plane, but he also had to descend into those lower vibrations that he might free all. And he literally did free them from bondage, for in that light that he took into the lower vibrations Lucifer could not touch him. And as he did show all those out in bondage in what you would call hell - it was a prison, a suspended state lower than your purgatory state - then did he give them the good news and those that so chose could follow him out into the higher consciousness, into the paradise state, into the fourth dimension, from that time on; even as he did say to the thief on the cross that that day he would be with him because he believed—he chose to be. That was all; just the choosing. Then did he lead out all those from the beginning until that day; all the sons of God that had died the physical death he did lead into the fourth dimension. And he did tell all the message that he had overcome the grave. That was the grave. He had overcome those vibrations, he had conquered for you and the rest of the sons of God, that when they did die the physical death which was the law of the physical they did not go to that prison and be held in bondage. They did go immediately to the fourth dimension, the paradise state, if they believed that the paradise state was waiting for them - if they did choose.

It was not a matter of believing this man against another man, or this doctrine. It was not that. Man made it the doctrine. It was the matter of you taking that self of you where you would will it, and if you did know that he was restoring paradise to you, you could will it to be so, that you would go there when you left the physical flesh and no longer would you be subject to bondage and the prison. This does not say that, if you did go to lower vibrations, somewhere there would not be another plan later that would take care of that. But for now, for this—shall we call you a crop, to harvest is to reap the crop—from this age, from this growth of seed of the sons of God you were to be restored to that paradise state in which you were placed and from which you could have served the earth well and performed missions without descending into it—just as Jesus did perform the mission in the lower vibrations without staying and living with it. He did enter it and come out of it; you entered the third dimension and remained with it. And if you had entered into the lower vibrations you could not have overcome because you have not even overcome the third dimension! So how could you have overcome the first and second? Do you not see? He should be “realised” I think that, and he provided the way that you could go directly to the fourth dimension with the physical death. That was a gift.

Now he did not know as he entered each dimension; he had to take it as you would take it. That was the great gift, that he gave himself not knowing, not being aware of all. Just as your memory of your past lives are cut off from you at this time, and as that memory of the in-between when you did return to the other realm in between earth lives, that memory has been cut off. So did he have to have his memory cut off, that he might be on an equal basis with you, that he might go through exactly that which man had, the only difference being that he chose to come on the mission, not because he wanted the earth for the sake of the earth, but he wanted to come to help lift man up into higher dimensions and open his consciousness.

So in the garden of Gethsemane he did not know when he descended into those other dimensions whether he could really accomplish it, overcome it and come out. He was taking a risk every bit of the way through each dimension. If he had known all, **had not had** to put himself on that level with you, it would have been of no value. He had to identify himself with you, with those on each plane, each dimension, as he went through in the mission. And in the garden he had willingly given all and gone to that point, and he was willing to give his life. He did not mind laying down the physical life, but he knew he was opening the door to what . . . to lower vibrations.

Would man of earth be willing to make that sacrifice? He is even frightened to open the spiritual centers because of the unknown. He does not know whether he can trust his own development to bring him out of it. And Jesus knew that he had offered the mission, but he did not have any guarantee because it had to be on his own. He was not in reality cut off from the Father, but

according to the way that man on earth does look at it and feel it he experienced that which seemed to be a cutting off from the Father. For his memory was cut. You see, even as he lived upon earth his awareness did grow, because of the choice, and he did become aware of these things and know his oneness with the Father. He did not know it as a babe, but at the moment of the cross much of the memory was gotten again for your sake. Because it had to be on the par with you, it had to be in the way that it would happen to you if you went into that realm, and yet carrying with him a great victory, but humanly speaking not knowing if he could make it, overcome and not be trapped and held there, yet willing to make it, to try it for your sake. And he did enter into that. The cross was the door. And having accomplished that, gone through the lower dimensions and appearing again upon earth, and then requesting that he be not touched for he had come from the lower dimensions, his very aura did bear the marks of it and he was not cleansed at the time. He had to ascend to the higher regions that he might be purified, that he did gain his victory, and then did he return and show you the accomplishment and that which you could be without going through that bypass.

You see, then your death becomes a door into the fourth dimension. You do not have to enter into the lower ones. He has spared you that—he has overcome the grave. The next is overcoming death, the final. Not the physical death so much—the death of the astral. From that plane are you taken away from the earth and its heaven altogether, and then do you go into that incorruptible state where you are not vulnerable. Then do you have your eternal life in that state. It would not be wisdom for you to have eternal life in the realms of the first, second, third, even the fourth dimension. As great as it is, it would not be wisdom to have eternal life in that state for you would vary, you would be flexible, you would alter, you would not hold it and be sustained. Therefore you do learn your lessons well, you do move into the next realm, and from that time on he did lead out all those from the beginning, returning them to the paradise state as was promised in many of the scriptures that Adam would return. In the five and a half days it did give; "A day is as a thousand years."

And since that time no man who recognized the mission which he accomplished, and who believed that the fourth dimension, the paradise state, did await him did have to go through the first and second dimensions and risk that. He risked it for you. From the highest did he go to the lowest for your sake. That is sacrifice; that is love; that is an expression of true love. And he did risk all, for those in the corruptible state may change, but those incorruptible, when they live in that realm of incorruptibility, cannot be touched, but when they do enter into the plane of corruptibility they can be affected. And he did risk all. As you would say he took the greatest gamble that could be, to give up the state of incorrup-

tibility to enter into the lower dimensions with that chance, in having memory cut off, that he would lose his way. But he ever kept before him his one aim: to be at one with the Father's will to remind him of the mission he had to accomplish. You see, man did not do this. He forgot his purpose, he forgot his identity; he lost his way in that respect. He forgot to hold fast to that rule that he must remember his identity, remember that he wants to be one with the Father. So in risking that he did enter into all these dimensions. Now do you see why in the garden of Gethsemane he would ask that the cup might pass, for in that moment he knew the mission. He had full awareness and full memory. But on the cross with the memory cut off the mission on the earth plane was finished. But it opened the doors into the next mission and that which remained. And in that he could have lost.

Thus the joy that did come when he did attain, he did overcome, not only for himself at that time, but for all mankind, that they might forever be free of going into that prison, that state of bondage; that they might move into the paradise state from which they could have what is called the second resurrection and be carried into the great space and consciousness in which you are going. You are headed that way. So thus it was that he did require much prayer and asked that the disciples pray with him; but you see they did not understand, they had no idea of what he was going to do. They slept, and he has asked, as he told you before, that the disciples of today upon earth do pray and help sustain that in the astral plane, that war in the astral which is the final overcoming of Lucifer and his hosts that all may be purified and the earth be cleansed and changed that man be free forever to enter into that which is his eternal estate. The disciples are still sleeping. Awake! Do your part for God is within.

## ON SPEAKING IN TONGUES

Question: In the days of our Bible, at pentecost in the upper room, they spoke with other tongues so that all heard in his own language. We know that many today have received other tongues - some in this room. Perhaps I shouldn't try to understand it, but it's a point of interest to me whether these languages that come are something that is spoken somewhere in the universe, if they are a true language, if it is lifted memory of some language someone may have spoken in some long-ago time, or if it is a spirit language made for that occasion. Do you understand what I mean?

Yes, beloved it is understandable. There has been some given on this in another group session and you may find additional information in one of the lessons of the past. We would say that this again is something that would not have one specific answer because many times it is one and many times it is something else. There are those that will speak in the spirit and the spirit speaking through in one of the languages of an ancient country which it

may have come through in experience - one that would be more predominant. And many times it is in the Aramaic. But there is another that is universal in the greater sense that you speak of your galaxy as "universe" - when we speak of universal it is ALL of spirit. The soul, the spirit entity, has a language, yes, though it is true that in the ethereal plans there is not the necessity you have upon earth for a language because there is a thought transmission - there is a sending forth of more than thought - there is the concept that is projected into the awareness and consciousness of another and it receives readily. There is a recognition by the light of the vibration of the spiritual entity. And yet the soul that has lived through many lifetimes (and there have been hundreds of incarnations of each one, many hundreds) then this can come through in one of those languages.

At another time you will find that a spirit guide will speak through one when they have moved aside their conscious mind, their thinking. Then possibly a philosopher or one that is of a guardian nature or a guide to one would speak through in ancient Chinese, for instance, or Egyptian. So much depends upon the desires, the choice, the purpose within the soul itself. And of course, if you have someone that could interpret the languages you might readily find the difference. But there is a time when the very soul of one cries out for expression - you see the soul has been submerged for so long, the spirit has been almost as a prisoner within you. For the one that has been nurtured ever since the paradise state, eating the fruit of the tree, yes - rather than to nurture the spirit of you - has been the nurturing of the astral self, the ego, which has overcome the physical and the spiritual, bringing disaster to the entity. And so you must reverse that. That is the crucifying of the self, as we have said, that you let the imprisoned soul step forth. And so it awakens, the door is opened with many, whether it comes through religious approach or that of opening the psychic centres through the glandular understanding, or whether it comes through the practice of the occult, the soul will finally express. And according to the development of the soul, to the degree of its awareness and to the degree that you move out of the way consciously and let the soul express, you will get variations.

The prayers going out are the spirit. Daily you may speak in the spirit and this gives freedom and release and is good for the edifying of the soul. But, as was given long ago in the early groups of those following the Master Jesus, it was that it should be interpreted if it was to be for the edification of the church of those listening. There should be also the prayer for the interpretation of the tongues. It is good to release your soul but it does not help another. Many have needed signs for belief. Even the disciples that followed the Master had to touch him before they could believe because he came again in the body of a higher dimension, the glorified body which could move through walls and yet appeared to be solid.

This is what we have tried to give to show you that that is the body you are forming with the atomic structure of you. You will some day have this - you will speak of it as being solidified; it is not of the same density of the human flesh, but similar - radiating in the higher frequency of the body. In this you will find those that are returning to earth, even as we have given the purpose and meaning behind the coming of the ethereal ships - those that you call space ships - that you cannot always identify in your earth realm. It isn't phenomena: it is the ethereal beings coming to earth in natural ways of transportation. Even though they can teleport through from one dimension to another they use the ships of ethereal power that carry from one planet to another, from one solar system to another. There is not the need for that which you have in your atmosphere around your planet - it is a different kind of transportation, and as it comes in to that which is your earthly atmosphere, it is slowed down in vibration until you begin to see with the physical eye at times.

Some of those beings are walking the earth today, even as they sat and dined with Abraham and with Lot and with many of those in the stories in your Holy writings. Angels appeared and sat with them and dined with them in human form, and yet a difference in density. And so it is today. And in this same way (you see, it all fits together) you will find that the releasing of the soul, the growth of the soul will come forth in whatever way it can best express. Whether it comes through in the Chinese language which the soul has experienced in another incarnation - that might be the easiest way for it to express - or whether it be in the Aramaic, or what is called the universal language of the soul, many times you will feel and recognize by the depth of the expression which it is. In any cause it is not too important so long as the soul is truly seeking freedom and it is the spirit. The protection is there, knowing that you are serving and working under the Christ light. Another that would be of wrong motives could be taken over by a spirit of the astral plane and there could be a deception and a misleading. This is where you on earth would call it "the integrity of you"; the motive within your soul is going to bring forth that which is its complement.

When in congregation pray for discernment, for interpretation. It is good as it comes - it is not that one would feel it must be essential for all, for the spirit works in many ways - some have the gift of prophecy, some have the gift of healing, some have the speaking of tongues. These are all gifts and they are all of the spirit of the same God manifesting through the different channels of earth according to their willingness and their opening of the doors. It is not that all must experience each but according to the soul expression of each one, let him do that which is the best that he can according to the calling within his own soul, and let him

not judge others. The soul will express in the way that is your individual expression; so let it come forth. Most of all let love express through you from the soul of you. Many times inspiration will come and bring words in the language in which you are familiar. You will recognize that which is coming from the spirit. You are in the spirit when your conscious mind is set aside deliberately, that you may know your true self, that the soul is open and aware. Then do you find peace surrounding you. Then do you feel in loving mood, as you would speak of it, for the spirit will lead you to all truth. You see, you are not aware of that which is going on between the souls all the time, with the entities, those of you. You are not aware of what your soul is wishing to express - you are aware of the consciousness of you, of the astral and the ego. And so once in a while the desire of the soul slips through.

Question: When we are aware of what the soul wants and respond to that with all of our being, then we are in alignment - is that right?

Yes, beloved, as you begin to see and of course the soul - this is one thing I must make clear - that the soul is the entity which has within it the spirit, the divine image. You are building, you are creating your eternal body for this soul. At times, the soul being immature - it has not become perfected yet - then there can be wrong choices made by the soul, yet. But if you are seeking the divine guidance and seeking to have your soul one with the Creator, then you are turning within the centre of you, which is as we have said before, the eye of the hurricane, the calm centre in the midst of chaos and confusion of your mind, of your body, of your earth; and as you turn within there, then you are receiving the divine instruction, the wisdom, which then will lead all. But it is through the door of the soul desire, yes.

Questioner: I think in my question I confused the soul with the Spirit.

Yes, many do this. But the spirit is the wisdom and the godly attributes within you which will be eternal, and the soul is the growing body that you are perfecting according to your choice. You see, the soul having been made in the image of God, has all these within but it has not grown to maturity. So you nurture the soul - it is this that was spoken of as the new creation, the new body. "You must be born again", it is said. You nurture the soul of you rather than nurturing and feeding the selfishness of the ego.

FROM MONTANA:

"Dear Brother Kullgren: To Greet you in the Precious Name of Jesus, and to tell you my copy of B.L.H. came a couple days ago. Have read it twice through already, but am not near the end of digestion. I was reading again last evening "Visions of Future." Oh, Bro. Kullgren if you could only know how the vibration of my heart followed those thoughts of yours through that article. I just wonder, yes, very much, how many of your readers find the channel of meaning in those wonderful, precious articles? . . . G. C. C."

## ON SOUL MATES

Question: How can one discern the difference between the ordinary person and the soul mate?

This is indeed a vast subject, but we would say that it is rare that there are two soul mates living together on earth at this time. It is possible and there are exceptions, but it is extremely rare because, of course, the marriages made upon earth are the ones made by the human will, either according to the customs and tradition of the country or the desire of the physical or the practicality of the mental. Very rare is there one where there is a compatibility upon all planes, the physical, the emotional, the mental, the spiritual. But when there is the true marriage in heaven, this is the one that man must not put asunder. Most marriages are those made by man and he speaks of them as made by God because he has a little piece of paper in his hand.

God hasn't ordained man to marry for many reasons that he does. It is all right that he should certainly find the one closest to his ideal. I am not saying this should not be done. I am pointing out the difference. If it is love from the heart, the sincerity of the soul and the true seeking to merge in spirit, each giving of himself to the other, to become one, to walk the earth together in whatever way that they might make the earth more beautiful, make those around them happier as they walk through the earth serving their God and humanity. But where there is great friction, if you would go according to your earthly word of "sin," we would say it would be more sinful to live with one always in resentment and friction, than it would be to be apart, or to live with another even without this that you think so important, man-made rules of your earth, this which would be certificate.

It is that man should come together in true purpose of soul. It should be merging of spirit as well as the physical, and an agreement on the mental plane. But he can walk the earth in this manner, each life experience. You see, you could never have the same one in each life, you would not be growing in the same way. You were androgynous long ago. There was a separation. You do not feel complete because the two, positive and negative, must be together for completion. It must not be the physical completion but the soul completion. In the future you will again be androgynous but you will in the meantime walk the earth through many life experiences, each one according to the different needs for the working through of karmic law, the different associations that you have had. Each lifetime the family grouping around you and the friends and those of your environment are those that you have been with in some other relationship in another lifetime, either working together co-operatively or, if there has been bitterness or hatred or something of this kind, you must again return and work with them until you overcome this. There is a constant overcoming.

And so in this earth, back to your question, it is most likely that you will not be soul mates. The recognition would be that

they would be so finely attuned, so sensitive to one another that they could know each other's thoughts, they would meld together; there would be a merging as if they were one. And there would be compatibility on all planes. There would be a love so rare that it would be obvious to the world. There have been some of these in the past. Some would have to develop emotionally in one life experience and go through many things until they would overcome emotional instability. Others would have to work through the intellectual that they have depended upon so much until they overcame the need for the great dependence upon the intellect. Others would have to overcome the dependence that they would place upon wealth. There is nothing wrong with any of them - It is only if you put them **first** before your God, if you depend and lean upon them as being all.

Each individual will go through many lifetimes working through one area and then another with a definite plan, and when he goes back to the state in between incarnations he tries to balance the books, he tries to take account of what has been and what area is still weak. Those that would be extremely fearful would have to come back and put themselves into situations that would bring fear, that they might work through it and remove it. If you can move through some experience without emotional distress, without resentment, without hatred or judging, then you have come through it in perfect balance and overcome in another life experience or you would not be able to do that. If you have no temptations whatsoever to steal, to lose yourself in drink, to murder, to do any of the things that would be a horror to you, it is not that you are so saintly, it is that you have done such and have learned through trial and error and by experience in many life-times. You have overcome; and it is to your credit that you have overcome yes, but it is not that one would gloat over such things - it brings humility. Each soul mate experiences these things and overcomes one by one many things. And that which confronts you time after time is something that you have come here to meet and to overcome. And so you cannot succumb to it, you cannot be vulnerable, you cannot let it hurt you, you cannot turn away from it. You meet it straightforwardly and overcome it through your choice. Then you are ready to go forward into another area, and that is what heaven is.

So as each soul mate is doing this with a definite plan and purpose in mind through many incarnations, on through until the higher realms are reached, then you are ready to merge and be one. Each part has become complete in itself but it has then the understanding; then do you know and experience a true marriage in heaven, the merging of the souls. Then is it eternal. But there are some on earth that would be drawn together for they have been very close, possibly through many life experiences, and they would feel that this might be what would be called a soul mate. And it would be similar, having been together many times, having understood and come very close on the same vibration, they are living

the consciousness which is light. It is on the same frequency and they feel as one, and this closeness, this rapport, is that which should be reached for, and looked for. This is as close as you can have true marriage on earth. You would feel and recognise the compatibility on all these levels. But the true soul mate you will find later.

In the next dimension there is a love without selfishness and it is not a marriage in the same sense. It is not the giving of marriage, the possessing of one or the other. It is not a jealousy. But by the time you are in the next dimension you will have learned love in a greater way and there will not be the selfishness, the jealousy, the things of the astral plane. These are the things that you are putting down that you might learn to live according to the attributes of the God-head within you. So you would not recognize your soul mate on earth. But this that I have given you for the time being would be comparable and to be desired. This rapport of the spirit is the most important. Then if you have love, you learn to like the individual, you learn to understand and forgive and to realize the difference in the personalities and to know that the things of earth nature will have to be overcome. And you have patience and tolerance. This would be true love, but the rapport of the spirit is first of all, most important.

## REGISTERED FOR SURVIVAL

By Howard B. Rand

From "DESTINY" March, 1962

In this day of possible military attack, with the enemy using nuclear weapons, survival from the initial destructive effects of bombing is uppermost in the minds of many persons. The government is issuing information to enable citizens to construct fallout shelters and some have already been built as places in which to hide from the effects of atomic warfare. There are others who, in a more fatalistic mood, await developments with the hope that, somehow or other, war may be averted. If not, they reason that it will be disastrous for all regardless of measures taken to avoid its aftereffects. The pessimistic ones envision the destruction of all human life as the inevitable end of the race to build bigger and more powerful nuclear weapons. Men are fearful and apprehensive, for the outlook is fraught with uneasy prospects, humanly speaking, engendering fear bordering on panic.

### God Overrides

While it is indeed possible for men to build bombs of sufficient size to destroy life upon this globe and make a shambles of the

earth, we must also remember that there is a God in heaven of whom Isaiah declares:

"All nations before him are as nothing; and they are counted to him less than nothing, and vanity." (Isa. 40:17.)

God is not going to allow evil men, or nations which are satanically directed, to triumph in spite of the boasting of Khrushchev and the evil program he and his cohorts have master-minded. Speaking of the time when men would face the conditions confronting our generation and be in fear, Jesus said:

"Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken." (Luke 21:26.)

As pointed out in "The Release of Atomic Energy," DESTINY for October 1945:

"The meaning of the expression, 'the powers of heaven shall be shaken,' is worthy of study. The atom is a universe in miniature, with its own central sun, planets and heaven. In the splitting of the atom, literally the power (Greek word translated power is *Dunamis*), meaning the violence or strength of heaven, is shaken. The Greek word *Saleuo* is translated shaken and means agitated, tossed or stirred up as by an earthquake or cyclone. The atomic bomb thus produces a cyclonic effect as well as a great heat and light comparable to that of the sun. No doubt its earthquake effect will be increased as men perfect its construction and use. This, then, may be a contributing factor in the coming, predicted, world-shaking earthquake to which all the prophets refer as the shaking of the powers of heaven.

"It is inconceivable that Russia will move to fulfill Ezekiel's prediction of evil aggression on her part while the atomic bomb remains the exclusive property of the Anglo-Saxon world. Because prophecy depicts a great offensive led by Moscow against the Anglo-Saxon world, it would follow that the Soviets will have acquired information enabling them to use this destructive force. As long as there are unregenerated men and aggressive nations, it is unreasonable to expect we shall be able to keep from them the possibility of using the destructive force of atomic power today." (Documentary Studies, Volume 1, pages 227-228.)

Since this was written sixteen years ago, Soviet Russia has come into possession of this powerful force, thanks to traitors and saboteurs in our midst. Under the evil leadership of the Kremlin, Soviet Russia has done exactly what should have been anticipated, immediately seizing the opportunity to use the knowledge acquired to build bigger and more powerful bombs as a terror weapon to put fear into the hearts of men and nations who would undertake to oppose her in her evil aggression.

Let us remember, however, that Khrushchev and the boastful men around him have by no means taken over the direction of the affairs of the earth. The wicked trust in armament and boast of the ability to carry out their heart's desire, unmindful of the fact

that military might and modern atomic weapons are as nothing in the sight of our Almighty God whom Isaiah extolled when he asked the question:

“Who hath measured the waters in the hollow of his hand, and meted out heaven with the span, and comprehended dust of the earth in a measure, and weighed the mountains in scales, and the hills in a balance?” (Isa. 40:12.)

The very breath of life that animates evil men can be recalled by their Creator at a moment's notice. Then what will become of their vaunted desires and plans? Even the evil they contemplate and actually carry out is subject to restraint and can in no way hinder the Divine purpose.

### For the Elect's Sake

Jesus made this quite clear when He spoke of this generation and the possibility of annihilation facing the human race. He conceded that the wholesale slaughter of people would be inevitable except for Divine intervention, but He gave His assurance that the intervention to which He alluded would become a reality “for the elect's sake.” He declared that world conditions in that day would make it a time of trouble more severe than any since the beginning of the world. Then He said:

“And except those days should be shortened, there should no flesh be saved: but for the elect's sake those days shall be shortened.” (Matt. 24:22.)

The Lord's promise will not fail to be fulfilled for the sake of those designated as “the elect.” This is Elect Israel who were, as Peter expressed it, “elect according to the foreknowledge of God the Father” (1 Peter 1:2; Isa. 45:4; also see Isa. 43: 1-12).

However, within the Israel of God there is a continual process of selection, for, as defined, the elect comprise “the body of those set apart as elect or select.” Further, while “selection implies a wide range of choice, election carries the implication of an end or purpose which requires exercise of judgment.”

The Divine end in view, as clearly shown in the Scripture, is association with the Lord Himself, standing with Him in His government. Therefore, the elect who are referred to in the 31st verse of the 24th chapter of Matthew are gathered together when one trumpet sounds. The question naturally arises: If the elect are to be gathered as here and elsewhere indicated, and they are, therefore, not subject to destruction, why is it necessary, for their sake, to prevent the annihilation of the human race?

### No Promise Will Fail

There are certain promises made to the elect which could not be fulfilled if the earth or its inhabitants were completely destroyed. The elect are to receive the Kingdom; they are to have power and to rule over the nations. If all people were destroyed, there would be no nations over which they could rule. Furthermore, the continuity of the human race is vouched for in Isaiah's prophecy addressed to God's people:

"The sons also of them that afflicted thee shall come bending unto thee; and all they that despised thee shall bow themselves down at the soles of thy feet; and they shall call thee, The city of the Lord. The Zion of the Holy One of Israel." (Isa. 60:14.)

There are many other passages in the Scriptures assuring the future greatness of God's people. None of these promises would be fulfilled if no one on earth were able to survive the present threat of annihilation. It is true that the threat exists, but Divine restraint will prevent its full implementation. There will, according to the prophets of the Lord, be a measure of destruction and even God's people Israel will suffer severe chastisement for their failure to heed the call to righteousness. The Lord will use the pressure of the enemy against His people to compel them to awaken to spiritual values and turn back to Him. Then the wrath of God will descend upon the foes of His Kingdom. The Lord has declared through the Prophet Ezekiel:

"And it shall come to pass at the same time when Gog (Soviet Russia) shall come against the land of Israel, saith the Lord God, that my fury shall come up in my face. For in my jealousy and in the fire of my wrath have I spoken." (Ez. 38: 18-19.)

#### **In the Day of Battle**

The prophet then goes on to describe the complete overthrow of the great confederacy that has moved against His people, for as Zechariah declares:

"Then shall the Lord go forth, and fight against those nations, as when he fought in the day of battle." (Zech. 14:3.)

No nation, no combination of nations, not even the whole world arrayed against the Lord, will be able to stand before the weapons of His indignation. Thus we are assured of the ultimate triumph of righteousness at the climax of the Battle of That Great Day of God Almighty. During the period of this sanguinary conflict, many will perish, for God has declared He will cause His people to pass under the rod, with the result:

"I will purge out from among you the rebels, and them that transgress against me." (Ez. 20:38.)

#### **Forgiveness Assured**

It will only be after this purging has taken place that what the Lord states through Jeremiah will come about:

"In those days, and in that time, saith the Lord, the iniquity of Israel shall be sought for, and there shall be none; and the sins of Judah, and they shall not be found: for I will pardon them whom I reserve." (Jer. 50:20.)

Isaiah states:

"It shall come to pass in that day, that the remnant of Israel, and such as are escaped of the house of Jacob, shall no more again stay upon him that smote them; but shall stay upon the Lord, the Holy One of Israel, in truth." (Isa. 10:20).

The Lord had this time of judgment in mind when He admonished His disciples to be alert, declaring:

"Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man." (Luke 21:36.)

This is a special message calling for watchfulness on the part of those who are to be numbered among the elect, and our Lord said further:

"When these things begin to come to pass, then look up, and lift up your heads; for your redemption (loosing away) draweth nigh." (Luke 21:28.)

It is well to note that our Lord states here. "When these things begin to come to pass." It is not when they are entirely accomplished, but in their inception that those who are aware of the significance of the times and seasons are to be heartened, knowing that when atomic fires have made their appearance in fulfillment of the statement, "the powers of heaven shall be shaken," the promise to the elect is that they shall escape the holocaust if they are registered for survival.

### **The Book of Remembrance**

Looking toward the day when atomic fires will be burning upon the earth, Isaiah apparently viewed the prospect with great alarm and was led to exclaim:

"Who among us shall dwell with the devouring (atomic) fire? Who among us shall dwell with everlasting burnings?" (Isa. 33:14.)

He then answers his own questions by stating it will be those whose lives are governed by righteousness who will obtain the necessary protection:

"He who walks uprightly, and speaks sincerely,  
"Who scorns the gain that is won by oppression,  
"Who keeps his hand free from the touch of a bribe,  
"Who stops his ears against hearing of bloodshed,  
"And closes his eyes against looking on evil." (Isa. 33:15, Smith & Goodspeed Trans.)

The conclusion naturally follows that there is Divine cognizance of the conduct of each Christian and the all-important fact to be borne in mind is that a record is being kept. In it will be found a list of names, for the Angel referred to such a register in his instructions to the Prophet Daniel:

"At that time thy people shall be delivered, every one that shall be found written in the book." (Dan. 12:1.)

The Prophet Malachi gives this book a specific name — the Book of Remembrance — mentioning that it contains the list of those who greatly revere the Name of the Lord and speak of Him and His purposes often with one another:

"Then they that feared the Lord spake often one to another: and the Lord hearkened, and heard it, and a book of remembrance was written before him for them that feared the Lord, and that thought upon his name. And they shall be

mine, saith the Lord of hosts, in that day when I make up my jewels; and I will spare them, as a man spareth his own son that serveth him." (Mal. 3:16-17.)

The Divine registration of the members of the human race, listing individual accomplishments, far exceeds in accuracy any tabulation of personal traits and characteristics possible to human conception, for not even the most minute detail is overlooked. This has been true from the beginning and even Moses was aware of the keeping of such a record when he pleaded for God's forgiveness for the sins of His people following the worship of the golden calf:

"Yet now, if thou wilt forgive their sin —; and if not, blot me, I pray thee, out of thy book which thou hast written." (Ex. 32:32.)

The Lord answered Moses by saying:

"Whosoever hath sinned against me, him will I blot out of my book." (Ex. 32:33.)

### Numbered for Judgment

What of those whose names are not registered in the book to which the Angel referred in his instructions to Daniel, which Malachi calls the Book of Remembrance? Jeremiah gives an interesting account of the numbering of the people in a time of trouble, some for death, some for the sword, some for the famine and some for captivity (Jer. 15:2). This does not support the idea of fatalism, for each one has it within his own power to change his status, at least to graduate from any of the groups designated and have his name written in the Book of Remembrance by complying with the required conditions.

The faithless, the worldly, the unbelieving, cannot hope to be registered for survival in the Book of Remembrance. Those who flout the Word of the Lord and refuse to walk in the ways of righteousness cannot complain if, instead of being listed among the chosen whom God is to spare as a man spares his own son who serves him, they find themselves being classified as subject to varying phases of disciplinary judgment when God moves to purge out from among His people those who are in rebellion against Him.

### Time of Deliverance

The Angel stated to Daniel that at the time of deliverance to come, many asleep in the dust of the earth would awaken, thus associating the time of resurrection with the day when atomic fires will begin to burn upon the earth. The fact that his deliverance, and the resurrection which is a part of it, precedes the holocaust of destruction in the judgment that will come upon evil men and nations is made quit clear by the Prophet Isaiah, who places the resurrection as preceding the time when the Lord will move to punish the inhabitants of the earth for their iniquity. The prophet states:

"Thy dead men shall live, together with my dead body shall they arise. Awake and sing, ye that dwell in dust." (Isa. 26:19.)

Following this summons, the exhortation is given:

"Come, my people, enter thou into thy chambers, and shut thy doors about thee; hide thyself as it were for a little moment, until the indignation be overpast." (Isa. 26:20.)

This is a call for those who must pass through the time of indignation to seek shelter during the devastation to sweep over the world. The reason for this is given by Isaiah:

"For, behold, the Lord cometh out of his place to punish the inhabitants of the earth for their iniquity; the earth also shall disclose her blood, and shall no more cover her slain." (Isa. 26:21.)

### Registered for Rulership

In His book of registration, God has directed the entry of those to be schooled to qualify for positions of rulership in His Kingdom. In Daniel we have a reference to this fact:

"And the kingdom and dominion, and the greatness of the kingdom under the whole heaven, shall be given to the people of the saints of the most High, whose kingdom is an everlasting kingdom, and all dominions shall serve and obey him." (Dan. 7:27.)

The statment, "shall be given to the people of the saints of the most High," can be rendered literally, "but the righteous ones of the most High shall receive the Kingdom." As pointed out in Study in Daniel:

"This is important for the holy ones, or set-apart ones, are Israel and, as we have already pointed out, the Kingdom is the House of Jacob over which Jesus Christ is to reign forever. Actually, the world 'holy,' as it is used in the Scriptures, simply means 'set apart for service.' The Israel peoples are holy to the Lord because the Israel race was called, chosen and set apart to serve Him and be used to accomplish His purpose. But rulership in that Kingdom is to be given only to the righteous ones among the holy ones who alone qualify for positions of authority and power in the Kingdom by virtue of having beome 'overcomers.' " (Study in Daniel, pp. 189-190.)

In the New Testament we are informed that only the selected few will be given authority, power and the right to rule in the Kingdom and have supervision over the affairs of state. Paul called them:

"Joint-heirs with Christ; if so be that we suffer with him, that we may be also glorified together. For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us." (Rom. 8:17-18.)

"If we suffer, we shall also reign with them." (II Tim. 2:12.)

This fact is borne out in the statment in Revelation:

"He that overcometh shall inherit all things; and I will be his God, and he shall be my son." (Rev. 21:7.)

The Apostle John was given a vision of the forthcoming government of His Kingdom when Jesus Christ returns to take the

throne of His father David and reign over the House of Jacob forever:

"And I looked, and, lo, a Lamb stood on the mount Sion, and with him an hundred forty and four thousand, having his Father's name written in their foreheads." (Rev. 14:1.)

This is a symbolic depiction of the government of our Lord and the overcomers standing with Him on Mount Zion; that is, those associated with Him in the administration of the affairs of state.

### The Sound of the Trumpet

How is the selected group identified who are to become rulers in the Kingdom? How are they separated as "the righteous ones" from among "the holy ones" who are to have the privilege of reigning with our Lord? Moses was instructed to make two trumpets of silver, to be used in calling together the assembly and for the journeying of the camp. He was told:

"And when they shall blow with them, all the assembly shall assemble themselves to thee at the door of the tabernacle of the congregation." (Num. 10:3.)

Thus, the blowing of two trumpets was to call all the congregation of the people together before the Lord at the tabernacle. Note, however, that, when the rulers alone were to be assembled, the statement is made:

"And if they blow but with one trumpet, then the princes, which are heads of the thousands of Israel, shall gather themselves unto thee." (Num. 10:4.)

Turning to the New Testament, Paul informs us about the resurrection and translation:

"But I would not have you to be ignorant, brethren, concerning them which are asleep, that ye sorrow not, even as others which have no hope. For if we believe that Jesus died and rose again, even so them also which sleep in Jesus will God bring with him. For this we say unto you by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent (or precede) them which are asleep. For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord." (I Thess. 4:13-17.)

Paul refers to the blowing of one trumpet only. Accordingly, in line with the instructions to Moses, those who are to reign with the Lord are the ones concerned, who are to assemble as a result of the blowing of one trumpet. Thus, the dead in Christ who qualify for rulership and those who are alive, meeting the same qualifications, are the ones affected. These constitute the elect to whom Jesus referred when, following the appearing of the sign of the Son of man in heaven, He said:

"And he shall send his angels with a great sound of a trumpet, and they shall gather together his elect from the four winds, from one end of heaven to the other." (Matt. 24: 31.)

These are the overcomers whose names are given preferred listing in the Book of Remembrance, the ones whom Malachi declared God will spare as a man spares his own son who serves him. That from which they are to be spared is the period of God's wrath that Jesus counseled His disciples they should pray that they may be accounted worthy to escape and, having done so, stand before the Son of man (Luke 21:36).

### **Behold Your King!**

After listing the overcomers as the ones who will be saved from the destruction of atomic fires, Isaiah states of them:

"Thine eyes shall see the king in his beauty: they shall behold the land that is very far off." (Isa. 33:17.)

Ferrar Fenton renders this:

"Thence the King in His beauty your eyes shall regard; you shall look on your land spread below."

It is those who are to stand before the Lord who will behold the King in His beauty in the day when, in accordance with Paul's declaration, the resurrected and translated ones ascend to meet the Lord "in the air."\* Isaiah indicates that, from that vantage point, they will look upon the land far below and contemplate the

conflict that will be transpiring on the earth, from which turmoil they will have escaped. Elected for survival, John in Revelation sees them gathered at the Marriage Supper of the Lamb and it is of them that the Angel was speaking when He told John:

"Write, Blessed are they which are called unto the marriage supper of the Lamb. And he saith unto me, These are the true sayings of God." (Rev. 19:9.)

### **Order of Events**

The question is repeatedly asked: Do we have in the Scriptures information setting forth the timing and order of events regarding the resurrection, the translation and the time of judgment during which the Lord will come forth out of His place to punish the inhabitants of the earth for their iniquity? Indeed, this information is available to those who will search for it.

### **The Reformation**

The tenth chapter of Revelation deals with the period of the Reformation. The Mighty Angel who came down from heaven, clothed with a cloud and with a rainbow upon his head, whose face was like the sun in brightness and his feet as pillars of fire, had in his hand "a little book open." That little book was the Bible that had become a small volume, comparatively speaking, as the result of the invention of the printing press, reducing it in size and making it available to the common people. The book was open in the

hand of the Angel and he set his right foot upon the sea, with the result that the Spanish Armada, launched and equipped for the purpose of destroying the Reformation that had secured a foothold in Great Britain, sank beneath the waters of the sea. Then he planted his left foot upon the earth and the armies of conquest were stayed while the forces of the Reformation moved forward upon the continent. This Mighty Angel took an oath, swearing by Him who lives forever, to confirm the timing when the "mystery of God" would be finished:

"But in the days of the voice of the seventh angel, when he shall begin to sound, the mystery of God should be finished, as he hath declared to his servants the prophets." (Rev. 10:7.)

### Mystery of God

The seventh angel is the angel of the Third Woe, or the Red Woe of World Communism. The statement, "when he shall begin to sound," may be literally translated, "when he is about to sound." Therefore, this Mighty Angel is stipulating that, when the Red Woe is about to begin, the mystery of God will be "finished"; that is, consummated, Paul declared:

"Behold, I shew you a mystery; We shall not all sleep, but we shall all be changed, in a moment, in the twinkling of an eye, as the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed." (I Cor. 15:51-52.)

The word translated "mystery" has reference to a secret as the result of silence imposed by initiation into religious rites. It is true that the resurrection is such a mystery, for it is impossible for those initiated into an understanding of the meaning of this secret to explain it and fully share their knowledge with others, particularly those who are not attuned to spiritual truth. However, the Mighty Angel has declared that, in the day when the Third Woe is about to begin, this mystery will be revealed to the world.

Furthermore, it is of special interest to note, in this generation which has been introduced to the meaning of the release of atomic energy, that the Greek word translated "moment" in Paul's phrasing of "in a moment, in the twinkling of an eye" is *atomos*. Strong's Concordance states it to mean "uncut"; that is, by implication, "indivisible," like an atom of time. In his article, "Through the Veils," DESTINY for July 1961, James S. McGraw stated that the exact rendering of this is "in the atomic." While this wording, in its primary meaning, refers to the structural change that will occur in the bodies of those who are translated, it is significant that the word used in expressing this change designates the type of force that has come into being, putting the nations in fear of the fiery holocaust to come and the destruction that will be wrought by the use of atomic bombs. However, the Mighty Angel

reveals that this change, or translation, will occur before the Red Woe of Soviet aggression becomes a full-scale military offensive.

### Gathering the Elect

Our Lord confirms the same order in that, as Luke points out, when these things begin to come to pass; that is, when "the powers of heaven shall be shaken," which is the inception of events leading to nuclear conflict, then "your redemption draweth nigh." The interesting fact is that the Greek word translated "redemption" can be rendered your "losing away, or deliverance, draweth nigh." Thus, our Lord states that in the inception of events that will usher in the Great and Terrible Day of the Lord, the resurrection and translation is to become a reality.

The 26th chapter of Isaiah, quoted above, points to the same order: first those who dwell in the dust of the earth will awaken; then those not affected by the resurrection and translation are counselled to seek shelter until the indignation be overpast; followed by the Lord moving in judgment against the inhabitants of the earth.

Further confirmation of the timing of these events is given in the 24th chapter of Matthew. There our Lord pointed out that the gathering of the elect from the four corners of the earth at the sound of the trumpet will occur in a time of comparative peace. He stated that two will be in the field, one will be taken and the other left; two women will be grinding at the mill, one will be taken and the other left. This type of activity indicates that conflict will not have broken out when the summons comes for those who are to go in with the Lord to the Marriage Supper.

The same thought is carried out in relation to the analogies drawn by our Lord from the Old Testament. He stated that conditions would be like those in the days of Noah. Noah entered the ark prior to the coming of the Deluge; thus, he was in a place of safety before the destruction took place that overwhelmed the inhabitants of the earth. The reference to Lot was also used by our Lord, for He stated:

"As it was in the days of Lot; they did eat, they drank, they bought, they sold, they planted, they builded; but the same day that Lot went out of Sodom it rained fire and brimstone from heaven, and destroyed them all. Even thus shall it be in the day when the Son of man is revealed." (Luke 17: 28-30.)

It is quite interesting that the word "revealed" is used here, for this does not indicate the triumphant return of our Lord; rather the revelation of His presence as the result of the appearing of the Sign of the Son of man in heaven, again confirming the fact that the resurrection and translation will occur before the destruction itself takes place.

### A Critical and Awesome Time

We are living in the most critical and awesome time in the whole history of Christendom. The days are at hand during which

the Lord's admonition to His disciples should be given thoughtful and prayerful consideration on the part of all who aspire to attain the status of overcomers. While we are not yet aware of the exact moment of the event itself, we do know that the season of His coming is upon us and the time of His arrival is at hand:

"Take ye heed, watch and pray: for ye know not when the time is. For the Son of man is as a man taking a far journey, who left his house, and gave authority to his servants, and to every man his work, and commanded the porter to watch. Watch ye therefore: for ye know not when the master of the house cometh, at even, or at midnight, or at the cock-crowing, or in the morning: Lest coming suddenly he find you sleeping. And what I say unto you I say unto all, Watch." (Mark 13:33-37.)

We are living in the Laodicean Church period of the Christian Dispensation, the final phase of church activity prior to the Lord's return (Rev. 3:14-22). It was to be a time of great apostasy, marked by ceremonialism without true spirituality and theological denials of the authenticity and accuracy of the Word of the Lord. Yet, according to our Lord's instructions to John, it would be the very day when He would be standing at the door, ready to enter. We are told by Paul in the first chapter of his second letter to the Thessalonians that "when the Lord Jesus shall be revealed from heaven with his mighty angels," He will "in flaming fire take vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ." They will have no place in "the presence of the Lord," nor will they behold "the glory of his power when he shall come to be glorified in his saints (the elect) and to be admired in all them that believe in that day."

## The Bible: World's Most Unusual Book!

From "The Kingdom Digest", March, 1962

J. A. LOVELL, Editor

(The following is the essence of an address delivered by the editor to a group in Hollywood, where he flew recently and spoke to a wonderful group of Hollywood actors and actresses known as The Hollywood Christian Group. We felt you might like to know what we talked to the Hollywood stars about—J.A.L.)

I DO NOT WANT to shock you nor be sensational, however the following statement should be made and emphasized many times. The Bible is not primarily a religious Book! Only fifteen per cent of the Bible deals with what is commonly called religious matters; that is, salvation, doctrines of the church, and such things. The other eighty-five per cent of the Bible, including virtually all of the Old Testament, does not deal with salvation, church doctrine, and such spiritual matters, but deals with things pertaining to the citizens of the Kingdom of God, which are indeed spiritual matters but not "religious" matters. The Bible has been a very unpopular

Book, and this is not the fault of the Bible, but rather of ministers who have left the impression that the Bible is only a religious Book, and is only for religious people. Thus the banker, the lawyer, the soil conservationist, the politician, and the average citizen of the Kingdom of God feel there is nothing practical in the Bible, therefore they just won't read it or have any interest in it. If people could not understand that God gave the Bible to the citizens of His Kingdom as a guide book containing practical information, helpful in everyday life, then the Bible would truly be read more often, its teachings would be followed more carefully, and the Bible would surely become a more practical Book.

Too long, yes far too long the Bible has been abandoned in out of the way places, its covers gathering dust, with people feeling that they were somewhat ashamed to be seen with the Bible in their hand or in a conspicuous place in the home. Vicious people in our midst, to whom the Bible refers by the title, "the synagogue Satan," hate the Bible, particularly the New Testament, so much that they are doing their best to see that it is taken from the public schools and court rooms, and the New Testament part of it barred from being sent through the mails. Truly this is a critical hour in which men of God should act to forestall such dastardly actions on the part of the enemies of Jesus Christ.

So, in this crisis hour, we feel it is time to let the Bible speak. America needs its message; Americans need the blessings that come from obeying the teachings of this precious Book. Whether we listen to its message now or not, one thing is dead certain—the time is coming, and coming soon, when America will yearn for the message of the Bible; we will listen to its vital message, and will follow the teachings of this grand old Book. When the King comes to take over the Kingdom of God here on earth, He will use, of course, as a basis of His instructions to the citizens of the Kingdom of God, the teaching of the Bible, and the laws of the Kingdom of God will be found in the Bible at that time. So, then, surely you will agree with us that the Bible is, indeed, a practical Book, intensely useful and helpful, and should be in the hands of every businessman, school student, and housewife, as well as in the hands of every minister and church member, in these trying hours when such valuable information is needed so badly. The following are a few thoughts that may help us to realize how practical, indeed, is the Word of God.

Farming. Rev. 22:2: In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month: and the leaves of the tree were for the healing of the nations. From the foregoing Scripture, it is learned that when Christ the King, rules in His Kingdom here on earth, and everything has been duly restored, the farmer will get a break—the first real break in many centuries—for we are told that the soil will be so fertile, the climate so perfect, the moisture so well regulated, it will be possible to grow twelve

crops a year from the soil. We could be doing this now, if we followed the laws of the Bible concerning soil conservation, which call for the land remaining idle one year out of seven. But we thought we were smart—we thought we knew more than God. We paid no attention to His divine laws. We have worked the land seven years out of seven, and it has become so poor that pests and insects are devouring the crops which are grown thereon. Furthermore, we who eat the food grown from such soil are sick and weak, because such food does not contain the necessary vitamins and minerals to sustain these bodies of ours and keep them in tip-top shape. So, then, if the farmer wants to grow good crops and produce healthful products, let him, first of all, turn to the Bible where he will find precious, valuable information concerning farming and soil conservation.

**Economics. Deut. 15: 1, 4, 5:** At the end of every seven years thou shalt make a release . . . Save when there shall be no poor among you; for the Lord shall greatly bless thee in the land which the Lord thy God giveth thee for an inheritance to possess it: Only if thou carefully hearken unto the voice of the Lord thy God, to observe to do all these commandments which I command thee this day. Please notice in the three preceding verses that God tells us quite plainly we are to cancel all debts owing us from people unable to pay at the end of each seventh year. We are also told that the Lord will take the responsibility of repaying us for anything we canceled in the way of money owing us. We would also like to point out that the Lord tells us we can be blessed and can prosper only as we obey His divine teachings in the form of commandments, statutes, and judgments. Again, let me say that we thought we were smart—so smart we didn't have to have God's laws concerning economics, and now where are we? Our own government has gone in the red several billion dollars during the past few months. It owes nearly three hundred billions of dollars, and it pays twelve billions of dollars annually in the form of interest on its public debts. Now, who is smart? We are certainly in a financial mess, and conditions will get worse until we return to God's divine law concerning economic matters and put them into practice in our national life. Then, and then only, will we prosper and find a solution to our economic ills in our land today.

**Health. Deut. 28:58-60:** If thou wilt not observe to do all the words of this law that are written in this book, that thou mayest fear this glorious and fearful name, **THE LORD THY GOD**; Then the Lord will make thy plagues wonderful, and the plagues of thy seed, even great plagues, and of long continuance, and sore sickness, and of long continuance. Moreover, he will bring upon all the diseases of Egypt, which thou wast afraid of; and they shall cleave unto thee. The Lord tells us that if we obey His laws, as a nation, there will be no sick among us. On the other hand, if we don't, we are told that He will put upon the Israelites **ALL** the diseases that were found among the Egyptians in the days when our forefathers

were in bondage there in Egypt. The very fact that we have all of these diseases in our land today, with our hospitals full and running over, doctors and nurses working overtime, and pharmaceutical houses turning out drugs by the millions of pounds annually, is proof positive that we are Israel, that we have violated God's law of health, hygiene, diet, and sanitation, and that He has been honest with us, keeping His promise to put these diseases upon us if we failed to obey His laws of health. This nation is about twenty-seven down the list of the leading nations of the world in regard to health, yet we have more food (not better, but more food) than any nation, more money, and more enlightenment, which means that we should be on top of the list of nations of the world regarding health, and yet we are twenty-seventh down the list. So if you want to learn something about health, hygiene, diet, and sanitation, turn to the Bible, the world's most practical Book!

**Military. Num. 1:1-3:** And the Lord spake unto Moses in the wilderness of Sinai, in the tabernacle of the congregation, on the first day of the second month, in the second year after they were come out of the land of Egypt, saying, Take ye the sum of all the congregation of the children of Israel, after their families, by the house of their fathers, with the number of their names, every male by their polls: From twenty years old and upward, all that are able to go forth to war in Israel: thou and Aaron shall number them by their armies. These verses give only one of God's many military laws He gave to Israel. He gave them to that people to be observed, with the promise that if they observed His laws concerning military matters, they would win every conflict in which they were engaged. If they didn't, they would lose the conflict, being beaten badly. Our military leaders today do not consult God's Word concerning military matters. Instead of calling men twenty years of age, they call them a year or two younger than that, which is a violation of God's law. Instead of calling men only, they call women, also, giving them the privilege, so far, of volunteering, but at least they take them into the service. This is no reflection on the many fine girls in the service, yet it does mean that God's plan did not call for women being in the military service, but men only, twenty years of age and upwards. The Bible also tells us whom to take into the service and whom to reject, telling us to leave those who are fearful of heart out of military service. Had we left all the nervous, weak-hearted boys out of the draft, we wouldn't have to build so many veterans' hospitals and spend so much money in keeping up these boys who are broken in mind, body, and spirit. So, if our Pentagon officials want to know how to win the next war, how to keep Russia from attacking us, and how to keep other such nations fearing us, let them turn to the Word of God, where they will find practical, helpful information regarding military matters which cannot be improved upon by our so-called "smart men" in the military division of our national life today!

**Safety.** Ps. 91: 1, 4, 5, 7: He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty . . . He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler. Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day . . . A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee. Yes, the Bible tells us how to have safety. Our civic defense leaders would do well to study the Bible from this viewpoint. The 91st Psalm tells us that the Lord will give physical protection to all who look to God for it and believe that He is able to give it to them. During World War I the leader of a regiment in England adopted the 91st Psalm as his Psalm of safety. He quoted it to his men daily and had prayer. We are told not one casualty occurred in that entire regiment during the whole war! Let us remind you again that the Bible is, indeed, a practical Book, giving vital informaton concerning safety-first measures, which our nation would do well to adopt and follow.

**Prosperity:** Would you like to get a better job? Would you like to have a raise in salary? Would you like to have the money which you now have go farther as you try to spend it? Would you like to go into business? Would you like to have all the money you invest yield a big dividend? In other words, would you like to be more prosperous? Then turn to the Bible, which gives helpful information along this line, to the following verses: Mal. 3:10, 11: Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it. And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine cast her fruit before the time in the field, saith the Lord of hosts. Please keep in mind that this law of the tithe was not given to a church, primarily, but to an entire nation—that nation being Israel, from whom we have desended. The Lord promised, quite seriously, that if the nation of Israel would obey the divine laws of God concerning tithing, He would rebuke the insects and pestilences, giving them bumper crops year after year and prospering them in a physical, material way. The promise God made to them holds good for us today. If this entire nation would tithe, we would soon be rid of our insects; pestilence would disappear; prosperity would be here again; our public debt would soon disappear; we would pay no interest; everybody would have plenty of money; everybody would prosper, and everybody would be happy. Why not give God's divine plan of prosperity a real, thorough-going trial!

Subversives. Lev. 20: 26, 27: And ye shall be holy unto me: for I the Lord am holy, and have severed you from other people, that ye should be mine. A man also or woman that hath a familiar spirit, or that is a wizard, shall surely be put to death: they shall stone them with stones: their blood shall be upon them. The Bible gives a divine recipe for ridding a nation of its conspirators, agents of treason, and subversives. These verses referred to tell us that people who are possessed with demons and devils, which make it possible for them to do things that will corrupt the minds and activities of the people of that nation, are to be put to DEATH. Achan, you recall, had been guilty of national treason, and the Lord commanded Joshua and his men to take Achan from the camp and stone him to death. What do we do today? Instead of being this strict and applying the divine law of God to those subversive in our midst (beginning with FDR who recognized the godless, bloody regime of Russia, and Truman, who allowed this nation to join in with the United Nations and allowed the United Nations to become located in our country), we have linked up with the subversives, cooperated with them, and lent money to them, instead of ridding our nation of this menace by divine methods once and for all!

May God help us all to read the Bible more, to put His teachings into effect in our daily lives, and to realize once and for all that the Bible is truly a practical Book!

## Rise In Earth's Consciousness

PHYLOS

GOOD EVENING FRIENDS:

This is PHYLOS with a short message. I told you some time ago that I was taking a spiritual census of your planet. It surprised us! We did not know there were so many upon your planet who had spiritual understanding, and who were projecting into the etheric spiritual knowledge and spiritual messages which will bring about the greater manifestation, edification, and purification of your planet. We were greatly surprised.

One-hundred and forty four thousand! Ah, that is but the beginning. There were closer to two and one-half million. But it reached beyond that figure very greatly. There are now upon your planet two and one-half million people, who, perhaps, although not in great rapport; or perhaps have not reached a specific or a great understanding of what this is all about, yet they have reached sufficient understanding that they can project into the cosmic the greater glory and power that you need.

So continue as thou hast been doing; for thou hast given great power and glory to the Christ Consciousness which as you know

is enfolding the entire planet upon which you are dwelling at this time. There is nothing greater. In fact, there is nothing BUT the Christ Consciousness. However, this cannot be explained to you in a few moments.

I was told that I would have but a few moments, so I must leave you to other channels who will bring other messages of hope and cheer. This is PHYLOS bidding you good night. You have all surprised us by the enormous amount of regenerated souls who have given their dedicated lives unto the project Operation Deliverance. I bless thee and leave you. This is PHYLOS bidding you good night.

## Christ Consciousness Awakening

PLATO

GOOD EVENING FRIENDS:

I have not come to you in a long time. I AM PLATO. I have told you that I come from the Seventh Sphere and I have parked my space ship, so to speak, in the Seventh Sphere of the Seventh Circle that I may be here to establish upon your Earth a perfect government about which I told you in a previous message. Yes, I will be here until the time that you shall have a perfect government upon your Earth. Some of you will see this government. Some of you will not. I must give you this because it was given to me.

Some of you have wondered about the messages given to you concerning the ascension of the body. Did I not teach long ago that you could have perfect bodies, minds, and souls if you only tuned to the God Consciousness.

We did not understand at that time about the Christ Consciousness, but now we know it that which I wrote and preached long ago. Now you are coming into the awareness of the Christ Consciousness. You are coming into the healing of your bodies, your minds, and souls. This shall take thee upon wings of the morning into the greatest glory that has ever come to the planet Earth.

I must leave now for there are still others who shall come. This has been a transmission from relay stations; and I have come to you from my parking place in the universe and I shall remain here for a time. I bless you, and bid you good night.

## Projection of Power

AMENHOTEP IV (IKHNATOR)

HOW DO YOU DO, MY FRIENDS:

I have come by remote control, so to speak, to tell you of the power being projected upon all peoples of the Earth, I am upon the Great Pyramid of Gize. I told you previously, that I would stay here until 1979. That promise still stands. I am helping to protect the power from all channels from all parts of the universe to all parts of the earth. It is sweeping your planet like a search light. The pyramid is one of the foci from which this power is projected.

I am here with those who are helping me to project this power. This comes as a result of your projection to us.

I wanted to let you know I was still here. The pyramid is the focus upon which this power is projected.

Continue steadfast that there be no doubt in your minds as to the messages you shall receive.

This channel shall receive messages of greater glory than previously and, like unto Peter of old, who perhaps denied not his Savior, but those who were trying to speak unto him.

Part of the results of this night's transmissions is the result of the projection of power which I have given to you and this channel. Otherwise he would not have been able to visit this place in the astral body in which he abides now. He has seen the glory of the Estheric, the Council Chamber of the Great White Brotherhood, and the Cosmic Brotherhood of the Interplanetary Council.

Now I leave thee. I project to thee greater power than thou hast ever had. Thou wilt have power, power, and greater power, if thou wilt project it to us. I in turn will project it back to thee. I bid you all good night and bless you each and every one. This is AMENHOTEP IV. KEBO-SHA and BASANKA also dropped in momentarily to extend their greetings.

## Know That We Are More Powerful Than Any Atomic Bomb

### MY BELOVED DISCIPLES:

This is Jesus of Nazareth, I come to thee with great power and glory because thou has projected to us thy love and blessings. This channel is now in the Council Chamber. I am holding his hand; and he shall know that I am his Savior. He shall know that I am holding thee and all of the people of the Earth in the hollow of my hand. There is no ego about this. I have been given all power in Heaven and in Earth to give to all people on Earth the Christ Consciousness that shall bring them to the glory that is coming to all.

Oh my beloved children, I thank thee tonight that thou hast held up the hands of this channel; that thou hast held up the hands of all of my children everywhere, that thou hast projected to us thy love. We appreciate it more than we can tell you. What words can I give you that will express the love we have for thee. Thou hast loved all of us supremely, and we know that thou dost project that love to all peoples of the Earth regardless of what condition they are in. Continue in that love and thou shalt not be disappointed

Some of you were perhaps disappointed in the physical sense, because we did not manifest to you; but not in the spiritual. Thy spiritual beings have been lifted by this experience which thou hast passed through. The experience of this channel through whom I come, has been lifted onto the Seventh Heaven. He has seen things from a greater perspective a glory than ever before.

I, place my blessings upon you and close this meeting with the glory of the eternal Father. I bless thee and keep thee in the hollow of my hand, as I am keeping ALL PEOPLE upon the Earth. I am keeping the Earth itself in the channel where it has been placed. I shall not let it go in a sudden manner; although some of these things must be resolved and some of these changes must take place to purify the atmosphere, to purify the souls of men even as this channel has been purified, and you have been purified, my beloved ones in this room. Even the atmosphere around you is being purified.

You have been told much about the fallout that is coming as a result of the atomic bomb being tested again. KNOW THAT WE ARE MORE POWERFUL THAN ANY ATOMIC BOMB! We of the Christ Consciousness are more powerful than ANY FORCE of evil upon your planet. I AM Commander-in-Chief of all of the space craft gathered together from all of the galaxies to help in this Operation Deliverance. We have placed an additional fleet of ships to clear the earth of this fallout, to clear the earth of all of the evil which has befallen you.

Know that evil is in its last throws of agony. This is the reason thou art so obsessed at times with dreams and the evil that is surrounding you. It is like a caldron that has boiled over and is trying to quench its own fire, but is having a terrible time. Be not worried nor fearful for all is well with the universe and all is well with thee.

This has been a glorious night for all of us and all of you. Blessed be unto the Father of Light who has given all things into the keeping of all of you upon the Earth and me as a channel. Know that thou art ALL channels. There is no specific channel. Thou art all channels through which the love of the Christ Consciousness can be emanated to all peoples of the Earth. Keep in the straight and narrow way. Keep the soul looking up. Keep thy bodies in careful and considerate practices which have been given to thee, that they shall be whole against the time they shall be needed; thy soul shall be needed; and all things shall be needed in the greater operation that is soon to come.

I have spoken longer than I intended. I will turn you back now to your great Teacher Rama who has been very humble in his guidance of your group and of this channel. I bless thee and place on hands upon thee. This is Jesus, bidding you all good night.

# Over All Is An Abiding Spirit

I AM

THE I AM PRESENCE HAS BEEN IN THY MIDST THIS NIGHT. And I bring to thee a benediction. I AM THAT I AM and I come unto thee bringing a message of light and cheer. For over all thou knowest there is an Abiding Spirit. I am above the Christ; I am above all; I am above thee and I am THAT I AM.

I have given all things into the keeping of the children of Earth for I cannot have a manifestation were it not for you, and you, and you on the Earth plane. I am depending upon you; and I am depending upon my only begotten Son. I am depending upon all who have been given a mission on the Earth. I AM THAT I AM, and I have come into thy midst because thou hast come to me. Thou art indeed blessed. Hold fast, hold steady to the faith which has been given thee.

## Symbology, The Language of Correspondences

I-AM-ATON (I - AUM - ATON)

I AM the ALMIGHTY, LORD GOD OF HOSTS. These words are given unto the channel to speak to illustrate the Faith and Life, as these words come forth with the flow of music, and with the flow of the rythm of sound. May they echo and reecho throughout all planes, because they should stand on their own merit.

Mighty I AM is the light of the Earth. Mighty I AM is the law that repeats through all things. I AM is authorizing a symbol to be given unto the race, and will be explained in due time. It is known as a symbol which is to be spoken and communicated through the vital life principle, of higher mind.

Thought reaches throughout all planes through what is known as "the language of correspondences". The correspondence of nature is the language spoken of one plane in association with another. The language of correspondences is one law—one law of seven basic fundamental truths which are functioning within the consciousness of mankind.

I AM that mighty I AM, and as that mighty I AM speaks the WORD, it goeth throughout all my messengers| I AM THE MIGHTY PRESENCE and that presence is divine love. Prepare the way that this symbol may be echoed, sounded, visualized, meditated that it may have meaning and grow in power.

Now, may I speak to you through this word of power, I AM. May I speak to you today that you may know what is meant by this symbol which is to penetrate through the various levels of

thought. These may not come forth understandable to you, unless you have certain vital energies flowing through the centers of the body, the centers of the super-conscious state of mind which are ethereal in their scope.

Know the body is the temple of the living God, and the temple is the door through which you must go if you would become liberated and free. Now who would like to become liberated. Mighty Presence, my beloved soul, my dear heart, you are of My Heart, therefore as I come unto you, may your grace, your love, your knowledge grow in wisdom and in power and become ONE with Me. You are my heart and as my heart I shall call you home. Beloved, I speak to you through the Name of the Temple, I AM-ATON . . . (I) (AUM) (ATON)

## Be Not Found Wanting

JESUS

This is JESUS OF NAZARETH speaking to you this beautiful afternoon. What can I say other than has been said by your teacher, and the Commander of space craft who has been desirous to meet you in the physical body. He has been desirous to give you words of cheer and hope; but has been forced by circumstances, rather than by his own volition to disappoint you in a way.

I have been with you all the way. Your channel knows this, but he, perhaps like the doubting Thomas of old, has wondered about many things. Now the understanding and light have shown in greater volume into his soul, and I have been able to lift him in greater understanding.

Nothing can be withheld from you. The universe is an open book to thee if thou wilt only trust me, and thy Creator from whom all power comes. He has given me power in the heavens and on the Earth to bring about all things.

All that has been spoken this afternoon will be verified in a very short time. I would like to give thee a little insight into that which is to come; however it is not permitted to give you the details, for that is sealed within the seal that shall not be broken until the time for unfoldment. Many things are surely coming early in the year ahead.

Be prepared! Be not found wanting. Be not asleep either upon the mountain or in the green pastures, or even beside the still waters. Be alert! Even though thou canst sleep beside the still waters at times, yet thy soul must be ready. Thy work must go on. Thou must be brought into a higher vibration of understanding in order that we will be able to receive you. Are you ready? Am I

ready? Ask yourself the question over and over—Am I ready to go into a space craft, into the presence of the Hierarchy of the planets to receive instructions at this particular time?

The time is coming soon when thou wilt be ushered into my presence, and that of all the Teachers who have come to thee. We will then give you messages of greater things which thou art to do. The mission will be unfolded then.

Your mission here, even in this city is one you do not fully understand, remain in this city, those of you who are here. You have heard much of moving to another place. Stay where you are! You have been put here for the purpose of bringing messages of cheer and hope, as this channel is now giving of me to thee, as well as all of the Great Teachers who come to you. Stay put, my beloved ones. **BE EXPANDED IN THY CONSCIOUSNESS**, in thy area of influence, of concentration and of meditation, so that thou shalt be ready to go with us to the greater mission we shall give thee when that time arrives—not many months from hence.

Watch and wait and pray with me upon the mountain; for I come to thee once more upon the Mount of Transfiguration; and I have again with me Elias and Moses. Why do I come each time upon the Mount of Transfiguration? Later I will tell thee why I come thus. Thou must be transfigured, the world must be transfigured. What does it mean? It means the **COMPLETE CHANGE** of thy bodies, minds and souls into the higher octaves of space where thou shalt go in time.

I shall always come to thee upon the Mount of Transfiguration. Remember this symbol well, for thou must be transfigured! All of nature must be transfigured. Even the universe about you must be transfigured in order that it shall go into the New Age to contain the greater glory coming to all who will watch and wait with me one hour upon the Mount of Transfiguration. I pray unto the Father thou shalt be transfigured with me. Request of the Father to give of His love, mercy and understanding to all who come into His arms. I leave you with love and blessing. I am **JESUS OF NAZARETH**.

---

This is my message and my mission here

**RAMA**

I see many things which will transpire upon your planet in the very near future. I am looking, as it were, out of a window. This window before me goes in rapid succession — the cities and countryside of your nation. I will confine it to your nation at this time.

You have asked a question many times and I will try to answer it now. As you go about your streets and visualize the teeming mass of people in their comfortable houses you ask the question, Why is this purging of the Earth necessary? Are these people to be

disturbed from their comfortable positions? Are all of these people ignorant of what they are walking into?

They are walking into nothing. They are not cognizant of the facts of life as we know them here; and this is one of the karmas of your planet which cannot be escaped. So let it not concern you too much about the so-called destruction which shall come. It will be in divers places. There will be much destruction; and there will be those who will be notified of this destruction in advance. There will be others who will be ushered into eternity in the twinkling of an eye. This cannot be helped.

Let me give you a little assurance however, and that is that your beautiful city in which you reside is not completely immuned to this destruction; but it has been placed upon the "preferred list" so to speak of those cities which shall have very little calamity in its wake. You are very fortunate that you live here and are projecting your thoughts into the universe. They shall be reflected back to you.

You have been told in times past that Phylos has taken a census of your Earth. He has also taken a spiritual census of your city, a personal census of each person in this group, as well as each person who shall read the transcript of this message which I have given to you. You will know your spiritual grade very shortly. The spiritual grade of the city and the group will be reflected in the karma which shall be presented to it in the very near future.

In the next four years there shall much karma take place upon this planet. It shall be not of the peoples' own making perhaps, but shall be a karma which is in the plan of creation and destruction. The Creator is a creator and the Creator can also destroy. Why does He destroy? You have been told many times why this must come. The physical earth must be purged of its sin and its dross the same as the spiritual man must be purged in order to reach the spiritual heights of perfection. Your great Teacher the Christ, has told you of this. You must try to emulate and follow His teachings all the way through your lives.

Now I must leave for I have given you more than I had intended this night. I love you and I know that you love me. I am trying to help you. Will you help me? Me, I say "me". When I say "me" you are helping all of the universe to reflect that light. For after all, I am your teacher and I will reflect this into the universe; it will go as you are raising your vibrations unto me. It will go from me into all of the uttermost parts of the universe and at least to all of the organizations who are helping you now. You will see and hear more of this as time goes on.

Keep your thoughts high! Keep your vibrations high! You cannot keep them that way at all times. We understand that, dear ones, but look only to the Christ and let the Christ light shine through you, in you and become ONE with God! This is a difficult assignment. Some of you know how to do this, some of you do not. Practice this. **YOU MUST PRACTICE IF YOU ARE TO ATTAIN THE HIGH SPIRITUAL HEIGHTS** which you are striving for.

This Christ light must permeate EVERY CELL OF YOUR BODY. It must enthuse you; it must accelerate you. It must at times, when you are in meditation, thrill you through and through. You must be almost willing to relinquish this life and go with us into the spiritual realm. This is only for times that you must do this. This meditation should be done if you have the time each day. Some of you do not have time to do this, and some of you are neglecting it even though you do have the time.

So, my beloved ones, PRACTICE this meditation of the heart. I like the affirmation which you have given: "Let the meditation of my heart be acceptable in thy sight, O Lord, my Strength and my Redeemer." Your meditations are always acceptable to the Lord of light and to the Christ of light. You will receive much light and inspiration if you will meditate daily upon the Christ light.

Do not meditate upon destructive things. Do not meditate upon negative things. Make all of your thoughts positive! Make all of your thoughts projected into the realm of light and you will receive light. All is light — even though you know that these things are coming — yet they are for the enlightenment of the world. They are a light that shines in a darkened corner. You are a part of that light. You are the essence of light. Regard yourselves as the essence of light, the essence of the Christ Light that permeates the entire universe and you will do great things. You will have great things!

You will see many so-called space ships in your vicinity in a very short time. They will not be for a demonstration of fear, but rather for a demonstration of the fact that we are helping you and we are here to give you encouragement and light. Think of us as you see us — that we are filled with this spirit essence. We are not just a physical vehicle, but a spiritual one. We are in your atmosphere to fill you with that spiritual essence that you may come with us.

In a very short time some of you will come with us in this exaltation of the spirit, for a short time at least. So be hopeful and be willing to go as you are bid even though it may be a road that you do not know. It may be a strange land that we are taking you into. It may be through trouble and tribulation, it may be through the fiery furnace; but the fire will not scorch thee. Thou hast been told many times that there should be no burden placed upon your greater than you can bear. So now with these words I bless thee.

I have not a guest tonight for I have given thee a long dissertation of what shall come unto thee. How I would like to be with thee! How I would like to dwell in thy consciousness at all times and in all places! So now I bless thee and give unto thee the blessings of all that are reflected unto me.

I see, as I scan the etheric spaces before me, that all are watching you, all of the faces are turned this way. Isn't it a won-

derful thing to know that as I give you these messages all of the faces of your teachers and your organizations are turned towards you!

We thank you for your attention. We thank you for the vibrations that you have raised unto us for we could not have given you this message otherwise. God bless you again and all is well with your world even though it does not seem to be such. Unto thee Peace forever and ever. In the Name of the Christ who loves you and has given His all that ye might receive eternal life, amen. Amen, peace be unto thee.

## How 'To Help The Space Brothers Now

ASLA 5 September 1960

To those who would help mankind and assist the Space Brotherhood in this, our time of need.

- 1 - Look up at the sky. Any point will do.
- 2 - Concentrate on a single area.
- 3 - Send a shaft of white light from yourself to this spot as you repeat the following:
- 4 - "Blessed be the God of all Creation. Accept my thanks to you in your effort to help us."
- 5 - Repeat this at as many different points as you wish.

There is no limitation upon this activity.

By doing this you will release energies meant to protect us from the severity of cataclysmic Earth upheavals which may soon occur. Space Brothers have spoken repeatedly of their urgent need for our cooperation. This is a simple matter to perform. You are, therefore, requested to comply to the extent that your sincerity dictates.

Follow this procedure at night time in the open air whether the sky is clouded or not. Rainfall only accelerates the action.

Space Brothers will direct the energies to spots where the need is greatest. Because of their superior knowledge of Science, we may rest assured that their discretion can be relied upon.

Repeated trials may enable you to see these bits of energy fall as small sparks to the Earth. Do not look too far into the heavens.

The contact point will be about five or six thousand feet, no more, above the Earth's surface.

May the blessing of the Almighty God be upon you.

\* \* \* \* \*

The above was given me by ASLA who stands by to assist in further clarification or guidance which I may be in need of in the near future. Some time ago, he asked that he be called by his true name which is ASLA. He explained that he used his Earth name "Abraham" in the book, *We of the New Dimension* by Evelyn and Will Miller, because people would enjoy associating their knowledge of his Biblical life with his present endeavor. I am deeply grateful for his kindness.

## The Purpose of Our Plan and Man's Need For Action

ASHTAR 17 October 1960

These messages received by Muriel are as the opening wedge to further fulfillment. As our plan goes forward, there is need of all those on Earth who have the ability to follow through with the work outlined so many times by many others. I myself have given it to many who have in no way communicated it to the world. However, the time is near when that information will be released to all those interested and willing to serve the New Era and its advancement.

Now we must conserve all the necessary amount of energy we have to put forth a mighty revelation. When this is done no doubt should remain as to the order of procedure.

What we do is not as important as what man of Earth will do. It is your world and yours to 'save' to 'redeem' as you think of it. Whatever you may realize of the importance of your own part is not to be understood as immaterial or small in degree. It takes ALL who are able to conform with destiny toward the end that a greater tomorrow for mankind may dawn. The degree of service is not measured by results you yourself see, but by the over-all need and its working out for the future.

This is but a beginning. The whole focus is upon rallying mankind to assure enough of a majority who are willing to undertake this vast effort.

The fact that the wherewithall for normal existence in the cataclysmic upheaval may be destroyed indicates there must be a consideration for the common lot. We will see to it that all supplies are forthcoming on the basis of what is essential. Food, clothing, and shelter will be yours without stint. That is entirely possible.

Whatever scientific advancement is made then will depend on an entirely different approach. God given powers in 'nature', as you call it, are abundant as always for your use. Man will of necessity have it to do with as he had in the past ages when this knowledge was prevalent. The negative uses of it must be blotted out forever to insure against the condition reoccurring which is now present.

Great is the promise and great is the assurance man must make for himself that this endeavor bear fruit befitting to every man - the son of God. Were this to fail, all would be lost for another cycle of years amounting to thousands. Then the way would be opened again.

The first time this opportunity was given there were those on Earth who gave a negative aspect to its fulfillment. There followed that same pattern again and again over the course of ages. Moreover, there are many examples of this same action on other planets. It is not unusual but, in our solar system it cannot prevail again. Great would be the loss to all should it be so. We will not retrograde, but stand still marking time until you of Earth catch up to a degree that you may share God's greatness with us.

As for negative entities being let remain on Earth, there has been much controversy on that point. There will be fewer of them and far more intelligent people aware of how to work with them than before. No matter how it ends, in the very near future, there will be greater assistance than ever before given mankind from us, the Christ Jesus, and all Ascended Ones. With this aid, nothing should fail if mankind on Earth wills it to be perfect.

So with our deepest love and abiding faith in mankind, we give you our assistance. Thank you and good night.

I am,

ASHTAR

Awaken! Have No Fear

17 October 1960

I am MONKA.

The time allotment is not to be considered at all. What is given is for those who comprehend the urgent need upon mankind. If all cooperate in a great effort to contact or comply with instructions given here in, there will be made a great step forward.

We have alerted many who have taken our utterances to have a personal meaning to themselves alone. It is more than personal. Every word worth telling one is worth telling all those who would heed.

Inasmuch as this criterion is applied to the reader of this booklet, it behooves all those in their turn to awaken others.

The sincerity of the giving and placing this information before you has been without reproach. There is little gained by doubt. It is better to accept of it what you can than to project a negative

thought or word of doubt. We do not command but rather warn and define your needs for the near future.

Many have been alerted to the coming wave of clarification. It is to come to the United States in two distinct steps. First for the western area, then for the eastern. The latter event will be consummated at the time of the great cleansing. This may be about 1953 as all seers recognize. Our own date is not the same due to a difference in time accounting. Be it so, all will know what to expect in cataclysmic action by then.

There is a vast Armada of Space craft awaiting your time of trouble. Our numbers increase daily. Some one has estimated the number to be 35 million craft of various types and uses. All Solar Systems in our galaxy have responded as one. Whatever you do toward preparation, bear in mind that you have a friend above in the expanse of Space hearing your call for help. Your prayers addressed to God are heard by us.

We have a set up which detects your thinking as well as oral expression. It is connected with a center serving your geographical area. There are many who dedicate their time and effort to this type of reception. Should you doubt this, we have no way to persuade you. When the time of your need is upon you, a prayer to God will be heard by us and we will respond with swift and direct answer.

Our craft will hover above you or alight on the ground. Our doors will be opened that you may step in and be transported to safety.

Have no reticence or fear. If you have others dear to you, we will accept your direction to them. This is very simple to us with our instruments and precision of action.

What ever you do, have faith that your life will be spared you for further service to mankind. The need for every individual by us is great. You will work with us to glorify the purpose of God in all of his greatness.

A Sanctuary has been constructed for you. There will be no need for more than the personal comforts you are accustomed to. Doctors, nurses and those of us who heal the sick and wounded are there. May you come with assurance and faith in the Heavenly Father of us all.

You who come by automobile will bring camping needs. There is a large building for assembly, places for cooking, facilities for bathing, and sanitary appointments. No one need be discomforted.

I now take my leave. Blessed be the Lord God in his Manifestations. Thank you. Good night.

I am,

MONKA

# The Great Cleansing

29 October 1960

I am ASHTAR.

There are not very many people who want more than a general assurance of their own safety in the oncoming disaster. Many liken this attitude to one of selfishness. Others consider those who are rescued should be worthy of salvaging for future service to mankind. These two points of view are neither right nor wrong.

All mankind has a life expectancy of normal length. There is no power on Earth capable of swaying the Karmic destiny of any living person. That is entirely in the hands of the Creator and those who keep the guardianship over incarnate souls. They are not to be denied their God-given authority.

Much that seems discordant or contrary to Divine purpose many times has a subtle way of presenting a sudden and unaccountable change of direction. The life of an individual may at any time be suddenly altered in a manner mysterious and wonderful. The chance that this may occur in a time of stress is more likely than not. Therefore, deny not anyone a right to the understanding which might be his.

When others lean on you for the guidance only you can give, then give all the light of your knowledge. Our hearts are never warmer than when giving good to others, be they inclined to malign or bless the giver.

What we ourselves think is only by and large akin to resentment or confusion when faced with decisions for or against others. It is best to have no part in any decision than to risk the taking of one chance from a worthy person. While others may languish away their opportunity to do good, some have been using every second of that time toward making the need for deliverance felt in all people.

Much time and energy is needed in this task. Only those free to do this work should be challenged by its perfect accord with Bible teachings and prophecy. When there occurs diversified effort, there occurs like results.

Always those who feel obligated to a higher sense of service come forward to await instruction. These few can and do clarify the thinking of mankind and bring into focus the plan for Earth's salvation.

The negative forces of Satanic origin continuously work against the spreading of truth. Theirs is a last stand taken to wrench this Earth from the future glorification of its existence. Whatever they do will not profit them longer than it takes Nature to revolt against ungodliness.

The blessing of this cataclysmic upheaval is that it cleanses the Earth of negation. Whereas this action has taken place six times in the past, man has only one on record, that of Noah. In that report, there is scant accounting of the true facts. There was then

a cleansing by water which left Earth somewhat imbalanced. But this time all will be corrected.

If there need be mentioned how this is to be, I give the following with authority. The interior of the Earth is not hot, but cool. Heat is near the surface where oxidation and friction take place. There is a vast layer of gaseous matter which presses outward to help maintain the rotundity of the planet. The Earth, as you know, is not spherical at present, neither is it balanced. The poles are at variance as to weight. When the stability is accomplished, these discordant facts will be rectified.

However there will be much of Earth's surface left unscathed. Land masses will rise and seas will readjust to meet a balance. Much water will leave the planet due to volcanic heat and upheaval. This water may form a temporary vapor in the atmosphere. In time, this will vanish due to precipitation or absorption.

The complexity of the atmosphere can be changed by us very easily through our process of ionization which simply means a readjustment of molecular structure. We have done this in the San Francisco Bay area, in Los Angeles, and many other densely populated places where foreign particles were giving the atmosphere an unusual character not beneficial to man of Earth. Our "green fire balls", as you call them, have clarified vast quantities of atomic fall-out which would otherwise have meant sickness or death to persons in such areas.

We have also shown samples of our adroitness in handling weather. At one time, San Francisco was swept by heavy winds. We changed temperatures in outlying areas and caused a cessation of the storm.

When there is need, and there certainly will be, we are prepared to seed the Earth with appropriate vegetation. Together with the color rays and newness of the land, much understanding will be given you. Our experiences date back millions of years. Complete records are available to us which cover any and all possibilities which planets fall heir to.

Whatever mankind has need for, we will willingly provide. Your acceptance will be our joy. That is all the Brotherhood can plan for the moment. As other needs arise, or needs that may deviate from those that we know, there will be answers coming from all parts of the galaxy to assist you.

To assure your role in this activity, your own mental and spiritual acuteness will then be unfettered. You will be able to advance as rapidly as you will to do so. That area of endeavor is under another command than mine. My work is only that of rescue and giving of assurance and understanding.

Whatever man makes of his endeavors, he must know that it is done with the blessing of the Creator. The Lord Jesus is patiently biding his time. So near is it that his spiritual cohorts are now gathered in the great Crystal Craft which your Bible calls the New Jerusalem, and are awaiting the eventuality of change.

That is all for this evening. Bless you,

ASHTAR

# Journey To The Sanctuary

- A LAN 10 November 1960

This time may be upon humanity in a few short months. Our time is nearing and we know that it can be shortened at any moment. The best we can say is that all is in readiness from our point of view. We are alerting all who seek knowledge at this hour.

Your former instructions are as good now as when they were given. There are many who wish to know how it is arranged.

We have appointed people along the route to give you assistance in the way of gasoline, food, and other comforts or needs. We ask that you be on the alert for a sign that will be given you when your need is at hand. On the way, feel free to call on us at any time. Mormons are ready with food and will have gasoline trucks on the road. No one is to fear the outcome. If your car is unable to continue, we will remove it bodily to the meeting place. Many are to be alerted in full time to depart. They will see to it that all whom they have in mind are told as well. This is time consuming but will be reliable. When the alert is given, we will give signs of hovering near and other such warnings as will be recognizable by those in contact with us.

When you do stop to consider all the work and love spent upon this endeavor, it will warm your heart to know that we now have 50 million people from all parts of the Earth in line for assistance.

We would caution you to be alert to any odd manifestations of nature or whatever seems to be unusual. Many parts of the world will be looking for different signs commonly unknown to them, which might be usual in your own area. It will be about three years before the final triumph will occur. (1963)

These Sanctuaries (the Valleys of Protection) are all guarded by our special light against shock, or other natural calamity such as: floods, winds, or what have you.

Question: What will happen to the things we leave behind in the three year period of waiting?

Answer: The coast will be hit first and you already know what that will be like.

Question: There is a new road, a short cut, from Texas Creek to West Cliffs which is 23 miles long. Is it not possible to avoid the longer route through Canon City over the Royal Gorge area?

A LAN: I will check with those in charge of that area.

After he and David had been gone for several minutes, I went to join them. As I looked down upon the highway, I saw a mountain crumble and cover the road in two places. I came away immediately and waited about five minutes longer.

Answer: A LAN: They are holding the route you were given. Stay with it.

# Etherealization of Body Structure

A LAN 31 October 1960

The process of etherealization is not a simple one. There are many facets which mankind has not comprehended as yet in the search into medical knowledge. It is much more complicated than the treatment of disease as you have attempted in the use of X-ray.

We have a special mechanism which pulls in etheric rays from the abundance in atmosphere and space. This ray or qualified energy is not useful unless acted upon by a sort of transformer which slows down the activity of the ray. This ray is then scattered as a perfume is when permeating the air. By making it available simultaneously in every direction, we can condense or expand its effect to any desired degree.

As the light energy permeates the bodies cellular structure it removes all dross or unqualified matter. That is to say, any fluid or matter not needed by the cell itself can be neutralized and removed from the body by making its vibratory rate higher or lower as the case needs be. Thus it is removed and taken in its new form to be used elsewhere in space. In other words, it goes back into the "melting pot" to be drawn forth later if its particular quality is needed for another purpose. Nothing once created is ever lost.

If the body of a man is full of dross material, this hinders his feeling of and receptivity to solar energy meant for his good. Therefore, diet is paramount to every individual. Superfluous fat cells must be reduced also. This process is not painful, but time consuming. The amount of fat cells necessary to human structure varies in degree.

So many factors enter into the forming of fatty tissues that a greatly detailed study is given each individual. His diagnosis is very accurate. We then agree to extract the components of these cells as before described.

Other cells of diseased tissue, etc., are removed in like manner. The action is often so instantaneous that a so called "miracle of healing" is wrought.

Again light as you see it, is not the true light used by us. Each color drawn from the atmosphere bears a distinct value. Wrong color is never given since all is understood. When color and light are combined, there is perfect harmony and perfect result.

By the time the cellular body is prepared, the mental comprehension is raised. Likewise, all the senses are made more acute until the body and mind of the individual are operating at a properly balanced unit. Diet then maintains this balance.

As for diet, there are no end of combinations chemically suited to body maintenance and growth. Repair, as you term it, is not necessary. When a cell dies, it etherealizes and does not corrupt the blood stream. The liver and other glands work to complete a balance in nature. Their operation then becomes normal and great energy is poured into the body by them. So much could be said in

this one area, that it would seem futile to attempt it here. Suffice it to say that cellular balance is reached. Impurities cannot exist in the blood stream under these circumstances.

At the Sanctuary, numbers of persons may receive the benefits of our rays simultaneously thereby making better use of them. Other healing can be done. Broken bones, lacerations, and the like, yield almost instantly to our treatment.

If one is to be taken on a long interstellar flight, the preparation is simple. Just submit yourself for a few minutes to the light treatment and you are ready to step onto many other planets with no difficulty whatsoever. Our devices measure the conditions on each planet, and we adjust our instruments to that. This is simple and you may feel no fear or hesitancy about it.

The wearing of jewelry during treatments is not advisable. Metals oftne impair perfect transmission of these rays. Sometimes burns are experienced where there are metals contacting the skin. So we say wear no metal when undertaking this treatment. Afterwards, if you wish, you may resume wearing pins but no bracelets, necklaces, or rings. The encircling metal destroys the vibration in a way.

The treatments are given mostly in our space craft or in areas especially prepared for it. The canopy of protection mentioned above, is in use to exclude weather, excessive heat, or cold.

Prepare for the joy of life in its fullest expression when you come to us.

Thank you

## Zoser Reducing Diet

27 August 1960

Take the juice of one lemon diluted with two parts of water on arising. Fast then until the body craves food. Then be sure to eat fruit for the first meal. No nut meats then.

For the mid-day repast, use many varieties of vegetables as nearly raw as possible. Select the ones most agreeable to your digestive processes and be sure of the vitamin content. Select those of a cleansing nature giving bulk as desired.

The evening meal may contain meat for a time until the desire for meat is no longer felt. Then the more substantial root vegetables should be taken.

Use no oils unless as a dressing. Olive oil is best.

No dairy products should be eaten. There will be a vast change in the whole body composition soon, but be patient.

For the time being, take no coffee or stimulating drinks.

A reasonable amount of thought should be given to overeating. Do not go hungry. Several meals a day are better than overeating when very hungry.

\* \* \* \* \*

ZOSER was an Egyptian Pharaoh - 1412 to 1370 - who brought the method of healing by Light to his people.

## "Sky Quakes"

- ELENA 16 October 1960

I am from a Space Craft near your area. We send clarifying vibrations from one direction then another. To you, the stars seem to be in motion as you look through your atmosphere.

Atmospheric debris of any sort is removed. It either falls to Earth or goes where it belongs. This is not done frequently.

Question: Would that have caused our unusually warm weather these last few days?

Answer: Yes. The sun's rays are more able to penetrate to the Earth after this action. That should cause more noticeable heat.

Question: Some have asked if they should bring their jewelry precious to them?

Answer: Bring all beautiful things that will not encumber you.

NOTE: ELENA is a Marsian. She is associated with A LAN and his activities.

## Earth Beautiful

ASLA 31 October 1960

Were that life on earth could be seen in the light of our understanding! There is a vast miracle of beauty unnoticed by most Earth people. The bird's song, the flower's gift of lovely perfume and color, and all the sweet thoughts of people present a picture of great beauty the like of which pleases the Greatest Master of us all. His work is divine, as you say, and given freely to all. That Man has not realized the fullness of its benefits is deplorable. So much suffering and error comes from lack of seeing the small facets of God's love.

The time of awakening is near. All nature will respond to your love and heartfelt joy. You will see a miracle of bloom, a copious display of verdure and fruits in abundance. It is like unto the Garden of Eden come again on Earth. There will be no distress of any sort once the wholehearted response of the people is forthcoming.

This awakening to a new Earth and its possibilities will consume much of our earnest effort. We plan to show all those inclined to agricultural pursuits a great understanding of the use of light and energies present as always in the air about you. These essences are for your use. The way to use them will be known and practiced. No Earth man to our knowledge has thus far perfected the method we use. Much to be done will be of your own effort. The way to do it is our gift to Earth. We give freely in Love and ask the Blessing of Almighty God in all we do.

Blessed is he that gives and he that receives. In the one act is the perfect balance of God's Will.

This is my own contribution to your book.

# The Days of Eternity

- MARY 4 November 1960

The days of eternity are upon all mankind. The eternity of doubt, the eternity of fear, the eternity of wrong doing. The way of light is not downward to Earth. My helpfulness to mankind is not yet given heed. Whatever you do for the future of mankind must stem from the heart not the mind. There is a great difference in concept between mental awareness and heart awareness.

The Living God is everywhere in all you do. What makes the balance in all nature is His way. What we do in our efforts for His sake is to bring about a truer expression of faith in God and a clearer understanding of the way toward Him. It must follow through to an end of time set for its completion.

Many trials and errors ensue depending on the effort put forth and the exterior interferences. A tree must grow, a plant must bear its fruit, and man must grow toward the divine culmination of a oneness with God. If the path toward completion is roughened by any action independent of God's will, then error has been created. This must be eradicated by repetitions.

This is expressed in all living matter. A stone lives as well as flora or faune. The minerals evolve more slowly, the planet kingdom with less effort, and man much more rapidly than all other.

What is being said is, that all have a routine growth and development. When man was given free will he was a special creation of God. The reason for his creation was to provide a living counterpart which in time may come to assume God-like powers.

When this is achieved a great potential of God-power is realized. The use of this power is vast. So vast that little comprehension is realized even by us who are near to the Throne.

If mankind is ever to express this power, there will be need for assistance.

NOTE: The above is shared with you for the truth it contains. It is relevant to all time. These concepts should be kept in mind by those who endeavor to bring into effect that which we have repeatedly expressed in the Lord's prayer throughout the centuries.

## Those Blessed

22 November 1960

Blessed are the meek in spirit, for they shall inherit the Kingdom of God.

Blessed are they who serve truth.

Blessed are they who carry Light to all darkness.

Blessed are they who share God's gift of plenty.

Blessed are they who come when the call to service is given.

Blessed are they who bear the kindness of His Will. They are His children.

# 1962 REVELATIONS

## HERALDS OF THE NEW AGE

You are now coming forth into a new age, into a new arc of light that shall raise the vibration of the planet and restore order out of chaos - the Earth made new and also the heavens around the Earth - cleansed, purified and raised in vibration. The electromagnetic field around the Earth shall be that element in which you shall live for the coming age. You are among those who asked to be in the harvest, the reaping of the fruits of that which began long ago. You made a covenant to be on the Earth at this time to be a part of ushering in a golden dawn, a golden age. It is a great privilege. You are as the pioneers of a new country. You are among those who long ago entered into the promised land in the days when the children of Israel were led out of bondage, out of Egypt and through the land of fruit and honey - into the promised land of Canaan.

Now a great cycle is ending. The Aquarian Age is at hand and a great exodus is taking place. Consciousness is being accelerated and a transmutation will come into effect. You are part of the great nucleus of Earth which will usher in a new age and that which man has been praying for so many hundreds of years - a Kingdom of Heaven upon Earth - brought into manifestation. You are part of this great event. Whether it be in this third dimension or in the fourth dimension, it still is a part of the great work at hand, for all shall be changed and the paradise state shall again be in evidence.

As you learn to receive instructions within you, then you shall be guided as to your mission and to the part that you will take in this great event. It is the greatest drama of many ages. Civilizations rise and fall; ages come and go; worlds are brought into existence and go through stages until finally a time of fertility comes to pass. Life comes upon each world as it comes of age in season. Many worlds are in communication with one another and it is in order just as much as the communication between your countries. The screen is being lifted and many things shall be revealed; mysteries shall be cleared up in time to come, and as it was given, "the Spirit shall be poured out upon all flesh at the time of the end of the age." So there should be great hope and anticipation.

The young people of today have a great challenge to meet. They can conform to the habits and customs of the past or they can enter into new horizons. A great privilege is theirs and a great advancement of consciousness is in the world today. The youth who

are now coming into the world are those who have had hundreds of incarnations in other life experiences with the memory of these deeply imbedded within them, in the consciousness, in the atomic structure that is part of the eternal body in the making, becoming perfected. The soul memory carries with it all these experiences, and as many have come back for a last incarnation in this great age they have learned to identify with all consciousness and have worked through many karmic debts, have recognized that the Master Jesus took upon his consciousness the karmic debt of the world. He identified with man, giving him the opportunity to be lifted through his consciousness, his light and his oneness with the Father, to find the way back to the divine heritage.

And so there are those with a keenness of mind, a soul awareness, a great depth of understanding - the chosen ones coming back into the Earth at the time for the harvest to be reaped. You are among the fruits of this great age and as you search and try to find answers for the complex problems of your world, you will find they will not come to you from institutions of learning; they will not come from the high and mighty names of men of the world. They will come in the simple understanding within your heart as you sincerely seek the truth about your Creator and the divine plan and purpose for your life.

Ask the ONE who knows. Ask your Creator. Ask the one who is intermediary - the Lord of the planet. Has he not said, "Lo I am with you always; I shall lead you through green pastures; I shall walk beside you"? You do not have to follow any man made set of rules nor doctrines nor creeds. That which you find to which you respond will be right for you and you may find light in many places. When you go to worship God, whether in Church or Tabernacle, Synagogue or Temple, you go offering yourself and rededicating yourself to your God, thinking of what you can give to Him and to your fellow man. Then you shall receive wherever you go. But if you enter trying to get all that you can get from a given place or group, church or minister, you will find nothing but emptiness and unhappiness. Go to give, to serve, but for your true relationship with your Creator, for your true answers be still, turn within and ask the ONE who knows - the God self within you. You are made in the divine image and you have all of the attributes of God within you, the potentials to become lords of other planets, other worlds.

You are walking now in the ways of learning, of growth, of trial and error, and in the time measure you can vacillate, you can stumble and fall and rise again; you can make mistakes, you can be forgiven, you can forgive you can learn to love - all in the time measure in the third dimension where there is room to stumble and fall.

When you rise into higher realms you do not have the room (as we might put it) to make mistakes. There you will visualize,

project a thought, create and it is there. So work out your problems while in the schoolroom of Earth and learn that it is a serious responsibility and yet a joyful one.

Most of you - the youth of today are growing into maturity. You have the Earth in your hands. You have the responsibility of restoring order out of chaos and you will be given the power and creative energy, the divine energy to do this, for the Spirit within you shall take dominion. As you allow yourself to be vessels of service for your Creator, the world shall be made new through you. Many shall take part. Many are called but few are chosen. Those who would serve would be about their Father's business. In learning to come into alignment (body, mind and soul), you will find true purpose in living. You will find that the divine plan will operate through you.

As your body, your entity - your house - comes into this solid foundation you shall know that it is in order. You shall know that in perfect accord it is a house standing on a firm foundation, whereas a house divided against itself shall fall. Where the body, mind and the soul are going in different directions, in different purpose and aim, there is conflict and pulling apart and tearing down. Then the body becomes diseased and the mind has many conflicts, complexes and much instability - the emotions shatter the body and mind, the soul is submerged and the purposes of the soul are defeated.

But with determination, with the will holding true to the purpose of the soul, the astral self being put down, then you are the master of your fate, of your destiny and you determine that your body, your mind, your soul shall be as one with one purpose, with one aim, and your house is not divided against itself. Then shall all fall into harmony - an integrated being that can manifest effectively. Put first things first. Know the true values of life. You will find that many desires of the world will fall behind you for you are in the world but not of it.

You are not actually Earth beings. You are sons of God walking the Earth with a mission to fulfill. Having forgotten, you are now becoming aware, are being reminded, are having revelation come to you gradually as you seek unfoldment. And as you open the spiritual centers of your being (the endocrine glands, as we have explained before - your psychic centers - psyche, the soul); as these are opened you become aware, your consciousness is expanded, you have understanding of the soul. Many things will be revealed unto you. You will become adept at thought transference. All things will be brought into line as you choose the life and destiny that you would have.

You can let your work be destructive, you can let your life be in vain if you so choose, or you can live for the glory of the God who created you. If there be no God, how did you arrive? Can you create another without the Spirit and Power of God? Can you

bring life into a dead form? It is the breath of God that is life and consciousness. The satisfaction that you crave will come as you learn to fulfill a true purpose in life, to be constructive in your thoughts, in your words and in your deeds rather than destructive. You have identified in ages past, you have taken the name and nature of your Lord, so be sure that it is not taken in vain, but use it for constructive re-creation upon the Earth.

Know that all things that come before you in the law of cause and effect, will bring to you that which you have set in motion. You have heard the saying, "As ye sow so shall ye reap." It is true that you choose and set in motion a cause that shall bring about an effect, a result which shall be according to the degree and strength and purpose of that which you set in motion. This is the law and that which comes to you is the result of your past choices. Day by day as you become aware, you may bring about a modification of certain effects coming into the future. As you change your attitude, your perspective, your reactions to life and have a purpose, a goal that is worthy of that which you are, never forget that you are not just another animal body or human being but a child of God in the holy temple - that body in which you live and move and have your being according to the life which your Creator has given you.

Let all that you do be constructive, be worthy, be of positive action and let your attitude be such that you will bring about a good harvest of that which you are now sowing. Each day you are setting in motion a new cause that will bring about a result or an effort that you will later have to meet. So be careful of your thoughts, of your choices, of your actions. Look back upon your past only to the extent that you learn the lessons of life through the errors of the past so that you see and rectify mistakes. Forgive self; do not hold condemnation or guilt but move forward with new intent and let each day be a new cycle of awareness that shall bring result that you would be happy to meet. For you will meet yourself each day along the road according to that which you were in previous days. If you would find happy results a year from now, then be that today which you would like to meet tomorrow. Remember that whatever you are now, that you will meet as you go forward. Each day, so shall it be.

It is not so important what you do or what comes to you as to your reaction toward that which comes, for as you react you are setting in motion a new cause and effect, a new attitude toward your fellow man, toward your responsibility, toward all that you have to meet. If you have resentment toward some, intolerance, anger or hatred, you shall bring that back unto yourself. But if your fellow man does unto you in ways that make you unhappy, you must learn to forgive and go forward with the determination to love your fellow man and to do unto him as you would have him do unto you, for that is what you shall receive. Yes, your Golden Rule.

Learn to meet all things in calmness, in patience and love, for universal love is paramount. This shall cast out all fear, anxiety, all things of negative nature. We have explained in lessons past how the actual change of chemistry in the body takes place through the attitudes within you - glands actually secreting that which would affect the chemistry of your body, changing you physically and mentally. As you fear, poison is secreted into the body. As you love, the glands secrete that which would counteract the poison of the glands of fear, literally changing the chemistry of the body, bringing about a quickening of the spirit, a purifying of the body. So learn to let the attitudes of your being come from the choice of your mind and will and soul purpose. Then all will fall into place. The body and mind will be at ease and peace will be in the soul and you shall live according to the divine plan. Practice this and you shall find joy and happiness.

Have hope for the new dawn. Have no fear because of the changes coming, for you are told ahead that you shall choose and shall be masters of your destiny and that you shall be shown and guile as you open for that guidance. As you seek the help of guardian angels beside you, of divine hosts that shall come, they surround the planet, come in celestial ships, helping even to clear the atmosphere around the planet. They even counteract the radio-activity sent forth from the bombs of your making of Earth - many things that man would do to poison, to destroy. There are those to help undo the damage caused by man, and as man opens to guidance and higher realms, he shall be taught and shown how to protect himself. As he learns to open to the divine self within, then shall he find that the solution to all lies deep within the center of his own being.

Never forget this: **Wherever you go you are never alone. Your God is with you. You cannot get away because you are the image of God and He sustains His own.** He gives you free will. You may close the door and shut this out but the unpardonable sin (as it is called) is shutting out the Power of the Holy Spirit of God that is in your being. This shuts off your Life Source. But as you open the door and allow the Spirit to move freely in your being and take dominion, then shall you know how to live consciously in whatever plane or dimension you find yourself through your choice and your growth.

You shall find that there will be a great change of vibration around your Earth. You shall be more and more sensitive. You shall find that in the coming years there will be an intensification that will raise your consciousness until the revitalizing of the cells of your body shall transform. As you become used to the swiftly changing vibration, entering into a new frequency, as it were, you shall be living in a new element; in the fourth dimension - that paradise state around your Earth. You shall be changed in the twinkling of an eye as the transmutation takes place. You are

gradually changing and there shall be, finally, the moment of changing over completely into the new dimension. This shall be rapid.

You are being taught to receive telepathically so that you receive the call, for as it is given in your Holy Writings, "There shall be some in the field - two together - one shall be taken, the other left. Some shall be upon the housetops". When the call comes, you shall be teleported. Return not into your house, but obey. It is that which is coming to pass. The celestial ships surrounding the Earth shall be ready to lift up those becoming aware of the changing of the poles, the shifting of the poles. The Earth goes through a certain cycle and change requiring some days for stabilization. Even as those were taken into the Ark at the time of the flood, so shall many be taken into celestial ships. The divine intervention shall take place when the children of darkness move against the children of Light.

The struggle for the habitation of the Earth has been going on and it is shown in your Holy Writing who shall be the victor. The Earth is being preserved and there shall be divine intervention of celestial ones coming as man in his free will asks for help from Divine Source. Read in your Holy Writings and you shall see the promises given to the Earth. It shall be preserved and many of you shall see this taking place. That given to you beforehand is to give you courage and hope, to know that in the divine plan all are cared for. All will have the truth revealed to them if they seek and desire it.

And so, as the ships come into the atmosphere of the Earth, be not afraid but know that the promise of the host coming in the clouds and the signs in the skies at the end of the age, is the mercy of your Creator to help you preserve your Earth until you have fulfilled your mission, until you have lived this Golden Age and all has been demonstrated unto the Earth - the way of life upon the Earth as it is under the human will, and the way life can be on Earth when it is under Divine Will. Then shall the choice be given again at the end of the thousand years.

You shall see and hear of many more ships coming in your skies in the coming year. Man had to be brought into familiarity with such so that he may learn not to see the reflection of his own fear as he looks at others coming in love and assistance. Man has been the victim of warring and of fearing until he has no trust left in his neighbour or his guardians or in himself. He must establish a trust in a diven host coming to help, to intervene and to sustain. All will be well. The Earth is going through a time of travail to give birth to a new Earth. Then shall there be peace on Earth. So look forward to many changes that shall bring about that for which you have prayed.

Let the spirit take dominion within you. Let the soul of you step forth and manifest. That is the Light of the World. You shall be those who choose the moment for the kingdom to be brought in because groups and individuals such as you over the Earth are

those who shall become aware and step forth in the spirit that they are, that **you** are. Then shall the Kingdom be established upon Earth. It could not be told when this would happen for it lies in the choice and the free will of man as to the time that he would realize and step forth in new life.

Have hope and good cheer for you shall be given assistance. There shall be peace on Earth. **But love within the hearts of men** will be the weapon and not the missiles of your air. Let love grow in the hearts of the young for as they mature they shall be ruling the world and they shall know that strength and power and might will not come from manmade weapons but from within the heart and soul of each one. Let peace and hope and love that shall rule the world begin within you.

Peace be with you. The youth of today will lift the world through the expanded consciousness and love and soul understanding as they open to the spirit within. Fear not but trust and go forth to serve your God for the responsibility of the world lies within your hearts. You are the hands and feet and expression of God the Creator in the physical world. Let Him work through you. He creates, recreates, manifests in all dimensions through his Creation. You are a creation. Let it be done through you for His glory. Let love and peace be within your hearts and purposes be for your God and not for selfish gain. Be not idle but be busy about your Father's business and He shall do all things through you, even as through the Master. For he said, "All that I do, you can do also". You were living at that time and were hearing his words.

Believe. Let it be manifested through you. Many upon Earth will be with you in the oneness of Spirit as the Kingdom comes into manifestation and you again live in the paradise state. Blessings be upon you for you are now the hope of the world.

Send forth love, energy and compassion. Direct it to a point of need whether it be the restoring of the body or mind, or to bring peace to the souls of those in distress. Visualise and direct mentally the power. Send it forth to a point of focus. Give out that you may receive more. Be an open channel and send forth power for the healing of the Nations.

## THE IMPERSONAL WAY.

## G O D   S P E A K S

The average individual, yea even the average professing Christian, acts and lives as though God were non-existent because we tend to allow the carnal things of life to distract us. When God placed man on this and other planets He did what every car manufacturer does, gave us a Book of Instructions. Knowing the perversity of human nature, although unknown to the average individual, He speaks in different channels.

Most people think the Bible is the only method—but such is not the case. The Great Pyramid of Ghizeh, the Bible in Stone in the Land of Egypt, Davidson discovered speaks to mankind. Davidson, by the way, discovered that the Great Pyramid had a message which is identical with the message of the Scriptures. He was a non-believer when he began his studies—the Bible meant nothing to him—but he became an ardent Christian after studying the marvels of the Great Pyramid.

I had a similar experience. Brought up in the Church of England I learned to despise them and the language they used. Around 1906-7 I had to go back and retrieve the Bible I had despised because it brought to mind my Sunday School days when I learned the Bible. Here was the great science of astrology telling me exactly what I heard in my Sunday School days, and yet we find preachers condemning astrology. If they really studied the science—and it is a science—they would never do that. So you see we have three methods in which God speaks to us; Astrology, the Bible and the Pyramid.

At the back of all that God speaks to man through inspiration. Where do you think all the wonderful inventions come from! They come from God's storehouse. Let's go back further. How was the Bible written? How did we get it? God spoke to His prophets who were sensitive enough to hear His voice. Matter-of-fact, they were mediums of a high degree. Can you read the Book of Daniel and not get that message? In fact, the authors of all the prophetic books of the Bible received in just that way, so God did not leave us to fish for ourselves when He placed us on this planet.

Why the different methods? He also knew that the carnal-minded would tend to distort and disfigure His landmarks. Look at organized Christianity today. Distortion has crept in through man-made theories until they do not resemble the teachings of Christ at all. The churches today largely teach a social message, not a spiritual one. Elsewhere in this book you will see the message of Dr. Lovell, showing some of the laws that we must observe that were Divinely Ordained. And yet in spite of all this forethought by the Creator, we willfully go on our own way and discard the guide Book left by the Creator.

I can truthfully say that Astrology has largely made me what I am—which I later combined with the Bible. But taking the two together you have a check and balance method. If you listen to

the average preacher today, you would never really know your Bible. Matter-of-fact, if you listen to some astrologers, you would never know astrology. Look at the wild predictions by the Indian astrologers—they bear no resemblance to reality.

I have great respect for Herbert W. Armstrong and his wonderful teachings, and yet I was shocked to read of his wholesale condemnation of astrology, based entirely upon ignorance. He has never studied the subject so how can he condemn a thing he has not investigated. You would be surprised how much chaff you throw out when you begin to use astrology in your daily life. Supposing you have a proposition made to you. If you have an astrological ephemeris and note the time the proposition was made to you, you can tell whether the proposition is good or bad in a second. That is the way I check astrology and still do.

Some years ago an astrologer came to me with a proposition. When he had unfolded his proposition, I grabbed my ephemeris and said: "No." He said: "Why do you turn me down after looking up your ephemeris?" I said: "If you were an astrologer, you would know the answer," for the influence upon which he came was the Moon in opposition to Uranus—that spelled trouble. This man had never really studied astrology, therefore, he could not apply it to his life and everyday affairs.

A few days ago we had something come up and my wife was very apprehensive about it. I said: "It is all right, honey, the Moon is in good aspect to Saturn; it is stable and dependable." Outwardly it looked just the reverse, but it worked out exactly as astrology said it would.

Some years ago I called on a friend and I found the lady weeping bitterly. I asked what the trouble was. She said: "My baby is dying." Before answering her I pulled out my ephemeris and looked up the influence for that time of day. I saw no indication of a death, quite the reverse. It indicated a rapid recovery. The Moon was in Cancer, applying to a good aspect to Jupiter. I assured her the baby would not die although it looked like it on the surface. I said: "I shall be back in two days and the baby will be playing on the lawn." I went back in two days and it was as I said it would be. How can we doubt that "The heavens declare the glory of God and the firmament showeth his handiwork?"

With four planets in Taurus I am a very practical man and I want things right down to earth—and astrology gives it to you in just that way. I have yet to meet the man or woman who made a serious study of astrology that did not become a staunch believer. My good friend, Dr. Shelton, tells me he studied it. I challenge him to prove that he ever made a serious study because the laws of God are so plainly marked there. I feel I owe an awful lot to astrology and the Bible. The two go together.

My busy life has not given me time for a serious study of the Pyramid, but I have studied it enough to know that it combines the

other two methods. I am very keenly intuitive so I am able to tune in on the other methods of inspiration. Astrology tends to cultivate the intuitive faculties. What are the intuitive faculties? Intuition is the Voice of God within you. The Good Book says: "The Kingdom of God is within you" and I have learned from experience it is so.

There are many books on the Pyramid and most of them are over the head of the average individual. My good friend, Mr. Howard Rand, has recently sent me a copy of the latest book on the Great Pyramid entitled TESTIMONY IN STONE by Bernard Nicklin. If you read the astrological section in this book, you will see Mr. Rand uses all three, or perhaps I should say all four methods to read God's message of guidance. By the way, the Pyramid book is \$3.00.

I have lived to see many preachers embrace the science of astrology in their work. In the past I have had bitter opposition from them, but I have convinced many of them that God speaks to mankind through the stars and planets. Talk to a gardener who has been using the Moon Sign Book for any length of time, and he will tell you it pays to plant at the proper time. As the Good Book says: "There is a time to sow and a time to reap," etc. Astrology is a valuable guide and goes hand in hand with the teachings of the Bible. Will you please tell me what prompts the ebb and flow of the ocean tides? It is the different phases of the Moon. Now if the Moon controls the ebb and flow of the tides, what about the major planets? Oh, yes, my friend, "The heavens do declare the glory of God and the firmament showeth his handiwork."

Begin a study of this wonderful science. Cast aside your prejudice. I have had ministers tell me that since they studied astrology they were better ministers. It can't be otherwise. You know the time that a person takes sick and then look up the influence, and you will see the outcome of it, even used to draw up a chart. If the Moon is applying to a good aspect of Jupiter, especially in a fruitful sign and the first quarter of the Moon, it means a speedy recovery regardless of what it looks like on the surface. Therefore, every doctor should study this science and he will be more accurate in his diagnosis.

I have spent several years in social work and nursing in large hospitals, and I used astrology with remarkable results. I do not believe you can help sick people with drugs so my people never got any medicine, at least not from me. I believe in the hygienic way of living. In that respect I respect the teachings of Dr. Shelton, but I have long since learned that practically all great men have a blind spot, and I consider Armstrong and Shelton great men, but they have their blind spots.

To sum it up, God doesn't throw us out to shift for ourselves. He gave us a guide Book, in fact, several as described above. Use the tools that the Good Lord has graciously provided us because God is a God of Love and He is deeply concerned about our welfare on this planet. He, Himself, said we are potential Gods.

Jesus of Nazareth was the first fruit—He was the first to graduate. He said: "What I have done you can do, yes, even greater things than this." I have lived long enough to prove His statements. Not that I know it all—I do not. Two thousand years ago He sowed the seeds and now He is coming back to harvest His crop. His crops is humanity, or rather that segment that has surrendered to Him.

When you and I learn to say: "Thy Will, oh Lord, be done" then we begin to live and we are on our way. "In Him we live and move and have our being." That is God and He has planted His name in our inward parts. That spark of life is of God, a part of Him and you can't live without it. When I see a man or woman who has rejected God I say: "How foolish!" He or she can't live for one moment without God.

So the purpose of this book is to study the various methods that God has given us for guideposts. The disturbance in the world today is caused by Man's actions and humanity as a whole is reaping the results of their wrong-doing, individually and nationally. The more backward races will be practically wiped out before the books are clean, "for as in the days of Noah, so shall it be in these last days." God does not cause these things that you read about in your papers every day. It is the effect of the causes set in motion by mankind.

It is my sincere prayer that this little book will open your eyes to the larger way of life. We are about to enter a marvelous new world. Even our planet as a whole is moving into a new world with a higher vibration. In that new world sickness and sorrow will cease to be and as the Good Book says: "The last enemy to be overcome is death." We shall have an indestructible physical body. The laws of health are in your Bible, better than any written by man because we shall then begin to eat and drink to the glory of God and not satisfy our carnal desires.

After you have read this book, I would like you to write me, giving me your impression of the book.

Thank you,

William Kullgren
